Senate OKs Controls Bill

Measure Would Give Truman Wage-Price-Ration Authority

Legislation, Passed 85-3, Provides Only Blanket Wage And Price Curbs

WASHINGTON, Aug. 21 (AP) — The Senate tonight passed a home front mobilization bill which would give President Truman power to invoke wage-price-rationing controls and other anti-inflation curbs at any time. The vote was 85 to 3.

Overriding administration opposition, the Senate wrote into the emergency measure a provision directing Mr. Truman to put wage and price controls into effect simultaneously and virtually across the board if he invoked them at all.

The President, however, would have a free hand to order rationing of consumer goods without regard to wage and price curbs.

Mr. Truman did not ask Congress for authority to invoke wage-price controls and rationing. But he said he would welcome the standby authority so long as there were no restrictions on use of it.

Bill Goes To Conference

The Senate directive tying wage and price controls together and stripping the bill of authority to impose the curbs on a selective basis is clearly not the sort of provision the President hoped to get.

Mr. Truman has said he sees no need for wage-price curbs or rationing at this time.

The Senate swamped, 75 to 6, a proposal by Sen. Capehart (R-Ind) to yank out of the bill all authority for wage and price controls.

The bill now goes to a Senate-House conference for ironing out of differences between the Senate measure and the bill passed earlier by the House.

The House bill would give Mr. Truman almost full discretion to invoke wage-price controls and rationing at any time. He could impose them across the board or on a selective basis.

Like the House measure, the Senate bill also would authorize the President to control consumer credit as it was during World War II, and to regulate real estate credit on new construction and major remodeling.

No Speculation Controls

Neither bill, however, contains the authority which Mr. Truman sought to control commodity speculation.

As close as the Senate came to meeting that request was to approve an amendment calling for voluntary policing of speculative trading, by the commodity exchanges.

The Senate bill, like the House measure, also authorizes allocation of scarce industrial materials and assignment of priorities to put defense production jobs ahead of everything else.

Both bills also contain an anti-hoarding provision prohibiting accumulation of excessive supplies of goods designated as scarce by the President. Violators could be fined $10,000 and be jailed for a year.

Another provision in both bills would set up a $2,000,000,000 federal loan and loan guarantee program to spur defense production. The government also would be authorized to take over privately owned plants and other facilities if necessary.

Senate Leaders Agree On Stiff Work Schedule

Anti-Red Measures Get Priority Rating

WASHINGTON, Aug. 21. (AP)—Senate administration leaders today set up a stiff work schedule for major legislation and pledged action this week or next on curb-the-communist measures.

Majority Leader Lucas (D-Ill) told newsmen he still hoped Congress could recess on a standby basis—for three days at a time—"pretty close" to Labor Day, Monday, Sept. 4.

Lucas said a caucus of Democratic senators agreed to early action on various communist-control bills.

House Action Urged

On the other side of Capitol Hill, the House Un-American Activities Committee called for House action—possibly Thursday — on stringent anti-communist legislation.

The proposed House measure would wrap up in a single package the major provisions of the controversial Mundt-Nixon-Ferguson bill and a measure by Chairman Wood (D-Ga) making it unlawful for communists or members of red "front" organizations to hold government jobs or work on defense projects.

Under a Senate timetable worked out by administration chiefs, the anti-communist measures would be taken up as No. 5 priority.

Program Outlined

Lucas outlined the Senate program as follows:

1. Pass the home-front economic controls bill today.

2. On Tuesday, take up a $500,000,000 federal highway aid bill covering authorizations for two years ending June 30, 1953.

3. Next, take up a bill granting monthly family support payments to enlisted men in the armed services.

4. Then take up a $5,000,000,000 "first installment" tax bill to help fight inflation and pay for the Korean war. It was indicated this may be ready for Senate action Thursday.

TWUA Ends Months-Long Enka Strike

Will Push Charges Of Unfair Practices

MORRISTOWN, Tenn., Aug. 21. (AP)—The Textile Workers Union of America has called off its months-long, violence-studded strike at the American Enka Corporation rayon plant. But it plans to push charges of unfair labor practices against the company.

Official termination of the strike was reported at Nashville today by H. S. Williams, state director of TWUA.

Williams declared, however, that the union will "vigorously push" unfair labor practices charges against the company before the National Labor Relations Board and will defend its members against charges filed in connection with strife during the bloody strike.

Many Strikers Returned

The union charges and company counter-charges of unfair labor practices are pending before the NLRB. Each charges the other with failure to bargain in good faith and with coercion.

A company spokesman said today the work force now totals more than 700, the number of hourly paid employes who walked out when the strike began last March 28. He estimated that half of the original strikers returned to their jobs before the walkout was officially called off.

National Guard Called

Violence flared at the Enka plant in May when the company resumed operations despite the union walkout. Clashes between strikers and non-strikers resulted in state highway patrolmen and National Guardsmen being sent here to preserve order.

After the guardsmen and most of the patrolmen had been removed, there was new violence. Four persons were wounded during an exchange of gunfire during an early-morning shift change. Scores of arrests followed.

New Peace Talks Held As Rail Unions Begin "Token" Strikes

WASHINGTON, Aug. 21 (AP) — President Truman called for new peace talks at the White House today as two railroad unions began five-day "token" strikes on short lines and terminals serving steel and other critical industries.

Mr. Truman directed Presidential Assistant John R. Steelman to make another try at settling the wage-hour dispute of the Brotherhood of Railroad Trainmen and Order of Railway Conductors. Negotiators trooped in separate groups back to the White House when weekend talks had failed.

After the long, separate afternoon sessions had failed to bring an agreement, Steelman summoned the negotiators back to the White House for night talks.

No Progress Reported

During the recess for dinner, railroad spokesman had "no comment."

Union representatives told reporters the first session "was a repetition of what has taken place time and again. There was no change, there was no request by Steelman for us to call off the strikes, and no suggestion of government seizure of the railroads."

"There was nothing new, in other words," a union official added.

Eben Ayers, assistant White House press secretary, said, too, that there had been no progress.

The two unions want the work week reduced from 48 to 40 hours for those in yard service, at no decrease in pay, and wage boosts for those in train service.

More Strikes On Tap

The unions singled out key terminals in Louisville and St. Paul, and the Republic Steel Corp.'s own switching terminal at Cleveland for the first display of pressure. About 1,000 men walked out this morning for five days. Union officials said this would make idle about 30,000 workers, including steel workers. Republic, warned in advance, banked its furnaces and curtailed steel making operations.

Tomorrow at 6 a. m., both unions will strike U. S. Steel Corp.'s railroad, the Elgin, Joliet and Eastern, Chicago, along with the Pittsburgh and Lake Erie Railroad, Pittsburgh, for five days. The unions say that will make an additional 50,000 workers idle, tying up large steel, coal, and iron ore movements into the big industrial centers.

Atlantic Spawns New Hurricane

MIAMI, Fla., Aug. 21. (AP)—Tropical hurricane No. 2 made its unwelcome appearance today in the Atlantic as hurricane No. 1, some 3,000 miles to the north, blew its dying gasps at Nova Scotia.

Hurricane warnings fluttered over the Leeward and Virgin Islands and Puerto Rico was placed on the alert as the new storm—packing 100 mile an hour winds—moved west northwestward at about eight to 10 miles per hour.

The small but rapidly developing storm—spawned in the same general area as hurricane No. 1—was discovered last night by the steamship Maurienne only 140 miles east of Antigua Island.

3 States To Hold Primaries Today

[By The Associated Press]

Voters in New York, Mississippi and Wyoming primaries name their candidates today for 53 House seats—45 of them in New York.

Wyoming also will pick nominees for governor while Delaware Democrats hold a convention to choose an opponent for Republican Rep. J. Caleb Boggs.

New York waits until party conventions Sept. 6 and 7 to select candidates for governor and Senate. The possibilities there haven't entirely jelled, although Sen. Lehman (D-Lib NY) is considered a sure shot entry in the contest for the Democratic senatorial nomination.

And Lt. Gov. Joseph R. Hanley appears a likely choice for the Republican nominee for governor if Gov. Thomas E. Dewey stands by his decision against trying for a third term. Some Republicans, though, still are crooking a finger at Dewey.

Pope Warns Catholics Against Concessions

VATICAN CITY, Aug. 21 (AP)—Pope Pius XII warned today that Roman Catholics must make no reservations or revisions in the basic doctrine of their faith, even in zealous efforts to bring about a united christendom. Any such concessions from the letter of the law of the church, the Pope declared in an encyclical, might play in to the hands of world communism.

The 5,000-word encyclical letter was issued at a moment when the dogma of the church are a subject of renewed controversy. In it the Pontiff reaffirmed the basic church teaching and rejected various modern scientific and philosophical theories which he considered prejudicial to them.

Three Adults Drown In Saving Small Girl

MANTEO, N. C., Aug. 21. (AP)—Three adults drowned off Kill Devil Hill Beach today in saving a small girl from heavy seas.

The Coast Guard identified the dead as Mr. and Mrs. Ray S. Frye, Staunton, Va., both about 35, and Reginald Ferrell, Asheville, N. C., a man in his twenties.

Chief Boatswain's Mate T. J. Harris of the Kill Devil Hill Coast Guard Station said Mrs. Frye went to the rescue of an eight-year-old daughter who became caught in an undertow. The current caught her, and Frye went to the assistance of both, followed by Ferrell. Frye grabbed the child and carried her to safety, then returned to aid his wife and Ferrell. All three drowned.

Czechs, Red China Blame U. S. For War

Council Again Fails To Break Deadlock

LAKE SUCCESS, Aug. 21 (AP) — Czechoslovakia and Red China today joined in Russia's campaign to blame the United States both for the war in Korea and for the procedural stalemate in the United Nations.

Anti-American blasts by these two governments were received here as the Security Council once again failed in a closed-door session to break the deadlock over Korean representation in U. N. debate.

Demand Voice In Talks

Chou En-Lai, foreign minister of the red Peiping regime, demanded in a cable to Russia's Jakob A. Malik, August president of the council, that Red China and Red North Korea be given seats in the current talks.

Chou also injected the Formosan question into the council by charging the United States "invaded the territory of the People's Republic of China, Taiwan (Formosa), with her Seventh Fleet, attempting thereby to enlarge the war and attain her goal of subjugating Asia." Formosa is the last major stronghold of the Chinese Nationalists.

Russian Charges Repeated

Czechoslovakia's foreign minister, Viliam Siroky, also called for the seating of a North Korean representative.

A similar demand was received late last week from the Polish government. All three of these messages repeated Russia's charges of "inhuman and barbarous" bombing of Korean civilians by the United States and called for U. N. action to stop such bombings.

Malik is expected to read all these communications at the opening of tomorrow's (2 p. m. EST) council meeting, as part of his propaganda campaign.

Americans In Reds' Capital Travel In Pairs For Safety

NEW YORK, Aug. 21 (AP) — Flier Jacqueline Cochran, returning from a trip to Moscow, said today the United States Embassy there required Americans to travel in pairs or foursomes as a safety measure.

Members of some other embassies in Moscow have "disappeared," she told reporters as she disembarked from the Cunard liner Queen Elizabeth. The trip to Moscow was part of a pleasure tour through various countries.

The flier, wife of Floyd Odlum, manufacturer, said she found Russia "permeated by fear."

She said, however, that as a guest of U. S. Ambassador Alan G. Kirk, she was permitted to travel to the grave of Leo Tolstoy, Russian writer, 180 miles from Moscow.

Visitors ordinarily cannot go more than 25 miles from Moscow without special permission, she said.

Describing shopping in Moscow, she said a restaurant charged her $20 for a meal that would cost about $2.50 in the United States. An ice cream cone cost the equivalent of about 75 cents in American money, she said.

North Koreans, Despite Heavy Losses, Regroup For Big Push

New Thrusts Increase Communist Casualty Toll Of 15,000 In 4 Days

TOKYO, Tuesday, Aug. 22 (AP)—North Korean reds attacked again today at both ends of Korea's western front, but failed to crack United Nations defenses.

The communists pulled back after sharp fighting with American infantry, U. S. Eighth Army headquarters reported. They left behind more dead to add to a casualty toll already estimated at more than 15,000 reds in four days.

Tanks led a battalion of reds at 4:30 a. m. (1:30 p. m. Monday E. S. T.) in an attack on the U. S. 27th Regiment protecting the roads from the north to Taegu, a communique reported.

Several red tanks were knocked out by this crack American regiment which smashed a similar assault on its right flank Monday morning with the aid of a spectacular phosphorous-lighted air and artillery barrage.

On the southern front where the next big communist offensive is expected to develop, the 35th Regiment of the U. S. 25th Division beat back another morning attack in a four-hour battle without loss of ground, the communique said.

Americans Counterattack

Americans launched two counter-attacks around the Haman communications center in the southwest, Associated Press Correspondent Stan Swinton reported.

He said a fierce fight was being fought this morning for mountains near Sobuk which the U. S. Fifth Regimental Combat Team was trying to retake.

A new battle was under way for bloody battle mountain which was changed hands four times in three days. The U. S. 24th Regiment was trying to take it back.

Other sectors held by American troops were reported quiet during the night and early morning.

Heavy U. S. guns shelled communist positions in the Waegwan area where the reds were believed regrouping northwest of Taegu. There was no answering fire.

In the far south, near the scene of today's clash on the Masan front, American pilots have reported a "terrific build up" of Reds at Pusan on the southeastern tip of Korea.

Reds Hoarding Tanks

The Reds have made a minor penetration on this southwest front but today's attack failed to improve it. The assault was preceded by a heavy mortar barrage.

At the front's opposite extreme on the northeast coast, the Reds were steadily losing ground before United Nations forces. The communique noted, however, that progress against the reds was slow.

North Korean attempts to find a soft spot and crash through Allied lines have taken such a heavy toll in men and equipment, that U. S. intelligence officers noted the reds were economizing in the use of tanks. But they were spending men with the same recklessness as before.

The reds, who invaded South Korea June 25, were striving desperately to carry out the public orders of North Korean Premier Kim Il Sung to conquer the Americans and South Koreans by Aug. 31. But their punch had lost much of its steam.

Some Americans cautiously speculated that the forthcoming drive might be their last major effort.

Lane Charges Rivals With "Mud-Slinging"

BALTIMORE, Aug. 21. (AP)—Gov. Lane today laid "plain old fashioned mud-slinging," "phoney promises" and "wishful thinking" at the door of his primary opponents.

His statement complained that "not one of the men opposing me for the Democratic nomination for governor has seen fit to discuss the real issues at stake.

"Instead, there have been futile and misleading statements concerning the fiscal policy of our state."

Earlier, the executive said George P. Mahoney—his chief rival in the primary race—is "like a stubborn child" when it comes to learning about state finances.

Country's Food Picture Bright, Brannan Says

Civilian Consumers Need Not Cut Down

CARLISLE, Ind., Aug. 21 (AP) — Secretary of Agriculture Brannan said today that farmers are in "fine shape" to provide plenty of food for soldiers and civilians.

"Even allowing for increases in military food requirements," he said, "we expect to have enough food so that civilians can continue consuming as much as in the last two years."

In a speech prepared for the Sullivan County Fair, Brannan also:

Said there are grounds for hope that economic controls for agriculture can be postponed for a considerable time or perhaps avoided entirely — "unless the emergency becomes much worse."

Plug For Farm Plan

Put in another plug for the Brannan farm program, although he said he didn't want to "use the present situation or wave the flag" as an argument for his position.

The Secretary said farmers are ready to assure the nation they will produce enough food and fiber, whatever the demands may be.

"Right now we are in very fine shape," he said. "Our food production resources are far and away the greatest in the world. American farmers have the know-how that it takes. And they have been plowing back into their business the gains of relative prosperity, making farming more efficient than ever before.

Big Reserves Of Grain

"Another year of very large farm output is in prospect."

There are big reserves of wheat and other grains, Brannan said, and we have lots of cotton and other fibers.

Big as production now is, he said, "we can boost it a good deal higher if we should have to."

Farmers themselves, the Secretary said, can help put off controls for agriculture "by simply following their natural desires to produce efficiently and abundantly."

Radio Blackout Cuts War News

[By The Associated Press]

A natural blackout of transpacific radio communications sharply reduced Korean war news Monday for the third successive day.

Intermittent dispatches from Tokyo trickled through periodic cracks in the curtain which radio men call "atmospherics," but they often were fragmentary.

The current blackout is one of the longest of recent times. Such conditions are not uncommon but usually ease in a few hours.

In addition, the Eighth Army in Korea removed correspondents' forward telephone and teletype facilities Saturday, and there was no prospect when others would become available.

Correspondents were restricted to about 60 words apiece daily on a catch-as-catch-can basis over Army lines.

The Army announced in Tokyo it had advised correspondents to file all stories from Pusan, rear base, rather than from the forward position of Taegu. It said they would be given adequate facilities at Pusan, but one brief call from Korea to Tokyo said the Pusan telephone was unavailable for news stories between 8 a. m. and 6 p. m. (5 p. m. and 3 a. m., EST).

24 Swimmers, Including Six Women, Start Channel Race

CAP GRIS NEZ, France, Tuesday, Aug. 22 (AP)—Twenty-four swimmers—six of them women—plunged into the water here today in a race across the English Channel.

They are competing for cash prizes offered by the London Daily Mail. The first man and the first women to land on England's white cliff coastline will collect £1,000 ($2,800) each. Every other finisher will win £250 ($700).

The unique race began at 1:35 a. m. (8:35 p. m. EST Monday). The start, signalled by a flare shot from a pistol, was given by Emile Ranson, veteran French timer of channel crossings.

The only American participating is David Frank, 27, New York City. While waiting for the start he walked about an enclosure with the other contestants and casually smoked a pipe. He said he was ready for the test.

Dr. George Basil Brewster, 58-year-old Briton, said this would be his last try. He is reported to have made 14 previous unsuccessful attempts. Roger Le Morvan, 26, of France, whiled away his time waiting for the start by shaving.

Three Egyptians are competing.

Family Dinner Marks Princess' Birthday

BALMORAL, Scotland, Aug. 21 (AP)—King George VI presided over an intimate family birthday dinner tonight for his youngest daughter, Princess Margaret, who today stepped out of her teens.

By reaching 20 without becoming engaged or married Margaret cracked a romantic legend. It upset the story dating back to antiquity that any girl born in Glamis Castle will marry before she is 20.

No Progress Reported

During the recess for dinner, railroad spokesman had "no comment."

Union representatives told reporters the first session "was a repetition of what has taken place time and again. There was no change, there was no request by Steelman for us to call off the strikes, and no suggestion of government seizure of the railroads."

"There was nothing new, in other words," a union official added.

Eben Ayers, assistant White House press secretary, said, too, that there had been no progress.

The two unions want the work week reduced from 48 to 40 hours for those in yard service, at no decrease in pay, and wage boosts for those in train service.

More Strikes On Tap

The unions singled out key terminals in Louisville and St. Paul, and the Republic Steel Corp.'s own switching terminal at Cleveland for the first display of pressure. About 1,000 men walked out this morning for five days. Union officials said this would make idle about 30,000 workers, including steel workers. Republic, warned in advance, banked its furnaces and curtailed steel making operations.

Tomorrow at 6 a. m., both unions will strike U. S. Steel Corp.'s railroad, the Elgin, Joliet and Eastern, Chicago, along with the Pittsburgh and Lake Erie Railroad, Pittsburgh, for five days. The unions say that will make an additional 50,000 workers idle, tying up large steel, coal, and iron ore movements into the big industrial centers.

Atlantic Spawns New Hurricane

MIAMI, Fla., Aug. 21. (AP)—Tropical hurricane No. 2 made its unwelcome appearance today in the Atlantic as hurricane No. 1, some 3,000 miles to the north, blew its dying gasps at Nova Scotia.

Hurricane warnings fluttered over the Leeward and Virgin Islands and Puerto Rico was placed on the alert as the new storm—packing 100 mile an hour winds—moved west northwestward at about eight to 10 miles per hour.

The small but rapidly developing storm—spawned in the same general area as hurricane No. 1—was discovered last night by the steamship Maurienne only 140 miles east of Antigua Island.

3 States To Hold Primaries Today

[By The Associated Press]

Voters in New York, Mississippi and Wyoming primaries name their candidates today for 53 House seats —45 of them in New York.

Wyoming also will pick nominees for governor while Delaware Democrats hold a convention to choose an opponent for Republican Rep. J. Caleb Boggs.

New York waits until party conventions Sept. 6 and 7 to select candidates for governor and Senate. The possibilities there haven't entirely jelled, although Sen. Lehman (D-Lib NY) is considered a sure shot entry in the contest for the Democratic senatorial nomination.

And Lt. Gov. Joseph R. Hanley appears a likely choice for the Republican nominee for governor if Gov. Thomas E. Dewey stands by his decision against trying for a third term. Some Republicans, though, still are crooking a finger at Dewey.

Pope Warns Catholics Against Concessions

VATICAN CITY, Aug. 21 (AP)—Pope Pius XII warned today that Roman Catholics must make no reservations or revisions in the basic doctrine of their faith, even in zealous efforts to bring about a united christendom. Any such concessions from the letter of the law of the church, the Pope declared in an encyclical, might play in to the hands of world communism.

The 5,000-word encyclical letter was issued at a moment when the dogma of the church are a subject of renewed controversy. In it the Pontiff reaffirmed the basic church teaching and rejected various modern scientific and philosophical theories which he considered prejudicial to them.

Three Adults Drown In Saving Small Girl

MANTEO, N. C., Aug. 21. (AP)—Three adults drowned off Kill Devil Hill Beach today in saving a small girl from heavy seas.

The Coast Guard identified the dead as Mr. and Mrs. Ray S. Frye, Staunton, Va., both about 35, and Reginald Ferrell, Asheville, N. C., a man in his twenties.

Chief Boatswain's Mate T. J. Harris of the Kill Devil Hill Coast Guard Station said Mrs. Frye went to the rescue of an eight-year-old daughter who became caught in an undertow. The current caught her, and Frye went to the assistance of both, followed by Ferrell. Frye grabbed the child and carried her to safety, then returned to aid his wife and Ferrell. All three drowned.

Czechs, Red China Blame U. S. For War

Council Again Fails To Break Deadlock

LAKE SUCCESS, Aug. 21 (AP) — Czechoslovakia and Red China today joined in Russia's campaign to blame the United States both for the war in Korea and for the procedural stalemate in the United Nations.

Anti-American blasts by these two governments were received here as the Security Council once again failed in a closed-door session to break the deadlock over Korean representation in U. N. debate.

Demand Voice In Talks

Chou En-Lai, foreign minister of the red Peiping regime, demanded in a cable to Russia's Jakob A. Malik, August president of the council, that Red China and Red North Korea be given seats in the current talks.

Chou also injected the Formosan question into the council by charging the United States "invaded the territory of the People's Republic of China, Taiwan (Formosa), with her Seventh Fleet, attempting thereby to enlarge the war and attain her goal of subjugating Asia." Formosa is the last major stronghold of the Chinese Nationalists.

Russian Charges Repeated

Czechoslovakia's foreign minister, Viliam Siroky, also called for the seating of a North Korean representative.

A similar demand was received late last week from the Polish government. All three of these messages repeated Russia's charges of "inhuman and barbarous" bombing of Korean civilians by the United States and called for U. N. action to stop such bombings.

Malik is expected to read all these communications at the opening of tomorrow's (2 p. m. EST) council meeting, as part of his propaganda campaign.

15 Red Divisions

WASHINGTON, Aug. 21 (AP)—The North Korean army has 15 divisions in the field, defense spokesmen said today.

Americans In Reds' Capital Travel In Pairs For Safety

NEW YORK, Aug. 21 (AP) — Flier Jacqueline Cochran, returning from a trip to Moscow, said today the United States Embassy there required Americans to travel in pairs or foursomes as a safety measure.

Members of some other embassies in Moscow have "disappeared," she told reporters as she disembarked from the Cunard liner Queen Elizabeth. The trip to Moscow was part of a pleasure tour through various countries.

The flier, wife of Floyd Odlum, manufacturer, said she found Russia "permeated by fear."

She said, however, that as a guest of U. S. Ambassador Alan G. Kirk, she was permitted to travel to the grave of Leo Tolstoy, Russian writer, 180 miles from Moscow.

Visitors ordinarily cannot go more than 25 miles from Moscow without special permission, she said.

Describing shopping in Moscow, she said a restaurant charged her $20 for a meal that would cost about $2.50 in the United States. An ice cream cone cost the equivalent of about 75 cents in American money, she said.

Olds Is Weaker

LANSING, Mich., Aug. 21 (AP)—R. E. Olds, one of the last pioneers of the auto industry, was reported "weaker but still fighting for his life" tonight. He is 86.

North Koreans, Despite Heavy Losses, Regroup For Big Push

New Thrusts Increase Communist Casualty Toll Of 15,000 In 4 Days

TOKYO, Tuesday, Aug. 22 (AP)—North Korean reds attacked again today at both ends of Korea's western front, but failed to crack United Nations defenses.

The communists pulled back after sharp fighting with American infantry, U. S. Eighth Army headquarters reported. They left behind more dead to add to a casualty toll already estimated at more than 15,000 reds in four days.

Tanks led a battalion of reds at 4:30 a. m. (1:30 p. m. Monday E. S. T.) in an attack on the U. S. 27th Regiment protecting the roads from the north to Taegu, a communique reported.

Several red tanks were knocked out by this crack American regiment which smashed a similar assault on its right flank Monday morning with the aid of a spectacular phosphorous-lighted air and artillery barrage.

On the southern front where the next big communist offensive is expected to develop, the 35th Regiment of the U. S. 25th Division beat back another morning attack in a four-hour battle without loss of ground, the communique said.

Americans Counterattack

Americans launched two counter-attacks around the Haman communications center in the southwest, Associated Press Correspondent Stan Swinton reported.

He said a fierce fight was being fought this morning for mountains near Sobuk which the U. S. Fifth Regimental Combat Team was trying to retake.

A new battle was under way for bloody battle mountain which was changed hands four times in three days. The U. S. 24th Regiment was trying to take it back.

Other sectors held by American troops were reported quiet during the night and early morning.

Heavy U. S. guns shelled communist positions in the Waegwan area where the reds were believed regrouping northwest of Taegu. There was no answering fire.

In the far south, near the scene of today's clash on the Masan front, American pilots have reported a "terrific build up" of Reds at Pusan on the southeastern tip of Korea.

Reds Hoarding Tanks

The Reds have made a minor penetration on this southwest front but today's attack failed to improve it. The assault was preceded by a heavy mortar barrage.

At the front's opposite extreme on the northeast coast, the Reds were steadily losing ground before United Nations forces. The communique noted, however, that progress against the reds was slow.

North Korean attempts to find a soft spot and crash through Allied lines have taken such a heavy toll in men and equipment, that U. S. intelligence officers noted the reds were economizing in the use of tanks. But they were spending men with the same recklessness as before.

The reds, who invaded South Korea June 25, were striving desperately to carry out the public orders of North Korean Premier Kim Il Sung to conquer the Americans and South Koreans by Aug. 31. But their punch had lost much of its steam.

Some Americans cautiously speculated that the forthcoming drive might be their last major effort.

Lane Charges Rivals With "Mud-Slinging"

BALTIMORE, Aug. 21. (AP)—Gov. Lane today laid "plain old fashioned mud-slinging," "phoney promises" and "wishful thinking" at the door of his primary opponents.

His statement complained that "not one of the men opposing me for the Democratic nomination for governor has seen fit to discuss the real issues at stake.

"Instead, there have been futile and misleading statements concerning the fiscal policy of our state."

Earlier, the executive said George P. Mahoney—his chief rival in the primary race—is "like a stubborn child" when it comes to learning about state finances.

Country's Food Picture Bright, Brannan Says

Civilian Consumers Need Not Cut Down

CARLISLE, Ind., Aug. 21 (AP) — Secretary of Agriculture Brannan said today that farmers are in "fine shape" to provide plenty of food for soldiers and civilians.

"Even allowing for increases in military food requirements," he said, "we expect to have enough food so that civilians can continue consuming as much as in the last two years."

In a speech prepared for the Sullivan County Fair, Brannan also:

Said there are grounds for hope that economic controls for agriculture can be postponed for a considerable time or perhaps avoided entirely — "unless the emergency becomes much worse."

Plug For Farm Plan

Put in another plug for the Brannan farm program, although he said he didn't want to "use the present situation or wave the flag" as an argument for his position.

The Secretary said farmers are ready to assure the nation they will produce enough food and fiber, whatever the demands may be.

"Right now we are in very fine shape," he said. "Our food production resources are far and away the greatest in the world. American farmers have the know-how that it takes. And they have been plowing back into their business the gains of relative prosperity, making farming more efficient than ever before.

Big Reserves Of Grain

"Another year of very large farm output is in prospect."

There are big reserves of wheat and other grains, Brannan said, and we have lots of cotton and other fibers.

Big as production now is, he said, "we can boost it a good deal higher if we should have to."

Farmers themselves, the Secretary said, can help put off controls for agriculture "by simply following their natural desires to produce efficiently and abundantly."

Radio Blackout Cuts War News

[By The Associated Press]

A natural blackout of transpacific radio communications sharply reduced Korean war news Monday for the third successive day.

Intermittent dispatches from Tokyo trickled through periodic cracks in the curtain which radio men call "atmospherics," but they often were fragmentary.

The current blackout is one of the longest of recent times. Such conditions are not uncommon but usually ease in a few hours.

In addition, the Eighth Army in Korea removed correspondents' forward telephone and teletype facilities Saturday, and there was no prospect when others would become available.

Correspondents were restricted to about 60 words apiece daily on a catch-as-catch-can basis over Army lines.

The Army announced in Tokyo it had advised correspondents to file all stories from Pusan, rear base, rather than from the forward position of Taegu. It said they would be given adequate facilities at Pusan, but one brief call from Korea to Tokyo said the Pusan telephone was unavailable for news stories between 8 a. m. and 6 p. m. (5 p. m. and 3 a. m., EST).

24 Swimmers, Including Six Women, Start Channel Race

CAP GRIS NEZ, France, Tuesday, Aug. 22 (AP)—Twenty-four swimmers —six of them women—plunged into the water here today in a race across the English Channel.

They are competing for cash prizes offered by the London Daily Mail. The first man and the first women to land on England's white cliff coastline will collect £1,000 ($2,800) each. Every other finisher will win £250 ($700).

The unique race began at 1:35 a. m. (8:35 p. m. EST Monday). The start, signalled by a flare shot from a pistol, was given by Emile Ranson, veteran French timer of channel crossings.

The only American participating is David Frank, 27, New York City. While waiting for the start he walked about an enclosure with the other contestants and casually smoked a pipe. He said he was ready for the test.

Dr. George Basil Brewster, 58-year-old Briton, said this would be his last try. He is reported to have made 14 previous unsuccessful attempts. Roger Le Morvan, 26, of France, whiled away his time waiting for the start by shaving.

Three Egyptians are competing.

Family Dinner Marks Princess' Birthday

BALMORAL, Scotland, Aug. 21 (AP) —King George VI presided over an intimate family birthday dinner tonight for his youngest daughter, Princess Margaret, who today stepped out of her teens.

By reaching 20 without becoming engaged or married Margaret cracked a romantic legend. It upset the story dating back to antiquity that any girl born in Glamis Castle will marry before she is 20.

Sept. 5 Set For Re-Registration Of County Voters

Several thousand Allegany countians, who have had their names stricken from the voting lists by the Allegany County Board of Election Supervisors because they have not voted during the last five years, may have their names restored by re-registering September 5.

Edward J. Ryan, attorney to the supervisors, said that these persons have been notified by mail of the supervisor's action. The names of the non-voters must be removed from the poll books under a state law.

In addition young men and women who have reached their 21st birthday on or before November 8 are eligible to register on September 5 and vote in the primary on September 18.

Any others who are eligible but who have not registered previously may do so. To be eligible a citizen must have been a resident of Maryland for one year and a resident of the congressional district for six months.

The primary election will be held September 18 in Maryland this year. The date was changed by a special session of the General Assembly due to a conflict of the original date with a Jewish holiday.

Voters will cast ballots for various candidates for county and state offices as well as for a representative from the Sixth Congressional District and U. S. Senator.

Registration for participation in state, county and national elections must not be confused with that for a city election as for example Cumberland has a separate set of election books for its own balloting.

After the primary election, two more registration days are scheduled, the first on October 3 and the the next on October 10. This is followed by revision day, October 17, on which day election officials remove names of persons deceased or no longer residents, and place names of those wishing to transfer from one polling place to another.

In order to transfer, however, it is necessary to obtain a certification of transfer or removal on one of the three preceding registration days. Under the law, only such persons as those who present removal or transfer certificates may register on revision day.

A breakdown of the number of Democrats and Republicans whose names were removed from the books was not available as the supervisors removed the names at various times during the past few months.

Merchants To Decide On Christmas Program

Members of the Mercantile Bureau and other interested merchants will meet this morning at 10:30 in the Cadillac Lounge to plan an expanded Christmas decoration program for the city this year.

H. W. Smith, manager of the Chamber of Commerce, said a "definite conclusion" will be made today as to the type, cost, and extent of the decorations and the possibility of a balloon parade just before the holidays.

Plans for the parade have been submitted by Jean Gross, who has staged some of the largest balloon parade spectacles in the country.

Smith said that merchants not members of the Mercantile Bureau are urged to attend the meeting today. Plans to extend the decoration program to Mechanic and Centre Streets will be discussed.

The custom of a bride's wearing a veil was originated to conceal her blushes.

Youth Killed In Auto Crash

Robert Jennings Clark, 16 was killed instantly at 1:30 a. m. (DST) yesterday when the car in which he was a passenger overturned after failing to negotiate a curve on U. S. Route 50 near New Creek, W. Va.

The driver of the car, Merle Petit, Jr., 18, of 924 East Park Avenue, Fairmont, is in the Potomac Valley Hospital, Keyser, with a concussion of the brain and other injuries. His condition is described as "satisfactory."

Police said the youth was carrying an operator's license which gave his address as 35 Wilson Avenue, Alexandria, Va. However, the body is being shipped to the Harr Funeral Home, Fairmont, W. Va.

Cpl. O. G. Webley of the West Virginia State Police said the accident occurred on a curve about 500 feet from the Mineral-Hampshire County line on the Mineral side.

Carl Knotts, Parsons, W. Va., told police he and Derwood Hart, Kernes, W. Va., were driving east on Route 50 when the Petit machine passed him at a high rate of speed. Knotts said the crash came moments later.

The Petit car went over an embankment and then slammed against the mountainside. Clark, who was believed sleeping in the back seat of the two-door sedan, was thrown out through the open door on the right side. His body was found several feet from the wreckage, his neck broken.

Both boys were taken to Keyser in the Rogers Funeral Home ambulance. Clark's body is at the funeral home. The accident was investigated by Cpl. Webley and Trooper W. Frank Bowley.

Cpl. Webley and Trooper Cawley investigated.

Sales Of New Automobile Tires Still Above Normal

DETROIT, Aug. 21 (AP) — New automobile tires still are being bought in more than ordinary volume, according to rubber industry spokesmen.

They report many persons with seemingly good tires on their cars are buying new casings, evidently in fear of rationing or war-created shortages.

The futility of hoarding automobile tires has been emphasized repeatedly by the tire makers. Tires rot easily when not properly stored. Few persons have facilities for such storage.

Aside from the fact a rationing of tires probably would be accompanied by a curtailment of car driving, other possibilities make tire hoarding impracticable. Many motorists apparently have forgotten the World War II edict that limited the number of tires an individual might have in his possession.

A lot of tires stored by individuals might have to be surrendered if another such emergency arose. However it appears right now that there will be enough tires for every motorist if scare buying doesn't reach greater proportions.

River Level Low, But Sets No Record

Engineer Reports On Stream Findings

Although the Potomac River is low at present, it has not hit any record, L. A. Kauffman, engineer in charge of the local U. S. Geological Survey Office, said yesterday.

Periodic rains have kept the flow fairly normal for this season in spite of a rather dry summer, he said.

Kauffman pointed out that stream gauges might lead one to think the North Branch is at an unusually low level, but they do not give a completely accurate story.

The river bottom at the Wiley Ford Bridge gauge has been "scoured out" about two inches in the past year, he said, putting the river bottom two inches lower.

Kauffman stated that the heavy winter and spring water flow in the Potomac took about two inches of the river bottom along with it.

In order to get an accurate measure of the water level, it is also necessary to compute the rate of flow in the stream, he stated.

At present, the North Branch, Potomac River, flow is about 107 cubic feet per second at the Wiley Ford bridge, Kauffman said.

The Geological Survey engineer was unable to give an average flow for this season, but said the Potomac is following its usual habit of dropping gradually until it reaches its minimum level about September 30.

Kauffman added that George's Creek is at a very low level, with a flow of only six cubic feet per second.

The situation is complicated by the fact that the water supply is utilized by a great many persons along the stream, he said.

Cops Find Scene Of Fantastic Filth

RICHMOND, Va., Aug. 21 (AP)—Two young girls, accused of lifting lingerie from a neighborhood clothesline, led police to their home in a well-to-do northside neighborhood and a scene of fantastic filth.

Dogs and puppies—32 in all—had free run of the place and trash, leaves and cornshucks littered the floors. Beds and furniture were grime-covered and old papers, food and other refuse filled corners. Human and animal filth abounded.

The police came into the distasteful picture last night after the girls—11 and 14—were picked up on charges of pilfering the laundry. The girls agreed to take the officers to their home and to return other clothing they said they had picked up.

City police promptly charged their parents—Herman Wacker, 57, and his wife—with child neglect and violating the city sanitation code. At a hearing they both pleaded guilty.

"I knew it was wrong," Mrs. Wacker told Police Justice Carlton Jewett, "but I prayed every night I could do something about it. It wasn't indifference . . . All I ask now is a chance to do something about it."

Jewett gave the couple until Sept. 15 to clean up the place. In the meantime he said they would eat and sleep at the city home.

Organization Of CAP Unit Planned

Efforts are being made to organize a Cumberland Squadron of the Martinsburg, W. Va., Wing of the Civil Air Patrol, according to Warren R. Mullenax, manager of the Municipal Airport.

Persons who were members of the old CAP here and others interested are asked to attend a preliminary meeting Thursday at 8:30 p. m. at the airport.

Mullenax said it is not necessary to be a pilot, but that membership is open to anyone interested in aviation.

Watermen Go Fishing For $2,000 In Purse

CRISFIELD, Md., Aug. 21 (AP) — Crisfield's watermen went fishing for something different today—Mrs. Edna Sterling's $2,000.

It was in a white purse which apparently went down yesterday off Jane Island in Tangier Sound, where the water is 10 feet deep.

Mrs. Sterling was with her husband, Harwood Sterling, Crisfield seafood packer, on their 26-foot workboat. Sterling told police that a speedboat driven by Rufus T. McCready of Smith Island rammed into his craft, splitting it down the middle and turning it over.

Mrs. Sterling said a few minutes earlier she had placed her purse in the cabin. It couldn't be found later, apparently floating out when the boat broke open.

She said she had brought the money along because she was afraid to leave it at home.

Lost Boy Found On Ariz. Desert

FLORENCE, Ariz., Aug. 21 (AP)—Eight-year-old Gary McCarthy wandered aimlessly on the parched Southern Arizona desert for 27½ hours without food or water before he was found today by searchers.

T. C. Kinsey, deputy sheriff at Mammoth, Ariz., sighted him at 2:30 p. m. lying underneath a palo verde tree. Almost simultaneously Jimmy Ban Winkle, a guard at the Arizona State Penitentiary, with a team of bloodhounds arrived at the scene, about 38 miles north of Tucson.

Although half delirious, thirsty, hungry and exhausted, the lad, talked somewhat coherently: Preliminary reports indicated he is not in a serious condition.

The extreme heat and the 32 miles is was estimated he had walked reduced his weight by some five pounds.

Mr. and Mrs. Timothy McCarthy, Tucson, parents of the boy, participated in the search near Oracle Junction, Ariz.

Sales Of New Automobile Tires Still Above Normal

DETROIT, Aug. 21 (AP) — New automobile tires still are being bought in more than ordinary volume, according to rubber industry spokesmen.

They report many persons with seemingly good tires on their cars are buying new casings, evidently in fear of rationing or war-created shortages.

The futility of hoarding automobile tires has been emphasized repeatedly by the tire makers. Tires rot easily when not properly stored. Few persons have facilities for such storage.

Aside from the fact a rationing of tires probably would be accompanied by a curtailment of car driving, other possibilities make tire hoarding impracticable. Many motorists apparently have forgotten the World War II edict that limited the number of tires an individual might have in his possession.

A lot of tires stored by individuals might have to be surrendered if another such emergency arose. However it appears right now that there will be enough tires for every motorist if scare buying doesn't reach greater proportions.

River Level Low, But Sets No Record

Engineer Reports On Stream Findings

Although the Potomac River is low at present, it has not hit any record, L. A. Kauffman, engineer in charge of the local U. S. Geological Survey Office, said yesterday.

The Geological Survey engineer was unable to give an average flow for this season, but said the Potomac is following its usual habit of dropping gradually until it reaches its minimum level about September 30.

Kauffman added that George's Creek is at a very low level, with a flow of only six cubic feet per second.

The situation is complicated by the fact that the water supply is utilized by a great many persons along the stream, he said.

Worms In The Frames Of Britain's Ships

A century and a half ago when the 74-gun ship of the line was the most powerful thing afloat, the British Navy, 'tis said, feared only two things: lee shores and worms in the frames.

A 74, for all her towering stretch of canvas, didn't sail too close to the wind. In the long period of years when the channel squadron was the police force of Europe, line captains used to have nightmares over being caught trying to claw off a lee shore while an enemy escaped to windward.

The other worry, for skippers assigned to the Mediterranean or West Indies stations, was that marine teredos—they called them "worms"—would get in the oak frames of the great vessels. Weakened frames were almost as disastrous as being holed by a shot at the water line.

The analogy between the boring worms and the deliberate sabotage of the Royal Navy's fighting ships during recent months is a natural. British admiralty announcements, from time to time during the past two years, more than hint that skilful enemies are having a field day despite greater than normal security precautions.

Files have been found in the boilers of a carrier. Sand and bolts were found in the gears of a destroyer and a submarine. A considerable amount of ammunition went up under suspicious circumstances at a naval ordnance depot.

Several days ago the master gyro compass of the new aircraft carrier Theseus was sabotaged just before a shakedown cruise. It may be that there have been other serious cases of sabotage that haven't been aired.

While the admiralty doesn't say so the blame seems to rest on certain ratings in the Royal Navy who are loyal to some nation other than their own. This by no means implies that the Royal Navy is a riddled hulk. The fact is, there are worms behind the smooth surface of the planking. Replacing the planking is a damnable operation — the ship must be careened and practically torn apart. But there never was a better way found to get at worms in the frames.

A Never-Ending Job

It was an unpleasant picture of the national situation which Major General Hershey drew in his testimony before the Appropriations Committee of the House of Representatives. He was certain, he said, that "we could not get by" with the 185,000 men whose draft this year has been authorized by Congress.

Inasmuch as many in the present group of selectees will not be inducted until sometime in 1951 this statement by General Hershey means that regardless of the outcome of the war in Korea, the U. S. is now committed to the creation and permanent maintenance of a great standing army.

While the immediate task is to end the war in Korea on American terms it is now clear that victory there will not be enough to bring a general peace. The Soviet is not thus easily subdued. So long as it can get other peoples to do its fighting, as it has done in China and Korea, it will continue the policy of harassing the free nations of the world and of so weakening their economies that they may fall a prey to communism.

The U. S. must, then, be prepared for the worst and one way to that end is through military strength —a strength that includes adequate manpower for the armed services and superiority in all kinds of equipment. This, because of Russia, is the unhappy fate in store for Americans.

Ties Or Knot?

The news that Delaware state troopers are sporting shirts open at the throat this summer should certainly be welcome in many masculine quarters—and it may influence civilian styles.

For centuries men have been greater slaves to fashion than women. The coat is still with us—regardless of the heat. We still wear long trousers instead of those more comfortable tropical shorts. And we still knot ties around our throats—because convention and certain inn keepers demand it of the men.

Here and there, regulations have been relaxed. A man may enter a dining hall without a coat, provided his sleeves are rolled down and he wears a tie. It doesn't matter how scrawny the tie—as long as it looks like a cravat.

On the other hand, unconventional Bohemians have been enjoying summers with complete disregard for convention. And then, too, during the war, the tie regulation was relaxed in some military quarters.

But the poor civilian has been almost gagging himself with the tie—and hoping perhaps for some style pacemaker to revolt. Well, now the state troopers have a new summer style. No ties for them. When will civilians follow suit?

Men have nothing to lose but their knots—if they should rebel and go in for the more attractive Byronic shirt effect. Who's going to be the first?

Deep Yawn Department

A literary publication, recently issued by the Columbia University Press, undertook to find out what were considered the 10 most boring classics. The announcement, with Bunyan's "Pilgrim's Progress" on top of the list, has been creating quite a stir in literary circles.

The balloting among the 4,000 readers of this literary paper issued by Columbia included quite a range of books—from the Old Testament to Kinsey. At least 17 of Shakespeare's plays were voted boring, although the bard did not make the 10 "most" list.

Although one classicist has complained that the poll itself was the most pointless survey ever made, many readers will disagree—for the very important reason that every one of the 10 "most boring books" is required reading in many high school English courses. Two outstanding examples: "Ivanhoe" by Scott and "Silas Marner" by Eliot.

Why students must still plow through Spenser's "Faerie Queene" or even Boswell's "The Life of Samuel Johnson" is a question that teachers may some day have to stand up and answer.

Among some of the more aptly named organizations set up have been the Abused Husbands Protective Association, the Society for the Prevention of the Use of the Name Smith for Illustrative Purposes, the Society to Omit Many Postage Stamps and the Organization to Encourage People to Quit Organizations.

Two Texans emptied their 45's at each other without hitting even an innocent bystander. The wild west is going panty-waist.

Relief of Painful Cramps

DYSMENORRHEA is a technical term for painful and difficult menstruation. The condition varies in severity and now and then leads to complete disability. This was a problem in the war when so many women were employed and loss of working hours was a serious threat to our security.

Cramping is one of the most common symptoms of dysmenorrhea. When the distress is spasmodic, it resembles in miniature the pains of labor. The lowermost part of the abdomen is the usual site of discomfort altho one side may be favored over the other. Pain may be aching in character and often is associated with backache, headache, prostration, nausea, and vomiting. The manifestations usually precede menstruation by 12 to 24 hours but may appear two to three days earlier. They sometimes last thru the entire period but the majority of women are comfortable by the second day. Many psychological aspects influence the severity of the pain, such as fatigue and emotional strain. Suggestion also plays a role especially in families where the interval is considered an ordeal.

•—•—•

Since dysmenorrhea may be a symptom of one of numerous pelvic conditions, a thoro examination always is advised. In some instances, fibroids are at fault; in others, ovarian cyst or obstruction of the opening of the uterus is responsible. In most cases no abnormality can be found and in such circumstances various theories as to the cause have been offered. Such possibilities include a menstrual toxin, a disturbance in the local nervous system, pelvic congestion, and narrowing of the cervix.

At any rate, many sufferers are helped by rest and medicine containing an analgesic plus a mild sedative. This induces relaxation and relieves pain. Those who are bothered regularly also benefit by eating lightly in the three days preceding and during the flow, and constipation can be overcome by the use of a mild laxative if necessary. Out of door activities are valuable and special bending exercises, as a means of stimulating the uterus have been recommended. Dr. Edwin M. Robertson of Kingston, Ont., has devised a unique maneuver that is done for five to seven minutes three times daily. Twenty small objects are scattered by the girl on her bedroom floor and as quickly as possible she picks them up, one at a time, and places them on top of an open door. According to this physician, the bending and stretching relieve pelvic congestion.

•—•—•

The antihistiminic drugs are being used nowadays for everything and have been tried in dysmenorrhea. The theory behind this form of therapy is that histamine is released as a reaction to a menstrual toxin. Some instances of success have been reported but more time will be needed to prove this contention. Another possible explanation has been proposed by Mary I. Griffith and J. Maxwell Little of Winston Salem, N. C. They speculate that compression of the sensory fibers in the walls of the blood vessels may produce periodic pain. To counteract the constriction, vasodilators were tried with marked relief in some instances. Here too more work must be done before these preparations are accepted as remedies for this condition. Meanwhile, the uncomfortable girl still can resort to aspirin or mixtures of analgesics.

IMPETIGO RECURRENCES

Mrs. D. writes: My children break out with impetigo every summer. Is there any way to prevent this?

REPLY

By the utmost cleanliness and avoiding other youngsters who have the disease. Impetigo is not seasonal except that it may follow insect bites and poison ivy. I suggest that you have the diagnosis checked as the lesions resemble poison ivy and other skin eruptions.

POOR HEALTH

L. T. writes: What is dyscrasia?

REPLY

A state of ill health resulting from the presence of toxic substances in the blood. Blood dyscrasia generally refers to more or less permanent abnormal cell elements in the circulation fluid.

TUBERCULOSIS

F. G. writes: What are the danger signals of tuberculosis of the lungs?

REPLY

Some of the early symptoms include persistent cough, weight loss, afternoon fever, pleurisy, fatigue, and lack of appetite.

WRIST WEAKNESS

B. T. writes: What are weak wrists a sign of?

REPLY

Not enough exercise is the most common cause. There are many exercises that can be done to strengthen them.

Panama Canal Defenses Dangerously Weak; Government Printing Office Eavesdrops On Phone Calls; Truman Plans No Supercontrol Agency

Say TOM McNAMARA And JACK ANDERSON

(ED. NOTE—While Drew Pearson is on a brief vacation, his column will be written by members of his staff).

WASHINGTON—Though mysterious subs have been reported in Panamanian waters since the Korean fighting, our vital Panama Canal defenses have been dangerously neglected.

It is no secret in Panama, for example, that we don't have a single fighter plane in the area. When an unidentified sub was reported lurking off the Canal Zone recently, the Navy was caught without even a scout plane and had to appeal to the Air Force for help. All the Air Force could get into the air was one lone SB-17, which scouted the waters but found nothing.

Our military bases in Panama are also supposed to be on wartime alert. Yet, one month after the Korean invasion, a private plane drifted in for an emergency landing at Howard Field, a key base now run by the Army. The pilot, Enrique Kochman of Panama City, tinkered around with the instrument panel, then took off again without anyone so much as noticing him. This happened on Sunday, a favorite day for surprise attacks.

Though Kochman reported what he had done, another private pilot, Lawrence Breece, pulled virtually the same stunt the following Sunday. He was forced down on Howard Field, also without attarcting any attention. In fact, he had to spend 15 minutes hunting a sentry to report his trouble. Fortunately for Howard Field, these were peaceful private planes and not enemy bombers.

NOTE—A Pentagon spokesman explained that the Panama Canal has had a low priority, because the needs have been more urgent elsewhere. The Joint Chiefs of Staff believe the greatest danger in Panama is sabotage, therefore, a large, well-trained ground force is guarding the Canal. Meanwhile, planes and equipment are being readied for Panama as fast as they can be spared.

GPO Eavesdrops

Just down the street from the Senate hearing on wire-tapping, the Government Printing Office for years has been eavesdropping on the telephone conversations of businessmen.

GPO telephone operators have been ordered to plug into a central dictaphone machine one out of every three long-distance calls. At first this was done without knowledge of either party on the line. However, a new recording system with "bleep signals" has now been installed. By listening for the bleep tones, the contractors can tell whether their converastions are being recorded.

The original purpose of this telephone eavesdropping was to keep government employes on their toes, since they never knew when their calls were being recorded. However, the telephone transcripts sometimes were used to check up on the contractors.

At one time, the chief GPO telephone operator was so disturbed about the secret recordings that she called the Federal Communications Commission about it. She was advised to discontinue listening in on calls. However, the addition of the "bleep" signals has now legalized the eavesdropping.

No "Super Agency"

President Truman does not plan to create a "super agency" to administer wartime controls and allocations. He made this clear last week at a secret meeting with government agency chiefs.

"I have no intention of superimposing an emergency board on you," Truman assured Federal Communications Chairman Wayne Coy, General Services Boss Jess Larson and other top agency heads. "A super agency, set up to run the whole show, would have a demoralizing effect and do more harm than good.

"Also, it would be a waste of time and money, in my opinion," the President added. "I'm looking to each of you to deliver the goods in your own field. If everyone does his part, we'll get along all right."

NOTE—The meeting was part of a presidential plan to build what top advisers call a "war team" of agency heads, as well as Cabinet members and the President's own staff—all pulling together.

No. 1 Authority

Secretary of Defense Johnson is supposed to be the Nation's No. 1 authority on military preparedness. However, his own statements are the best proof that he isn't. Here are some notable examples:

Last April, Johnson stated: "We in the Defense Department know—and I say we know—that Russia does not plan to conquer the United States by force or war." He foresaw no danger of war for at least 10 years, Johnson said.

On June 29, 1949, the defense chief predicted: "Within a few short years, we may witness the end of this era of atomic secrecy . . . signaled by the explosion of some other nation's bombs." Russia exploded her first atomic bomb not a few short years but a few short weeks later—in August, 1949.

Again, on February 2, 1950, Johnson boasted: "If the Soviet Union starts something at 4 a. m., the fighting power of the United States will be on the job at 5 a. m." Ironically, the Korean invasion began precisely at "four o'clock in the morning, Korean time," as President Truman himself announced to Congress.

Even the Korean war didn't seem to sharpen Johnson's military foresight. On June 28, he announced: "It is not contemplated to call the reserve components to active duty in the foreseeable future." Nine days later, President Truman not only called the reserves, but also invoked the draft.

NOTE—In contrast to Johnson's shortsightedness, GOP Congressman Dewey Short of Missouri declared after a tour of the Far East four years ago: "Korea is a danger spot. The minute we move out we know the Russians will take it over. They have the same program in Korea as in the rest of the world."

Washington Pipeline

Pet diversion of the President's is poking fun at the eloquent neckties of his secretary, Matt Connelly. . . . Contrary to rumors, Presidential Assistant John R. Steelman and Stu Symington, boss of the National Security Resources Board, are close friends on and off the job . . . In the last two months the cost of living has increased more than it did during the last two years of World War II . . . The council of economic advisers, charged with keeping the entire U. S. economy on its feet, employs only 36 people and operates on a budget under $300,000 . . . The Bureau of Standards' latest automatic computer can make 16,000 additions and 2,500 multiplications per second, without an error.

MATTER OF FACT

Get Acheson, Lay Off Johnson

WASHINGTON

SOME days ago, the Republican Congressional leaders reached an important decision. At a closed door meeting attended by such satraps as policy chief Senator Robert Taft and Senate floor leader Kenneth Wherry, it was decided to base Republican strategy in the forthcoming Congressional campaign squarely on an all-out attack on Secretary of State Dean Acheson.

At the same meeting, reportedly in response to the passionate pleading of Senator Owen Brewster, it was decided to "lay off" Brewster's friend, Secretary of Defense Louis Johnson. This appears to be a rather odd decision, and it calls for an explanation.

Its oddness derives from the fact that, if the public record means anything at all, in the months before Korea Acheson was consistently dead right and Johnson was consistently dead wrong. It was Acheson, after all, who repeatedly warned the country of the danger of our situation, and it was Johnson who equally consistently boasted on non-existent American strength.

It was Acheson who called for "unity and sacrifice," to "mobilize out total resources" in order to create "situations of strength," which would permit a peaceful settlement with the Soviet Union. It was Acheson who warned that without such an effort, "we can lose this struggle without a shot being fired." It was Acheson who told the Senate, early in June, that "the only honest answer" he could give was that the cost of re-arming our allies would have to be increased.

Acheson's Warnings Vindicated

It was Johnson, appearing before the same Senate committee, who remarked coyly that he had been "living a little more closely" with the military situation than Acheson, and promised the Senators that his best guess was that the cost could be reduced in future—about as bad a guess as any public figure in recent history has made. It was Johnson who falsely promised the country that we were "obtaining greater combat capabilities at less expense."

Now all Acheson's warnings have been tragically vindicated. Now all the falseness and emptiness of Johnson's boasts have been tragically revealed. Yet it is Acheson, not Johnson, who is to be the Republican target. Why?

For one thing, of course, like any Secretary of State, Acheson has made mistakes. It is true that by the time Acheson became Secretary of State, nothing short of the intervention of American troops could have saved the Nationalist regime in China. Yet it is certainly also true that by authorizing the release of the White Paper on China, Acheson accelerated the Nationalist collapse, which cost the West invaluable time in Asia.

This was his worst mistake, but Acheson has made others— although the famous National Security Council paper writing Korea off as indefensible originated in the Defense Department rather than the State Department. But the fact is that the Republican strategy has very little to do with Acheson's policies. It springs from other sources.

One of these, of course, is what has been interpreted as Acheson's defense of Alger Hiss—and however laudable Acheson's motives may have been, this certainly left him wide open to attack. Another source is Acheson's personality. It is not only that Acheson's obviously superior intelligence enrages the primitives of the stripe of Senator Wherry. It is also true that Acheson's rather frigid manner has irritated many people in the Congress and the country. What is more important, Acheson, unlike Johnson with his American Legion background, has no protective political base.

Looks For Cover Up

Moreover, Acheson does not enjoy one major Johnson asset—a total absence of principle. Acheson has given strict orders to all his subordinates not to criticize Johnson in any way. At the same time, it is no secret that Johnson has deliberately embarked on a campaign of distortion designed to undermine Acheson's position. While he has

Land Bases For Planes Seen Necessary In Korea

By DAVID LAWRENCE

WASHINGTON, Aug. 21.—Virtually all the airpower that is giving close support today to ground troops in Korea—both the marines and the U. S. Army's infantry—is coming from planes that are flying back and forth constantly from the broad decks of the aircraft carriers of the U. S. Navy.

Not only is the single air strip in use behind the American lines too small to take care of many planes but the ground forces necessary to service and supply a big base are still 170 miles away in Japan.

This is no reflection on the planning by any of the armed services. It is the simple truth as to what must necessarily happen in the initial stages of an overseas operation where land bases are too far away to be used by planes designed for air support of ground troops. It accentuates the tremendous value of the aircraft carrier as a mobile base containing its own service crews, fuel and ammunition. Also, the sea bases are far enough from the enemy's lines to be protected against the sudden attacks which can be so dangerous to planes on the ground at a base close to the enemy lines.

Last week's splendid victory at a critical point in the line—which caused General Church, commander of the 24th Division, to say that the North Korean Fourth Division got a "hell of a licking" and has been impaired for further usefulness—was a splendid example of joint operations. It cannot properly be called "unification" because this vague term implies merger and loss of specialized values. What happened can best be described as "coordination" or "integration." Here was a ground-sea-air operation in which each service did its own essential job but was helped by the other and there was a single overall command.

"Tactical Aviation" Arrived

To say that America's airpower in Korea as it relates to ground movements is today primarily "sea-based" is not to disparage in any sense the high-flying big bombers which periodically try to help out the ground troops by bombing enemy concentrations. But "tactical aviation" has come into its own. It means the use of airplanes immediately above troop movements to knock out enemy tanks and guns. It is a form of air artillery with which the public is not too familiar when it is sea-based instead of land-based. Yet it is the heart and essence of our successes these last few days in Korea and probably will never again be considered irrelevant as it was by overzealous spokesmen of the big-bomber school of thought at the hearings last autumn before the House Armed Services Committee.

The fact is that a condition and not a theory has confronted American forces for several weeks for several weeks in Korea. The nearest land bases in Japan require a 340-mile round trip from the fighting line. This requires lots of gasoline and hence means less bombs. Likewise, it means less time over the target.

The planes of the Marine Corps and those of the U. S. Navy's aviation units were flying only 40 miles each way from the flat decks of the carriers when the Marines and the 24th Division of the U. S. Army were on the South Coast. Now that these two splendid fighting groups have been transferred to the area in the north the line is still only 75 miles each way from the carriers—a matter of 25 minutes. It is obvious that planes which have to fly 150 miles instead of 340 can carry more bombs and stay over the target for hours at a time and make more round trips.

But this isn't all of the story. The Marine Corps and Navy aviators are trained to work with ground personnel who direct the fire by radiophone so that it is as accurate if not more so in some instances than artillery fire. The bombers dive to the targets instead of flying at high altitudes. There's nothing so stimulating to ground troops than to see friendly planes actually knocking out enemy tanks and supply concentrations. Likewise the troops can move ahead promptly and take advantage of what this air artillery has cleared for them just as they always have been able to follow up ground artillery barrages.

Coordinated Quickly

Unfortunately there are not as yet enough marines in Korea and not enough aircraft carriers out there to help all of the Army's infantry but it is significant that the 24th Division troops have been coordinated quickly with the operations of the sea-based tactical air force, a circumstance due unquestionably to the marine combat communication teams which have been spread out among the Army troops, too.

Incidentally these low-flying aviators are using "Napalm," a kind of gasoline jelly or liquid bomb that burns everything around it when it lands and not only strikes at personnel but their supplies and equipment. More sea-based tactical air is on the way. Sooner or later there must be a big enough land base prepared in Korea so that the Navy and the Marine Corps fliers can also take off from and return to land strips for quick refueling and rearming and so that an increasing number of the U. S. Air Force's own tactical planes can be made available for ground support as the American troops move farther a farther inland.

These Days

By GEORGE E. SOKOLSKY

The Truly Big At Heart

SOMETIMES, I am asked why I like to wander away from great topics in the news to the simplicities of life in the Berkshires, where the pine and maple blend with oak, birch and wild cherry to make an atmosphere.

Reporters, like motion picture actors, are typed in the minds of readers. If a peep-hole columnist writes a serious thought, he is sometimes charged with stepping out of his role. If what Pegler calls a double-dome wanders into the by-paths of human interest, he is accused sometimes of deserting his post.

Life is not a mosaic of big events, which look little, almost microscopic, in history, nor is it the tale of great men who, for a moment only, bestride the pages of newspapers to disappear forever in their obituary columns. To popularize a vice president for a few seconds of eternity, they called him a veep, but most of our vice persidents, no matter what their ponderosity, are forgotten even in their own generation.

Historic life is a continuous story of a whole people, of simple people as well as those who clamor in the spotlight often of their own devising. I feel that so strongly each summer as I work in these Berkshire hills, reading the books, pamphlets and monographs that have accumulated over the season when perhaps the legs move more often than the mind.

And here, too, there has been the leisure, in the midst of a war, to listen to an enormous quantity of Bach, done as only Koussevitzky and the Boston Symphony can do it at Tanglewood. It is so difficult to listen to music in a hall, in a big city, after having heard Bach's B Minor Mass, with a chorus trained by Hugh Ross, at Tanglewood. The mountains do something to music, and listening without pressure and leaving the place, without street noises and street smells, gives the listener a chance to recall and to remember not only the music but his emotional responses.

Up here, the folks are simple, too. The other day, my friend, Edward S. Rogers, died at the age of 86. He had, for decades, been the treasurer of the Mutual Savings Bank in Lee. He did not change the world nor leave his impress on the map of nations, but he helped folks when they could not meet their mortgages or when they had to send a better-than-ordinary child to school, or when the husband died and the widow knew nothing about handling her small savings. That was his job in life and he developed a personality to meet his social responsibilities.

In this very small town, he was a very big man, but that hardly mattered. For his was one of those prodigious memories that knew not about literature and history but the very essence of our culture. He could recite most of the best poetry and I have often suspected that some that he quoted to make a point was of his own composition. He was more than acquainted with Beethoven, Brahms, Bach and Mozart. He was one of the founders of Tanglewood.

He also could recount the genealogy and history of every family in these parts and trusted men by their character rather than by a bank statement. Big city bankers can handy do that these days, because bank examiners know nothing about character but only read reports. Yet, many a man who failed, and therefore needed help, eventually contributed brilliantly: I cite Thomas Edison as one example.

So Edward Rogers is dead and a new generation steps in with adding machines and even mechanical brains to aid them, but with less of the softness, gentleness and, at the same time, tough common sense that produces the old New England that, it seems centuries ago, built Ohio and Michigan and so much else of America.

One who deals with mighty events needs this respite, or else the perspective is gone and everything seems so important and everybody so colossal. Perhaps it is because so few of those of us who dwell and toil in cities leave them, as though on retreat, that humility has disappeared from our lives, particularly among our rulers. They strut their little stages, forgetting that as compared with one mountain peak we are all pigmies in time and space.

Worms In The Frames Of Britain's Ships

A century and a half ago when the 74-gun ship of the line was the most powerful thing afloat, the British Navy, 'tis said, feared only two things: lee shores and worms in the frames.

A 74, for all her towering stretch of canvas, didn't sail too close to the wind. In the long period of years when the channel squadron was the police force of Europe, line captains used to have nightmares over being caught trying to claw off a lee shore while an enemy escaped to windward.

The other worry, for skippers assigned to the Mediterranean or West Indies stations, was that marine teredos—they called them "worms"—would get in the oak frames of the great vessels. Weakened frames were almost as disastrous as being holed by a shot at the water line.

The analogy between the boring worms and the deliberate sabotage of the Royal Navy's fighting ships during recent months is a natural. British admiralty announcements, from time to time during the past two years, more than hint that skilful enemies are having a field day despite greater than normal security precautions.

Files have been found in the boilers of a carrier. Sand and bolts were found in the gears of a destroyer and a submarine. A considerable amount of ammunition went up under suspicious circumstances at a naval ordnance depot.

Several days ago the master gyro compass of the new aircraft carrier Theseus was sabotaged just before a shakedown cruise. It may be that there have been other serious cases of sabotage that haven't been aired.

While the admiralty doesn't say so the blame seems to rest on certain ratings in the Royal Navy who are loyal to some nation other than their own. This by no means implies that the Royal Navy is a riddled hulk. The fact is, there are worms behind the smooth surface of the planking. Replacing the planking is a damnable operation—the ship must be careened and practically torn apart. But there never was a better way found to get at worms in the frames.

A Never-Ending Job

It was an unpleasant picture of the national situation which Major General Hershey drew in his testimony before the Appropriations Committee of the House of Representatives. He was certain, he said, that "we could not get by" with the 185,000 men whose draft this year has been authorized by Congress.

Inasmuch as many in the present group of selectees will not be inducted until sometime in 1951 this statement by General Hershey means that regardless of the outcome of the war in Korea, the U. S. is now committed to the creation and permanent maintenance of a great standing army.

While the immediate task is to end the war in Korea on American terms it is now clear that victory there will not be enough to bring a general peace. The Soviet is not thus easily subdued. So long as it can get other peoples to do its fighting, as it has done in China and Korea, it will continue the policy of harassing the free nations of the world and of so weakening their economies that they may fall a prey to communism.

The U. S. must, then, be prepared for the worst and one way to that end is through military strength—a strength that includes adequate manpower for the armed services and superiority in all kinds of equipment. This, because of Russia, is the unhappy fate in store for Americans.

Ties Or Knot?

The news that Delaware state troopers are sporting shirts open at the throat this summer should certainly be welcome in many masculine quarters—and it may influence civilian styles.

For centuries men have been greater slaves to fashion than women. The coat is still with us—regardless of the heat. We still wear long trousers instead of those more comfortable tropical shorts. And we still knot ties around our throats—because convention and certain inn keepers demand it of the men.

Here and there, regulations have been relaxed. A man may enter a dining hall without a coat, provided his sleeves are rolled down and he wears a tie. It doesn't matter how scrawny the tie—as long as it looks like a cravat.

On the other hand, unconventional Bohemians have been enjoying summers with complete disregard for convention. And then, too, during the war, the tie regulation was relaxed in some military quarters.

But the poor civilian has been almost gagging himself with the tie—and hoping perhaps for some style pacemaker to revolt. Well, now the state troopers have a new summer style. No ties for them. When will civilians follow suit?

Men have nothing to lose but their knots—if they should rebel and go in for the more attractive Byronic shirt effect. Who's going to be the first?

Deep Yawn Department

A literary publication, recently issued by the Columbia University Press, undertook to find out what were considered the 10 most boring classics. The announcement, with Bunyan's "Pilgrim's Progress" on top of the list, has been creating quite a stir in literary circles.

The balloting among the 4,000 readers of this literary paper issued by Columbia included quite a range of books—from the Old Testament to Kinsey. At least 17 of Shakespeare's plays were voted boring, although the bard did not make the 10 "most" list.

Although one classicist has complained that the poll itself was the most pointless survey ever made, many readers will disagree—for the very important reason that every one of the 10 "most boring books" is required reading in many high school English courses. Two outstanding examples: "Ivanhoe" by Scott and "Silas Marner" by Eliot.

Why students must still plow through Spenser's "Faerie Queene" or even Boswell's "The Life of Samuel Johnson" is a question that teachers may some day have to stand up and answer.

Among some of the more aptly named organizations set up have been the Abused Husbands Protective Association, the Society for the Prevention of the Use of the Name Smith for Illustrative Purposes, the Society to Omit Many Postage Stamps and the Organization to Encourage People to Quit Organizations.

Two Texans emptied their 45's at each other without hitting even an innocent bystander. The wild west is going panty-waist.

The antihistiminic drugs are being used nowadays for everything and have been tried in dysmenorrhea. The theory behind this form of therapy is that histamine is released as a reaction to a menstrual toxin. Some instances of success have been reported but more time will be needed to prove this contention. Another possible explanation has been proposed by Mary I. Griffith and J. To counteract the constriction, vasodilators were tried with marked relief in some instances. Here too more work must be done before these preparations are accepted as remedies for this condition. Meanwhile, the uncomfortable girl still can resort to aspirin or mixtures of analgesics.

Say TOM McNAMARA And JACK ANDERSON

(ED. NOTE—While Drew Pearson is on a brief vacation, his column will be written by members of his staff).

WASHINGTON—Though mysterious subs have been reported in Panamanian waters since the Korean fighting, our vital Panama Canal defenses have been dangerously neglected.

It is no secret in Panama, for example, that we don't have a single fighter plane in the area. When an unidentified sub was reported lurking off the Canal Zone recently, the Navy was caught without even a scout plane and had to appeal to the Air Force for help. All the Air Force could get into the air was one lone SB-17, which scouted the waters but found nothing.

Our military bases in Panama are also supposed to be on wartime alert. Yet, one month after the Korean invasion, a private plane drifted in for an emergency landing at Howard Field, a key base now run by the Army. The pilot, Enrique Kochman of Panama City, tinkered around with the instrument panel, then took off again without anyone so much as noticing him. This happened on Sunday, a favorite day for surprise attacks.

Though Kochman reported what he had done, another private pilot, Lawrence Breece, pulled virtually the same stunt the following Sunday. He was forced down on Howard Field, also without attarcting any attention. In fact, he had to spend 15 minutes hunting a sentry to report his trouble. Fortunately for Howard Field, these were peaceful private planes and not enemy bombers.

NOTE—A Pentagon spokesman explained that the Panama Canal has had a low priority, because the needs have been more urgent elsewhere. The Joint Chiefs of Staff believe the greatest danger in Panama is sabotage, therefore, a large, well-trained ground force is guarding the Canal. Meanwhile, planes and equipment are being readied for Panama as fast as they can be spared.

GPO Eavesdrops

Just down the street from the Senate hearing on wire-tapping, the Government Printing Office for years has been eavesdropping on the telephone conversations of businessmen.

GPO telephone operators have been ordered to plug into a central dictaphone machine one out of every three long-distance calls. At first this was done without knowledge of either party on the line. However, a new recording system with "bleep signals" has now been installed. By listening for the bleep tones, the contractors can tell whether their converastions are being recorded.

The original purpose of this telephone eavesdropping was to keep government employes on their toes, since they never knew when their calls were being recorded. However, the telephone transcripts sometimes were used to check up on the contractors.

At one time, the chief GPO telephone operator was so disturbed about the secret recordings that she called the Fedgral Communications Commission about it. She was advised to discontinue listening in on calls. However, the addition of the "bleep" signals has now legalized the eavesdropping.

No "Super Agency"

President Truman does not plan to create a "super agency" to administer wartime controls and allocations. He made this clear last week at a secret meeting with government agency chiefs.

"I have no intention of superimposing an emergency board on you," Truman assured Federal Communications Chairman Wayne Coy, General Services Boss Jess Larson and other top agency heads. "A super agency, set up to run the whole show, would have a demoralizing effect and do more harm than good.

"Also, it would be a waste of time and money, in my opinion," the President added. "I'm looking to each of you to deliver the goods in your own field. If everyone does his part, we'll get along all right."

NOTE—The meeting was part of a presidential plan to build what top advisers call a "war team" of agency heads, as well as Cabinet members and the President's own staff—all pulling together.

No. 1 Authority

Secretary of Defense Johnson is supposed to be the Nation's No. 1 authority on military preparedness. However, his own statements are the best proof that he isn't. Here are some notable examples:

Last April, Johnson stated: "We in the Defense Department know—and I say we know—that Russia does not plan to conquer the United States by force or war." He foresaw no danger of war for at least 10 years, Johnson said.

On June 29, 1949, the defense chief predicted: "Within a few short years, we may witness the end of this era of atomic secrecy . . . signaled by the explosion of some other nation's bombs." Russia exploded her first atomic bomb not a few short years but a few short weeks later—in August, 1949.

Again, on February 2, 1950, Johnson boasted: "If the Soviet Union starts something at 4 a. m., the fighting power of the United States will be on the job at 5 a. m." Ironically, the Korean invasion began precisely at "four o'clock in the morning, Korean time," as President Truman himself announced to Congress.

Even the Korean war didn't seem to sharpen Johnson's military foresight. On June 28, he announced: "It is not contemplated to call the reserve components to active duty in the foreseeable future." Nine days later, President Truman not only called the reserves, but also invoked the draft.

NOTE—In contrast to Johnson's shortsightedness, GOP Congressman Dewey Short of Missouri declared after a tour of the Far East four years ago: "Korea is a danger spot. The minute we move out we know the Russians will take it over. They have the same program in Korea as in the rest of the world."

Washington Pipeline

Pet diversion of the President's is poking fun at the eloquent neckties of his secretary, Matt Connelly. . . . Contrary to rumors, Presidential Assistant John R. Steelman and Stu Symington, boss of the National Security Resources Board, are close friends on and off the job . . . In the last two months the cost of living has increased more than it did during the last two years of World War II . . . The council of economic advisers, charged with keeping the entire U. S. economy on its feet, employs only 36 people and operates on a budget under $300,000 . . . The Bureau of Standards' latest automatic computer can make 16,000 additions and 2,500 multiplications per second, without an error.

MATTER OF FACT

By STEWART ALSOP

Get Acheson, Lay Off Johnson

WASHINGTON

SOME days ago, the Republican Congressional leaders reached an important decision. At a closed door meeting attended by such satraps as policy chief Senator Robert Taft and Senate floor leader Kenneth Wherry, it was decided to base Republican strategy in the forthcoming Congressional campaign squarely on an all-out attack on Secretary of State Dean Acheson.

At the same meeting, reportedly in response to the passionate pleading of Senator Owen Brewster, it was decided to "lay off" Brewster's friend, Secretary of Defense Louis Johnson. This appears to be a rather odd decision, and it calls for an explanation.

Its oddness derives from the fact that, if the public record means anything at all, in the months before Korea Acheson was consistently dead right and Johnson was consistently dead wrong. It was Acheson, after all, who repeatedly warned the country of the danger of our situation, and it was Johnson who equally consistently boasted on non-existent American strength.

It was Acheson who called for "unity and sacrifice," to "mobilize out total resources" in order to create "situations of strength," which would permit a peaceful settlement with the Soviet Union. It was Acheson who warned that without such an effort, "we can lose this struggle without a shot being fired." It was Acheson who told the Senate, early in June, that "the only honest answer" he could give was that the cost of re-arming our allies would have to be increased.

Acheson's Warnings Vindicated

It was Johnson, appearing before the same Senate committee, who remarked coyly that he had been "living a little more closely" with the military situation than Acheson, and promised the Senators that his best guess was that the cost could be reduced in future—about as bad a guess as any public figure in recent history has made. It was Johnson who falsely promised the country that we were "obtaining greater combat capabilities at less expense."

Now all Acheson's warnings have been tragically vindicated. Now all the falseness and emptiness of Johnson's boasts have been tragically revealed. Yet it is Acheson, not Johnson, who is to be the Republican target. Why?

For one thing, of course, like any Secretary of State, Acheson has made mistakes. It is true that by the time Acheson became Secretary of State, nothing short of the intervention of American troops could have saved the Nationalist regime in China. Yet it is certainly also true that by authorizing the release of the White Paper on China, Acheson accelerated the Nationalist collapse, which cost the West invaluable time in Asia.

This was his worst mistake, but Acheson has made others— although the famous National Security Council paper writing Korea off as indefensible originated in the Defense Department rather than the State Department. But the fact is that the Republican strategy has very little to do with Acheson's policies. It springs from other sources.

One of these, of course, is what has been interpreted as Acheson's defense of Alger Hiss—and however laudable Acheson's motives may have been, this certainly left him wide open to attack. Another source is Acheson's personality. It is not only that Acheson's obviously superior intelligence enrages the primitives of the stripe of Senator Wherry. It is also true that Acheson's rather frigid manner has irritated many people in the Congress and the country. What is more important, Acheson, unlike Johnson with his American Legion background, has no protective political base.

Looks For Cover Up

Moreover, Acheson does not enjoy one major Johnson asset—a total absence of principle. Acheson has given strict orders to all his subordinates not to criticize Johnson in any way. At the same time, it is no secret that Johnson has deliberately embarked on a campaign of distortion designed to undermine Acheson's position. While he has

Land Bases For Planes Seen Necessary In Korea

By DAVID LAWRENCE

WASHINGTON, Aug. 21.—Virtually all the airpower that is giving close support today to ground troops in Korea—both the marines and the U. S. Army's infantry—is coming from planes that are flying back and forth constantly from the broad decks of the aircraft carriers of the U. S. Navy.

Not only is the single air strip in use behind the American lines too small to take care of many planes but the ground forces necessary to service and supply a big base are still 170 miles away in Japan.

This is no reflection on the planning by any of the armed services. It is the simple truth as to what must necessarily happen in the initial stages of an overseas operation where land bases are too far away to be used by planes designed for air support of ground troops. It accentuates the tremendous value of the aircraft carrier as a mobile base containing its own service crews, fuel and ammunition. Also, the sea bases are far enough from the enemy's lines to be protected against the sudden attacks which can be so dangerous to planes on the ground at a base close to the enemy lines.

Last week's splendid victory at a critical point in the line—which caused General Church, commander of the 24th Division, to say that the North Korean Fourth Division got a "hell of a licking" and has been impaired for further usefulness—was a splendid example of joint operations. It cannot properly be called "unification" because this vague term implies merger and loss of specialized values. What happened can best be described as "coordination" or "integration." Here was a ground-sea-air operation in which each service did its own essential job but was helped by the other and there was a single overall command.

"Tactical Aviation" Arrived

To say that America's airpower in Korea as it relates to ground movements is today primarily "sea-based" is not to disparage in any sense the high-flying big bombers which periodically try to help out the ground troops by bombing enemy concentrations. But "tactical aviation" has come into its own. It means the use of airplanes immediately above troop movements to knock out enemy tanks and guns. It is a form of air artillery with which the public is not too familiar when it is sea-based instead of land-based. Yet it is the heart and essence of our successes these last few days in Korea and probably will never again be considered irrelevant as it was by overzealous spokesmen of the big-bomber school of thought at the hearings last autumn before the House Armed Services Committee.

The fact is that a condition and not a theory has confronted American forces for several weeks for several weeks in Korea. The nearest land bases in Japan require a 340-mile round trip from the fighting line. This requires lots of gasoline and hence means less bombs. Likewise, it means less time over the target.

The planes of the Marine Corps and those of the U. S. Navy's aviation units were flying only 40 miles each way from the flat decks of the carriers when the Marines and the 24th Division of the U. S. Army were on the South Coast. Now that these two splendid fighting groups have been transferred to the area in the north the line is still only 75 miles each way from the carriers—a matter of 25 minutes. It is obvious that planes which have to fly 150 miles instead of 340 can carry more bombs and stay over the target for hours at a time and make more round trips.

But this isn't all of the story. The Marine Corps and Navy aviators are trained to work with ground personnel who direct the fire by radiophone so that it is as accurate if not more so in some instances than artillery fire. The bombers dive to the targets instead of flying at high altitudes. There's nothing so stimulating to ground troops than to see friendly planes actually knocking out enemy tanks and supply concentrations. Likewise the troops can move ahead promptly and take advantage of what this air artillery has cleared for them just as they always have been able to follow up ground artillery barrages.

Coordinated Quickly

Unfortunately there are not as yet enough marines in Korea and not enough aircraft carriers out there to help all of the Army's infantry but it is significant that the 24th Division troops have been coordinated quickly with the operations of the sea-based tactical air force, a circumstance due unquestionably to the marine combat communication teams which have been spread out among the Army troops, too.

Incidentally these low-flying aviators are using "Napalm," a kind of gasoline jelly or liquid bomb that burns everything around it when it lands and not only strikes at personnel but their supplies and equipment. More sea-based tactical air is on the way. Sooner or later there must be a big enough land base prepared in Korea so that the Navy and the Marine Corps fliers can also take off from and return to land strips for quick refueling and rearming and so that an increasing number of the U. S. Air Force's own tactical planes can be made available for ground support as the American troops move farther and farther inland.

These Days

By GEORGE E. SOKOLSKY

The Truly Big At Heart

SOMETIMES, I am asked why I like to wander away from great topics in the news to the simplicities of life in the Berkshires, where the pine and maple blend with oak, birch and wild cherry to make an atmosphere.

Reporters, like motion picture actors, are typed in the minds of readers. If a peep-hole columnist writes a serious thought, he is sometimes charged with stepping out of his role. If what Pegler calls a double-dome wanders into the by-paths of human interest, he is accused sometimes of deserting his post.

Life is not a mosaic of big events, which look little, almost microscopic, in history, nor is it the tale of great men who, for a moment only, bestride the pages of newspapers to disappear forever in their obituary columns. To popularize a vice president for a few seconds of eternity, they called him a veep, but most of our vice persidents, no matter what their ponderosity, are forgotten even in their own generation.

Historic life is a continuous story of a whole people, of simple people as well as those who clamor in the spotlight often of their own devising. I feel that so strongly each summer as I work in these Berkshire hills, reading the books, pampalets and monographs that have accumulated over the season when perhaps the legs move more often than the mind.

And here, too, there has been the leisure, in the midst of a war, to listen to an enormous quantity of Bach, done as only Koussevitzky and the Boston Symphony can do it at Tanglewood. It is so difficult to listen to music in a hall, in a big city, after having heard Bach's B Minor Mass, with a chorus trained by Hugh Ross, at Tanglewood. The mountains do something to music, and listening without pressure and leaving the place, without street noises and street smells, gives the listener a chance to recall and to remember not only the music but his emotional responses.

Up here, the folks are simple, too. The other day, my friend, Edward S. Rogers, died at the age of 86. He had, for decades, been the treasurer of the Mutual Savings Bank in Lee. He did not change the world nor leave his impress on the map of nations, but he helped folks when they could not meet their mortgages or when they had to send a better-than-ordinary child to school, or when the husband died and the widow knew nothing about handling her small savings. That was his job in life and he developed a personality to meet his social responsibilities.

In this very small town, he was a very big man, but that hardly mattered. For his was one of those prodigious memories that knew not about literature and history but the very essence of our culture. He could recite most of the best poetry and I have often suspected that some that he quoted to make a point was of his own composition. He was more than acquainted with Beethoven, Brahms, Bach and Mozart. He was one of the founders of Tanglewood.

He also could recount the genealogy and history of every family in these parts and trusted men by their character rather than by a bank statement. Big city bankers can handy do that these days, because bank examiners know nothing about character but only read reports. Yet, many a man who failed, and therefore needed help, eventually contributed brilliantly: I cite Thomas Edison as one example.

So Edward Rogers is dead and a new generation steps in with adding machines and even mechanical brains to aid them, but with less of the softness, gentleness and, at the same time, tough common sense that produces the old New England that, it seems centuries ago, built Ohio and Michigan and so much else of America.

One who deals with mighty events needs this respite, or else the perspective is gone and everything seems so important and everybody so colossal. Perhaps it is because so few of those of us who dwell and toil in cities leave them, as though on retreat, that humility has disappeared from our lives, particularly among our rulers. They strut their little stages, forgetting that as compared with one mountain peak we are all pigmies in time and space.

Concetta Rose Caporale Is Bride Of James Monteleone

Rev. Hopkins Officiates

Miss Concetta Rose Caporale, daughter of Mr. and Mrs. Augusto Caporale, 120 West Third Street, became the bride of James Monteleone, son of Mr. and Mrs. Nicholas Monteleone, 206 Oak Street, August 19.

The wedding ceremony was solemnized at 3 o'clock in St. Mary's Catholic Church, which was decorated with bouquets of flowers, candelabra of tapers and banked with ferns and palms. Rev. Robert Hopkins officiated at the ceremony.

Miss Betty Caporale was her sister's maid of honor. Other members of the bridal party were Miss Shirley Burns, Mrs. Romona Ocheltree, Miss Mary Madeline DeMartino, Miss Angela Cifala, bridesmaids; Mary Catherine Spera, flower girl; and Benny Deetz, ring bearer.

David Caporale, brother of the bride, served as Mr. Monteleone's best man and the ushers were Carl Boscia, Baltimore; Kenneth Earle, Pasquale DeMartino and Jack Nevy.

Planning a rainbow wedding, the bride, who was given in marriage by her brother, Felix Caporale, was attired in a yellow lace satin, fashioned with round neckline with a bertha collar and short sleeves. With it she wore a double strand of pearls, lace mitts and a full length bridal veil. She carried an arm bouquet of yellow roses, which she placed at the feet of the statue of the Blessed Virgin, after her marriage. Coming out of church she carried a prayerbook with orchid marker and shower of satin streamers.

Her bridesmaids wore hoopskirt gowns of organdy over taffeta trimmed in lace, and caught up with tiny blossoms. They were made complementary to the bride's with round neckline, short sleeves and lace trimmed bertha. Their hats matched their gowns and they carried bouquets of pastel colored assorted flowers. The maid of honor was in sky blue; Miss Burns, orchid; Mrs. Ocheltree, aqua; Miss DeMartino, light green; Miss Cifala, pink; and the little flower girl, light blue.

Mrs. Caporale and Mrs. Monteleone chose Navy blue with white accessories for the wedding. Each had a white orchid corsage.

The bride attended St. Mary's High School and is employed at Rand's Self Service Store. The bridegroom attended Fort Hill High School, served four years in the Army with duty in the European Theater of Operations and is employed by the Baltimore and Ohio Railroad Company.

Mr. and Mrs. Caporale entertained with a wedding reception at their home following the ceremony. Bouquets of white asters were used throughout the house and in decorating the table. A miniature bride and bridegroom with wedding bell adorned the tiered wedding cake.

For their wedding trip to Florida the bride wore a Navy blue and white costume and her orchid corsage. Upon their return Mr. Monteleone and his bride will reside on Grand Avenue.

Duplicate Club Forms

The recently organized Cumberland Duplicate Bridge Club will hold its opening session of the fall and winter season September 7 at the Fort Cumberland Hotel. Thereafter play will be every Thursday night until the end of April, with play beginning promptly at 8 o'clock. Awards will be given each evening.

Kibitzers, or anyone who enjoys watching duplicate bridge, are welcome to attend, Albert D. Heacox, president of the club, has announced. Other officers are S. Russ Minter, secretary; and Mrs. Norman W. Taylor, treasurer.

George Ward, who has conducted duplicate tournaments here for the past 10 years, is to be the director. He is being assisted by Clyde Rowe.

Anyone interested or intending to play may contact Mrs. Taylor. Tickets for the season or individual sessions may be purchased at the hotel office.

Circle To Have Picnic

A picnic lunch will be served on the lawn of Emmanuel Episcopal Church, from 1 a. m. until 2 p. m. tomorrow, under the sponsorship of Mrs. Perry A. Nicklin's Circle. In case of rain it will be held in the parish house. The public is invited.

The historical tunnels under the church will be open to the public and Mrs. John Berry will have the following guides to take children through: Peter Berry, David Berry, Ted Troxell, Edward Andrews and George Beall, Frostburg.

Mrs. Owen E. Hitchins and Mrs. Henry W. Price will be in charge of the sandwich grills, assisted by Mrs. P. J. Arendes, Mrs. Harry E. Weber and Mrs. Henry Schaidt. Mrs. W. L. Wilson, Sr., will be in charge of the coffee table, assisted by Mrs. J. Kile Coward and Mrs. Arthur Tyler.

In addition to the picnic lunch there will be a cake table with Miss Anna Reed in charge and Mrs. Leonard Cooper and Mrs. William P. Rizer assisting. Mrs. Thomas W. Stingley will be in charge of the white elephant table with Mrs. O. L. Shirey and Mrs. Clayborn M. James assisting. The household articles table will be under the direction of Mrs. Cara Little Ebert assisted by Mrs. Peter E. Berry and Mrs. William H. Walker.

Past Councilors Meet

The Past Councilor Club of Pride of Allegany Council No. 110, Daughters of America, met recently at the home of Mrs. Della Twigg, Hyndman. Mrs. Nancy Mangus and Mrs. Alverda Aberle were co-hostesses.

Mrs. Aberle presided. The Scripture reading was given by Mrs. Audrey Crabtree. After luncheon games were played and prizes won by Mrs. Elsie Lehr, Mrs. Arbutus Lohr, Mrs. Annetta Fradiska, Mrs. Mae Copeland and Mrs. Margaret Fayman. Twenty members attended.

The next meeting will be held at 8 o'clock September 13 at the home of Mrs. Anna Dawson, 207 South Lee Street, with Mrs. Anna Johnston as co-hostess.

Social Chart

The women of St. Anthony's Catholic Church, Ridgeley, are sponsoring a baked ham supper Thursday from 5 until 8 o'clock in the church basement.

The Ladies Aid Society of Trinity Lutheran Church, Circle 1, will hold a rummage sale at 6:30 tonight in the parish hall.

DEMOLAY QUEEN—James J. Kave, dad of Cumberland Chapter, Order of DeMolay, crowned Charlotte Barringer queen of the chapter at the first of a series of dances Friday night at Ali Ghan Country Club. Shown above with her are Harry Diehl, her escort, and James Williams, chairman of the dance.

Malta Dames Have Picnic

Potomac Sisterhood 284, Dames of Malta, entertained with a picnic and outing recently at Mrs. Mae Copeland's summer cottage near Hyndman. Plans also were discussed for having another outing in a few weeks.

It was announced that the regular meeting of the sisterhood will be held at 8 tonight at Junior Order Hall.

During the recreational period various prizes were awarded for different events. Mrs. Janet Dickerhoff and Mrs. Edith Bittinger won prizes for a duet; Mrs. Bittinger, in the watermelon contest; Mrs. Copeland, the stout lady; John Habel, the stout man; Mrs. Viola Hudson, the thin lady; Mrs. Agnes Baker, director of the chorus; Mrs. Gladys Short, the beauty contest; and Thomas Williams for being the best publicity announcer.

Children's prizes were won by James Wilson, singing "Happy Birthday;" Charles Wilson and Glenn Bittinger, calling contest; and Phyllis Nichol, racing.

Others present were Mrs. Almeda Brown, Mrs. Effie Brant, Mrs. Nettie Aberle, Mrs. Marie Lear, Mrs. Edith Cessna, Mrs. Zetta Eyre, Mrs. Otie Fazenbaker, Mrs. Elda Schell, Mrs. Bertie Wilkes, Mrs. Dorothy Boone, Sandra Boone; Mrs. Ethel Shanholtzer, Mrs. Betty Lou Cruthers, Mrs. Grace Kolb, Edgar Kolb, Mrs. Vera Boone, Mrs. Millie Holderbaum, Mrs. Maxine Brown, Carlene, Mrs. Josephine Glades, Larry Glades, Mrs. Maggie Brady, Mrs. Idella Stevens, Miss Florence Shaffer, Miss Phyllis Copeland, Mrs. Nancy Mangus, Mr. and Mrs. Charles Shaffer, Oscar Bittinger, Mr. and Mrs. Charles Struby, Fae Struby, Mr. and Mrs. James Kerns, Mr. and Mrs. James Wilson, Bonnie Wilks, Mrs. Ruth Busch, Mrs. John Habel, Mr. and Mrs. Clyde Shaffer, Donald Shaffer and Irma Jean Shaffer.

Personals

Mr. and Mrs. George Thomson, North Bay, Ontario, are visiting Mary W. Thomson, 2 Grandview Terrace.

Mr. and Mrs. Homer Bible have returned to Wyandotte, Mich., after visiting the former's mother, Mrs. Ida Bible, 219 Willowbrook Road, and other relatives in Flintstone.

Mr. and Mrs. Charles R. Barbe, 224 Beall Street, and Mr. and Mrs. Louis Grant, LaVale, are vacationing in New York and Canada.

Cumberland DeMolay Has First Of Series Of Dances

Queen Is Crowned

Harry Diehl achieved most points for his activities in the various phases of DeMolay work, and his partner at the dance held by Cumberland Chapter Order of DeMolay was crowned DeMolay Queen at the party Friday night at Ali Ghan Country Club. Charlotte Barringer was crowned queen with James J. Kave, dad of the chapter, officiating.

Points are awarded by regional advisors for attendance at meetings, church, obligatory days, participation in rituals, civic affairs, choir and petitions. High points of 18,050 were received by Mr. Diehl.

The dance was semi-formal with Al Fisher and the Key Notes orchestra playing. The dances are being held at the end of every four-month period and a queen is to be crowned during intermission at each dance. Proceeds are for the DeMolay Foundation which covers 800 acres in the Ozark Mountains, a gift to DeMolay. Each state is working to establish camps to care for 1,000 DeMolay needy cases at a time.

Attending were Mr. and Mrs. James J. Kave, Owen Morris, James Williams, James Chenowith, Lee Hodgson, Jack Wilkins; Alene Billings, James Yoder; Ruth Farille, Dale McIntyre; Sylvia Kroll, James R. Shinholt; Sharon Cooper, Charles R. Spooler; Ruth Fisher, Kenneth McGraw; Audrey Fisher, Wesley McGraw; Virginia Miller, Norman Miller; Anna Ruth Knipper, Bruce Phillips; Jean Keefauver, Don Keefauver; Donna Foley, Ray Stevenson; Mary Anne Lewis, F. Yates Borden; Charlotte Gardner, James W. Proudfoot; Mary Bopp, Roy Comer.

A meeting of the North End Playground Association will be held at 8 tonight in the field house to make final plans for the festival to be held August 29 through September 1.

The Navy Mothers' picnic will be held in Mrs. Pauline Shaffer's cottage, Millenson's Mill, tomorrow. A bus will leave Central YMCA at 1:30.

District 16, North Branch Volunteer Fire Company Auxiliary, will hold a penny supper from 5 until 8:30 tomorrow. Square dancing will follow.

Shirley M. Thorpe Becomes Bride Of Jack H. Weaver

Ceremony Performed In Bethany Church

Miss Shirley Mae Thorpe, 217 Glenn Street, daughter of Mrs Peggy Thorpe, became the bride of Jack Harold Weaver, son of Mr. and Mrs. Jesse H. Weaver, 721 Glenmore Street, August 18. The wedding ceremony was solemnized at 8 p. m., in Bethany Evangelical United Brethren Church, with Rev. C. K. Welch officiating.

Mrs. Evelyn Haines, sister of the bridegroom, was the matron of honor and the bride's only attendant. Allen Thorpe, brother of the bride, served as Mr. Weaver's best man.

The bride was attired in an aqua colored suit, with which she wore white accessories and a corsage of gardenias. Her attendant wore a print silk with white accessories and a corsage of white rosebuds.

Mrs. Thorpe chose an aqua costume for her daughter's wedding and Mrs. Weaver was attired in a gray satin dress with which she wore gray hat and gloves. Both had corsages of red rosebuds.

The bride attended Fort Hill High School and was employed at the Gladys Shop. The bridegroom was graduated from Fort Hill High School in 1945. A veteran of 18 months' service with the Navy in the Pacific, he is employed by the Baltimore and Ohio Railroad Company.

Mr. and Mrs. Weaver entertained with a wedding reception honoring their son and his bride at their home following the ceremony. Flowers were used throughout the house and a miniature bride and bridegroom adorned the tiered wedding cake. Approximately 30 guests attended.

Mr. Weaver and his bride left for a wedding trip to Atlantic City. Upon their return they will reside at 721 Glenn Street.

A cafeteria supper will be held in the social rooms of St. Mark's Evangelical and Reformed Church tonight from 5 until 7 o'clock.

Concetta Rose Caporale Is Bride Of James Monteleone

Rev. Hopkins Officiates

Miss Concetta Rose Caporale, daughter of Mr. and Mrs. Augusto Caporale, 120 West Third Street, became the bride of James Monteleone, son of Mr. and Mrs. Nicholas Monteleone, 206 Oak Street, August 19.

The wedding ceremony was solemnized at 3 o'clock in St. Mary's Catholic Church, which was decorated with bouquets of flowers, candelabra of tapers and banked with ferns and palms. Rev. Robert Hopkins officiated at the ceremony.

Miss Betty Caporale was her sister's maid of honor. Other members of the bridal party were Miss Shirley Burns, Mrs. Romona Ochel-tree, Miss Mary Madeline DeMartino, Miss Angela Cifala, bridesmaids; Mary Catherine Spera, flower girl; and Benny Deetz, ring bearer.

David Caporale, brother of the bride, served as Mr. Monteleone's best man and the ushers were Carl Boscia, Baltimore; Kenneth Earle, Pasquale DeMartino and Jack Nevy.

Planning a rainbow wedding, the bride, who was given in marriage by her brother, Felix Caporale, was attired in a yellow lace satin, fashioned with round neckline with a bertha collar and short sleeves. With it she wore a double strand of pearls, lace mitts and a full length bridal veil. She carried an arm bouquet of yellow roses, which she placed at the feet of the statue of the Blessed Virgin, after her marriage. Coming out of church she carried a prayerbook with orchid marker and shower of satin streamers.

Her bridesmaids wore hoopskirt gowns of organdy over taffeta trimmed in lace, and caught up with tiny blossoms. They were made complementary to the bride's with round neckline, short sleeves and lace trimmed bertha. Their hats matched their gowns and they carried bouquets of pastel colored assorted flowers. The maid of honor was in sky blue; Miss Burns, orchid; Mrs. Ocheltree, aqua; Miss DeMartino, light green; Miss Cifala, pink; and the little flower girl, light blue.

Mrs. Caporale and Mrs. Monteleone chose Navy blue with white accessories for the wedding. Each had a white orchid corsage.

The bride attended St. Mary's High School and is employed at Rand's Self Service Store. The bridegroom attended Fort Hill High School, served four years in the Army with duty in the European Theater of Operations and is employed by the Baltimore and Ohio Railroad Company.

Mr. and Mrs. Caporale entertained with a wedding reception at their home following the ceremony. Bouquets of white asters were used throughout the house and in decorating the table. A miniature bride and bridegroom with wedding bell adorned the tiered wedding cake.

For their wedding trip to Florida the bride wore a Navy blue and white costume and her orchid corsage. Upon their return Mr. Monteleone and his bride will reside on Grand Avenue.

Duplicate Club Forms

The recently organized Cumberland Duplicate Bridge Club will hold its opening session of the fall and winter season September 7 at the Fort Cumberland Hotel. Thereafter play will be every Thursday night until the end of April, with play beginning promptly at 8 o'clock. Awards will be given each evening.

Kibitzers, or anyone who enjoys watching duplicate bridge, are welcome to attend, Albert D. Heacox, president of the club, has announced. Other officers are S. Russ Minter, secretary; and Mrs. Norman W. Taylor, treasurer.

George Ward, who has conducted duplicate tournaments here for the past 10 years, is to be the director. He is being assisted by Clyde Rowe.

Anyone interested or intending to play may contact Mrs. Taylor. Tickets for the season or individual sessions may be purchased at the hotel office.

Circle To Have Picnic

A picnic lunch will be served on the lawn of Emmanuel Episcopal Church, from 1 a. m. until 2 p. m. tomorrow, under the sponsorship of Mrs. Perry A. Nicklin's Circle. In case of rain it will be held in the parish house. The public is invited.

The historical tunnels under the church will be open to the public and Mrs. John Berry will have the following guides to take children through: Peter Berry, David Berry, Ted Troxell, Edward Andrews and George Beall, Frostburg.

Mrs. Owen E. Hitchins and Mrs. Henry W. Price will be in charge of the sandwich grills, assisted by Mrs. P. J. Arendes, Mrs. Harry E. Weber and Mrs. Henry Schaidt. Mrs. W. L. Wilson, Sr., will be in charge of the coffee table, assisted by Mrs. J. Kile Coward and Mrs. Arthur Tyler.

In addition to the picnic lunch there will be a cake table with Miss Anna Reed in charge and Mrs. Leonard Cooper and Mrs. William P. Rizer assisting. Mrs. Thomas W. Stingley will be in charge of the white elephant table with Mrs. O. L. Shirey and Mrs. Clayborn M. James assisting. The household articles table will be under the direction of Mrs. Cara Little Ebert assisted by Mrs. Peter E. Berry and Mrs. William H. Walker.

Past Councilors Meet

The Past Councilor Club of Pride of Allegany Council No. 110, Daughters of America, met recently at the home of Mrs. Della Twigg, Hyndman. Mrs. Nancy Mangus and Mrs. Alverda Aberle were co-hostesses.

Mrs. Aberle presided. The Scripture reading was given by Mrs. Audrey Crabtree. After luncheon games were played and prizes won by Mrs. Elsie Lehr, Mrs. Arbutus Lohr, Mrs. Annetta Fradiska, Mrs. Mae Copeland and Mrs. Margaret Fayman. Twenty members attended.

The next meeting will be held at 8 o'clock September 13 at the home of Mrs. Anna Dawson, 207 South Lee Street, with Mrs. Anna Johnston as co-hostess.

Social Chart

The women of St. Anthony's Catholic Church, Ridgeley, are sponsoring a baked ham supper Thursday from 5 until 8 o'clock in the church basement.

The Ladies Aid Society of Trinity Lutheran Church, Circle 1, will hold a rummage sale at 6:30 tonight in the parish hall.

Cumberland DeMolay Has First Of Series Of Dances

Queen Is Crowned

Harry Diehl achieved most points for his activities in the various phases of DeMolay work, and his partner at the dance held by Cumberland Chapter Order of DeMolay was crowned DeMolay Queen at the party Friday night at Ali Ghan Country Club. Charlotte Barringer was crowned queen with James J. Kave, dad of the chapter, officiating.

Points are awarded by regional advisors for attendance at meetings, church, obligatory days, participation in rituals, civic affairs, choir and petitions. High points of 18,050 were received by Mr. Diehl.

The dance was semi-formal with Al Fisher and the Key Notes orchestra playing. The dances are being held at the end of every four-month period and a queen is to be crowned during intermission at each dance. Proceeds are for the DeMolay Foundation which covers 800 acres in the Ozark Mountains, a gift to DeMolay. Each state is working to establish camps to care for 1,000 DeMolay needy cases at a time.

Shirley M. Thorpe Becomes Bride Of Jack H. Weaver

Ceremony Performed In Bethany Church

Miss Shirley Mae Thorpe, 217 Glenn Street, daughter of Mrs Peggy Thorpe, became the bride of Jack Harold Weaver, son of Mr. and Mrs. Jesse H. Weaver, 721 Glenmore Street, August 18. The wedding ceremony was solemnized at 8 p. m., in Bethany Evangelical United Brethren Church, with Rev. C. K. Welch officiating.

Mrs. Evelyn Haines, sister of the bridegroom, was the matron of honor and the bride's only attendant. Allen Thorpe, brother of the bride, served as Mr. Weaver's best man.

The bride was attired in an aqua colored suit, with which she wore white accessories and a corsage of gardenias. Her attendant wore a print silk with white accessories and a corsage of white rosebuds.

Mrs. Thorpe chose an aqua costume for her daughter's wedding and Mrs. Weaver was attired in a gray satin dress with which she wore gray hat and gloves. Both had corsages of red rosebuds.

The bride attended Fort Hill High School and was employed at the Gladys Shop. The bridegroom was graduated from Fort Hill High School in 1945. A veteran of 18 months' service with the Navy in the Pacific, he is employed by the Baltimore and Ohio Railroad Company.

Mr. and Mrs. Weaver entertained with a wedding reception honoring their son and his bride at their home following the ceremony. Flowers were used throughout the house and a miniature bride and bridegroom adorned the tiered wedding cake. Approximately 30 guests attended.

Mr. Weaver and his bride left for a wedding trip to Atlantic City. Upon their return they will reside at 721 Glenn Street.

A cafeteria supper will be held in the social rooms of St. Mark's Evangelical and Reformed Church tonight from 5 until 7 o'clock.

Potomac Park Area To Get Child Hygiene Clinic Soon

A child hygiene clinic will be established for the Potomac Park area in the basement of the new Potomac Park Evangelical United Brethren Church starting September 6 at 9:30 p. m., according to Dr. Winter R. Frantz, city and county health officer.

Two movies will be shown at 7:30 p. m. to illustrate public health work in communities.

Dr. Frantz will outline the Health Department's interest in child hygiene clinics. Mrs. Lester McGill, a lay health worker, will describe how the clinics are conducted. Miss Margaret Morrissey, public health nurse, who will be in charge of the clinic, will also address the group.

The clinics are part of the Health Department's program to detect defects in children so they may receive attention before permanent harm is done. Pre-school children are checked there and some are referred to other central clinics held by the Health Department in Cumberland.

For your beauty's sake, coddle your feet! When they suffer, so do your posture, walk and facial expression!

SECRETS OF CHARM

by JOHN ROBERT POWERS

THE FACE OF A WOMAN whose feet hurt may inspire sympathy or pity; but never admiration. There's no greater beauty thief than aching feet. They steal your poise, ruin your posture and take the grace out of your walk.

Many a lass, squeezing her toes into high-heeled pumps after a vacation spent in flimsy flats finds that she is in for days of agonizing awareness that her shoes are too full of feet. Why do women put up with this end-of-summer torture, when no matter what kind of shoes you wear, you can so easily avoid foot ailments? The right foot care will keep your feet from spreading, your arches from weakening and callouses from forming.

Dip and Rub

Callouses can be prevented or eliminated with a weekly foot soaking in warm, soapy water. After ten minutes or so of this comforting dip, and while your feet are still wet, use an abrasive such as pumice stone on the calloused spots. Pay special attention to the back of the heels.

Dry your feet thoroughly on a rough towel, slather them with rubbing alcohol and massage them upward from toes to ankles on top and undersides until the alcohol completely evaporates. Next, rub a little tube lanolin into spots where callouses develop. Use firm, rotary strokes until the residue is absorbed. Dust off with talc or baby powder and you'll find one of your foot problems finished.

For the sake of your comfort and strength of your metatarsals, make a habit of the following exercises:

For Young-Feeling Feet

1. Sit on the floor with your legs straight out. Stretch your feet down toward the floor as far as they will go. Then curl your toes under hard and hold for a count of five. With the toes still curled, bend your feet toward you and hold. Relax for a moment and then repeat ten times slowly.

2. Pick up a lead pencil with all the toes of one foot. (That's quite a job in itself!) Then twist your foot inward and try to write your name on a piece of paper. When you can do it with ease five times daily, the smile in your feet will put a smile on your face.

P. S. from J. R. P.

Potomac Park Area To Get Child Hygiene Clinic Soon

A child hygiene clinic will be established for the Potomac Park area in the basement of the new Potomac Park Evangelical United Brethren Church starting September 6 at 9:30 p. m., according to Dr. Winter R. Frantz, city and county health officer.

Two movies will be shown at 7:30 p. m. to illustrate public health work in communities.

Dr. Frantz will outline the Health Department's interest in child hygiene clinics. Mrs. Lester McGill, a lay health worker, will describe how the clinics are conducted. Miss Margaret Morrissey, public health nurse, who will be in charge of the clinic, will also address the group.

The clinics are part of the Health Department's program to detect defects in children so they may receive attention before permanent harm is done. Pre-school children are checked there and some are referred to other central clinics held by the Health Department in Cumberland.

For your beauty's sake, coddle your feet! When they suffer, so do your posture, walk and facial expression!

SECRETS OF CHARM

by JOHN ROBERT POWERS

THE FACE OF A WOMAN whose feet hurt may inspire sympathy or pity; but never admiration. There's no greater beauty thief than aching feet. They steal your poise, ruin your posture and take the grace out of your walk.

Many a lass, squeezing her toes into high-heeled pumps after a vacation spent in flimsy flats finds that she is in for days of agonizing awareness that her shoes are too full of feet. Why do women put up with this end-of-summer torture, when no matter what kind of shoes you wear, you can so easily avoid foot ailments? The right foot care will keep your feet from spreading, your arches from weakening and callouses from forming.

Dip and Rub

Callouses can be prevented or eliminated with a weekly foot soaking in warm, soapy water. After ten minutes or so of this comforting dip, and while your feet are still wet, use an abrasive such as pumice stone on the calloused spots. Pay special attention to the back of the heels.

Dry your feet thoroughly on a rough towel, slather them with rubbing alcohol and massage them upward from toes to ankles on top and undersides until the alcohol completely evaporates. Next, rub a little tube lanolin into spots where callouses develop. Use firm, rotary strokes until the residue is absorbed. Dust off with talc or baby powder and you'll find one of your foot problems finished.

For the sake of your comfort and strength of your metatarsals, make a habit of the following exercises:

For Young-Feeling Feet

1. Sit on the floor with your legs straight out. Stretch your feet down toward the floor as far as they will go. Then curl your toes under hard and hold for a count of five. With the toes still curled, bend your feet toward you and hold. Relax for a moment and then repeat ten times slowly.

2. Pick up a lead pencil with all the toes of one foot. (That's quite a job in itself!) Then twist your foot inward and try to write your name on a piece of paper. When you can do it with ease five times daily, the smile in your feet will put a smile on your face.

WILDLIFE EXHIBIT AT FAIRGO—Here's a close-up of the aquarium side of the wildlife exhibit trailer of the Maryland Game and Inland Fish Commission which may be viewed by the public during the Cumberland Fair this week. This specially constructed aluminum body trailer was purchased by the commission to promote more interest in the state's wildlife resources. The aquarium display features blue gill, rainbow trout, brown trout, small mouth bass and diamond back terrapin. On the opposite side the live game is displayed in cages and this exhibit includes 'coons, skunks, red fox, ducks (grey, mallard and black), pheasants and quail. The trailer is parked near the main exhibition hall at Fairgo.

Coe, Stranahan Win In National Amateur Tourney

Evans, Billows Among First Round Losers

By HAROLD CLAASSEN

MINNEAPOLIS, Aug. 21. (AP)—Charles Coe, the defending champion, and Frank Stranahan, the annual threat, moved into the second round of the golden anniversary national amateur golf tourney today with a display of shots that brought misery to most of their rivals.

Coe, the Oklahoma City man without muscles, stormed through his first opponent, Thomas Jamison of Greensburg, Pa., 5 and 4, with precision golf that bettered the 35-36 par of the 6,655-yard Minneapolis Golf Club course.

Stranahan, the Ohio millionaire who has almost as many muscles as he has dollars, measured Arnold Palmer of Latrobe, Pa., 5 and 3, in a match that lured most of the gallery.

These two, playing in opposite brackets and co-favorites for the championship that will be decided Saturday, were joined in the second round by such heroes of the past, present and future as Ted Bishop of Weston, Mass., Dick Chapman of Pinehurst, N. C., Gene Little of Seattle, Fred Wampler of Indianapolis, and Jim McHale of Bethlehem, Pa.

Chick Evans Loses

Knocked out after one day of trying to replace Coe as the champion were William (Dynamite) Goodloe of Valdosta, Ga.; Chick Evans, winner of the title in 1916 and 1920 and now 60 years old; Mason Rudolph, the junior champion; Stanley Bielat of Yonkers, the Public Links king; and Ray Billows of Poughkeepsie, N. Y., three times a runner-up.

The biggest surprise of the round was the loss by Goodloe, the Valdosta fat man. Goodloe hooked his drive off the first tee but finally squared the match on the 15th hole. He lost it to the unknown and unconcerned Dick Allman of Philmont, Pa., by driving out of bounds on the last hole.

Allman confesses he is an "80 or 90 shooter" at home and tomorrow he tangles with Willie Turnesa, the champion in 1938 and 1948 who drew a bye today.

McHale, a Walker Cup buddy of both Stranahan and Coe, eliminated Mike Gallagher of Augusta, Ga., 5 and 4, and becomes Stranahan's opponent tomorrow in the highlight of the 64-match program. Eighty-two matches were played today, reducing the field to the 128 players for the second round.

Chapman, the 1940 titlist, stopped Benno Janssen of Charlottesville, Va., 2 up, and Ted Bishop, the balding champion of 1946, had to go 19 holes before elminating George Bigham of Kansas City.

Wampler and Littler, two of the younger players so much in evidence in this tourney, brought ripples of excitement with their triumphs. It was Littler, a former Junior Chamber of Commerce national champion, who dumped Billows. Wampler, the Big Ten and national collegiate king, stopped Perry Byard of Birmingham, Mich., 4 and 3.

Evans, keeping intact his record of playing in every amateur since 1907, was even with Herb Sloan of Kansas City, through 15 holes. He lost the 16th and then moaned as he lost the 17th and match. 2 and 1, that "this 422-yard hole is too long for an old man."

Rudolph bowed to Jack Munger of Dallas, 3 and 1, and Bielat lost to Harry Pailer of St. Louis, 4 and 2.

Play 22-Hole Match

The day's longest match was a 22-hole honey in which Larry Moller of Quincy, Ill., Notre Dame's first golf captain, outlasted Jim Johnstone of Minneapolis. The quickest triumph was the 8 and 7 verdict tacked up by Tom Jones of Youngstown, Ohio, over Alex Janssen of Charlottesville, Va.

Chisholm, Collins Named Pilots For All-Star Contest

Peter J. Carpenti, chairman of the executive board of the Cumberland Dapper Dan Club, last night announced the appointment of Robert V. Chisholm and Bob Collins as managers of the teams for the league's all-star game at Penn Avenue Field tomorrow night.

Chisholm is manager of the Tigers, winners in the Dan Division. Collins is pilot of the Red Sox, current pacesetters in the Dapper Division.

Dan Division managers who will serve as coaches are Norman Gerdeman (Indians); George Wolfe (Dodgers) and Earl Nonneman (Braves).

Coaches for the Dapper Division All-Stars are Ralph Hampson, Pirates; Howard Northcraft (Phillies) and Al Paye (Yankees).

Carpenti stated that arrangements are under way to have two former professional players act as guest managers.

The board chairman reported that the advance sale of booster tickets is heavy.

Braves	3	13	.188

The Pirates moved to within a half game of first place in the Dapper Division of the Little Baseball League yesterday by defeating the Phillies at Taylor Field, 12-4, while the Yankees were spilling the league-leading Red Sox at East Side to the tune of 4-3.

Coupling five hits with two walks, the Pirates scored six runs in the first inning and were never headed thereafter. The rally was featured by doubles by Joe Webb and Coates and one-base knocks by Robinson, Simpson and Joyce.

Larry Wheeler, Joe Webb and Jimmy Simpson starred afield for the winners robbing Jay Kaplon and George Crass of what appeared to be extra base hits. Grimes held the Phils, who were dropped into last place, to six hits, two of which were obtained by Ronnie Winters. Simpson led the Buccos with three hits while Robinson, Wheeler and Apple had two blows each.

Lewis went all the way and struck out nine as Manager Al Paye's Yankees took the Red Sox into camp. Only nine hits were made in this game. Billmeyer, who pitched the first three innings for the Sox, fanned eight.

Norman Gerdeman's Indians downed "Sparky" Chisholm's Tigers, 7-4, in a Dan Division thriller last night under the lights at Penn Avenue Field.

Trailing 7-1 going into the last frame, the Champions almost pulled the game out of the fire with a last ditch rally that netted four runs. Morris, first up, hit for the circuit but was called out for not touching third base. Jerry Landis his his 10th homer of the season. Lewis singled, McGregor got a life on an error and Weatherholt drew a pass, filling the bases. Then Johnny Hann tripled. The next batter fanned to end the game.

Don Paye, Indians' twirler, fanned 14 while Lewis and McGregor whiffed 10 between them. The loss was Lewis' first of the season. Billy Groves collected two of the Indians' hits.

The last place Braves suffered their 13th defeat at the hands of the Dodgers in a game played at Stitcher Field. The score was 15-1.

Wayne Murray, Dodgers' moundsman, fanned 14 and gave up only three singles. The Dodgers fell on Reed, Wolford and Knippenberg for 15 safeties. Paul Eaton larruped a homer, double and single and hammered home five runs, Regis Fair and Murray had three blows each and Buzzard and Valentine had two apiece. Beck, Sharer and Barb garnered the Braves' hits. Scores:

Curt Simmons Blanks Giants, Phils Win, 4-0

21-Year-Old Hurler Bags 16th Triumph

NEW YORK, Aug. 21 (AP)—Young Curt Simmons stopped the Giants cold with four hits today as the pace - setting Philadelphia Phillies whipped the New Yorkers, 4-0.

Thus the high-riding Phils maintained their fat 5½ game edge over Brooklyn's Dodgers who beat Pittsburgh, 3-2, in another afternoon tilt.

Simmons, in notching his 16th victory of the year, fanned five, walked two, and was in serious trouble only once.

With two out in the eighth, the Giants filled the bases on two singles and a walk. But the 21-year old southpaw pulled out of the hole by getting Don Mueller on a roller.

The Phils backed up Simmons' classy pitching with a ten-hit attack against Larry Jansen, New York's top hurler.

Puddinhead Jones accounted for the first run in the fourth with his 25th homer of the year and Andy Seminick clouted his 17th home run in the seventh to start off a three-run splurge in that frame. Box:

Paw Paw Braves Beat Black Sox

PAW PAW, W. Va., Aug. 21 — The Paw Paw Braves defeated the Cumberland Black Sox here Sunday by the score of 6-3.

James "Schooner" Spencer went the route for Manager Irvin Bullett's aggregation, limiting the Braves to seven hits and firing the third strike past nine batsmen.

The winners pilfered eight bases, James Largent being credited with four of the thefts.

Batteries:

Cumberland — Woodson, Redman and Darr, Smith. Paw Paw — J. Spencer and O. Edmonson.

The game between Paw Paw and Great Cacapon was halted in the third inning by rain on Saturday.

Bromwich, Sedgman Top Mulloy, Talbert In Finals

NEW DAVIS COACH — Francis J. Maleonski, above, is the new basketball coach at Davis (W. Va.) High School. He succeeds Weider Pell, coach and teacher at Davis High for three years, who has accepted a similar position at Wilmington (Ohio) High School. Maleonski, a graduate of Davis High, Class of 1939, was chosen as all-state guard in basketball this year. He attended Shenandoah College, Dayton, Va., for two years and received his bachelor of arts degree in physical education and social studies at Shepherd College in June. He saw service in India during the Second World War.

Brough-duPont Duo Cops Women's Crown 9th Straight Year

By BILL KING

BROOKLINE, Mass., Aug. 21 (AP) — The U. S. Davis Cup team's chances of making its fourth consecutive successful defense against the challenging Australians appeared endangered after Jack Bromwich and Frank Sedgman defeated Gardnar Mulloy of Miami, and Bill Talbert of New York, 7-5, 8-6, 3-6, 6-1, for the national doubles tennis title today at Longwood.

The women's titles were won in easy fashion, for the ninth straight year, by Louise Brough of Beverly Hills, Calif., and Mrs. Margaret Osborne duPont of Wilmington, Del., 6-2, 6-2, from Doris Hart of Miami, and Shirley Fry of Akron, Ohio.

Before playing for the titles, Bromwich and Sedgsman completed Saturday's rain - interrupted semi-final with countryman Ken Mcregor and Tony Trabert of Cincinnati, for a 6-4, 4-6, 7-5, 6-4 victory.

Bromwich, who also won the national teams titles with Australian teammates Billy Sidwell and Adrian Quist last year and in 1939, appeared off his game in the semi-final match.

But he was steady as a rock during the championship match, which he dominated by a wide margin.

Against Mulloy and Talbert, titlists four times since 1942, the Australians employed forcing tactics that enabled them to command the net at most stages.

For the most part, they were content to keep the ball in play and force opposition errors.

Only in the third set were the American Davis Cup veterans able to hit their normal stride but they wilted badly and were widely outplayed during the final set.

Mulloy and Talbert depended upon smashing most of the time. Their overhead smashes enabled them to total 39 placements against the Australians' 32. But the Americans piled up 86 errors, including 58 smashes into the net, against a total of 74 miscues for the visitors from "far under."

Miss Brough and Mrs. duPont needed only 41 minutes to trounce their opponents, who rank second nationally.

Miss Hart and Miss Fry had beaten the long - time defenders twice this season and as recently as last week at nearby Manchester.

Both pairs of women finalists totaled 15 earned points but the victors made only 31 errors against 46 while cracking Miss Hart's service twice and Miss Fry's thrice.

Negro Girl Will Play In Tourney

Althea Gibson's Entry Is Accepted By USLTA

FOREST HILLS, N. Y., Aug. 21 (AP)—The entry of Althea Gibson of New York was accepted today for the national tennis championships, making her the first negro to play in the grass court fixture.

The tournament acceptance committee of the U. S. Lawn Tennis Association announced Miss Gibson as one of 52 women who will begin competition at the West Side Tennis Club next Monday.

Eliminations in the men's singles begin Friday.

Negroes have played in national clay court and indoor tournaments but never before in the grass court championships.

Miss Gibson, 22, was runnerup to Nancy Chaffee of Ventura, Calif., this year in the National Indoor Tournament.

She also won the eastern indoor title and played in both the national clay court and eastern grass court championships.

Moose Top Elks By Score Of 7-6

A six-run rally in the fourth inning capped by Frank Williams' two-run homer enabled the Loyal Order of Moose to edge the Elks by the score of 7-6 yesterday in a Rocking Chair Softball League game at Penn Avenue Field.

The winners collected 13 hits, including three each by Williams and Nicholson. Harry Minnicks hit safely twice and drove in four runs. Van Roby of the Elks had two of his team's seven blows. The win was Ray Frye's 10th of the season.

Today the Eagles play the Amvets at Fort Hill and the Knights of Columbus battle the Goodfellowship Club at Campobello. Score:

B.P.O. ELKS	110	301	0—6	7	0
MOOSE	100	600	x—7	13	3

Radio And TV To Pay Majors $975,000 For World Series

Gillette And Mutual Get Exclusive Rights

CINCINNATI, Aug. 21. (AP)—Major league baseball and its player pension fund will be enriched by almost a million dollars by the telecast and radio broadcast of the 1950 world series.

Baseball Commissioner A. B. Chandler announced today that the Gillette Safety Razor Company and the Mutual Broadcasting Company had been granted exclusive radio and teleision right for the 1950 series. The television contract will bring baseball $800,000 and the radio broadcast will bring in an additional $175,000.

All of the money goes into the major league central fund. That corresponds to the sinking fund of any big business. The $175,000 from radio, however, always is earmarked toward payment of the premium on the Baseball Players' Pension Fund.

The difference between that and the approximately $200,000 of the premium is made up from the remainder of the central fund.

There was competition this year for the television rights. The Dumont network also offered a bid but under an agreement reached last year Gillette and Mutual were given the right to meet any competing bid. Gillette and Mutual had the rights in 1949 when the television rights went for $200,000 and the radio rights for $175,000.

The television outlets have not yet been selected except for New York, Chicago and Boston.

Today's agreement made radio broadcasts and telecasts the big business of world series receipts. Unless one of the clubs with the bigger parks is a pennant winner, the receipts from telecasts and broadcasts may exceed the receipts from ticket sales.

Television first figured in the receipts back in 1947 when the rights were sold for $65,000. And in 1903 when the first world series was held the total receipts were only around $50,000.

The sudden surge in the price for rights to telecast the world series comes from the rapid rise in the sets available. Regions within the television station areas are loaded with receiving sets — in private homes, restaurants and taverns. It has been estimated that there are 5,000,000 television sets in the area served by the coaxial cable as compared with only 1,750,000 last year. That has been figured up as a minimum of 20,000,000 watchers of the world series—four persons to a set.

Brooklyn Defeats Bucs On Russell's Steal Of Home, 3-2

PITTSBURGH, Aug. 21 (AP)—The Brooklyn Dodgers pulled one of their 1949 championship tricks, the double steal, out of Barney Shotton's old hat to beat the Pittsburgh Pirates, 3-2, for their fourth consecutive triumph today.

Jim Russell, on the scoring end, and Duke Snider, surprised the Bucs with the winning play with Jackie Robinson at bat and two out in the fifth inning.

Jim Russell, on the scoring end, and Duke Snider, surprised the Bucs with the winning play with Jackie Robinson at bat and two out in the fifth inning.

Don Newcombe, registering his 13th victory, went the route. The big righthander allowed 10 hits, four in the fourth when a double by Johnny Hopp and singles by Danny O'Connell, Dan Murtaugh and Clyde McCullough accounted for both Pittsburgh runs.

Willie Werle, who lost his 11th game against 6 wins, permitted the Brooks 8 hits including singles by Jackie Robinson, Carl Furillo and a double by Roy Campanella in the second inning when Brooklyn scored two runs.

Ralph Kiner, after hitting three homers in as many games to go ahead of Babe Ruth's record, was held to three singles. He is now even with Ruth — 37 homers for 115 games. Box:

Boxing Head Resigns — LaVale Has Guardian

CCC Wins 6 Out Of 9 — Mountain Top In Step

By C. V. BURNS

Francis D. Smith has resigned as AAU boxing chairman of the Cumberland area, a post he has held since October, 1949, to take up a three-year course in chiropractic at the Logan Basic College of Chiropractic in St. Louis, Mo. "Smitty" left on Sunday for St. Louis.

Frankie Smith

A product of the old K. of C. amateur boxing shows where he started boxing in 1927, Smith saw nine years' service in the ring as a simon pure and professional. He began as a flyweight in the days when belt buckles and sox were the trophies awarded boxers.

"Smitty" and Jack Rorick put on several sizzling battles here. Frankie was a southpaw in those days but he changed over after joining the pros.

Smith has has 106 ring battles and he claims he won 84 of them.

He served in the Navy for eight years and for the past three years was salesman for Queen City Motors.

The LaVale Club, current pacesetter in the County Softball League, holds a slim one-game lead over Wellersburg.

That's nothing usual because LaVale's lead has been down to a single game several times in recent weeks.

But LaVale seems to have a guardian angel in the person of Adam Budnick who manages to drop into town and wins just at the time it appears as though the front-runners are about to take a dive.

Manager Gene Scaletta says that Budnick's parents live on a farm near Glassport, Pa., and Adam can't get here for every game but he manages to blow in when the going gets hottest and saves the day.

If he doesn't make connections one of these times it could mean curtains for LaVale.

Adam starred for the Amvets in the City League last season, winning 12 of 13 starts. The LaVale team has won 27 and lost 11 to date. Budnick's record is 17 wins, 3 losses.

Now that the football season is just around the corner, local high school coaches are steering clear of self-styled "big league" scouts.

You can't blame them after what happened over at Ridgeley High last season following the visit of the "scout from Michigan."

One decent thing about that fellow was that he did leave the boys their trousers.

Credit Les Biederman, Pittsburgh sports writer, with re-telling one of the year's best fish stories.

There's a fountain in the courtyard of the Chase Hotel in St. Louis where all visiting major league teams stay. The fountain has been dry for years and a hotel employe explains it this way:

"We had a goldfish there once upon a time. But ballplayers sitting around used to throw cigaret butts into the pond. The goldfish got the nicotine habit and started leaping out of the water anytime a man would drop a cigaret butt nearby.

"This wasn't so bad but when the fish began squirting tobacco juice back at the guests, it was too much. They closed the pond!"

Barrelville, fighting for a spot in the Pen-Mar Baseball League playoffs, lost the services of a regular pitcher for the remainder of the season when Dewey Phillips, suffered a broken arm in an automobile accident on Saturday. It was his pitching arm. Phillips played a leading role for the 1949 Barrelville team which finished the regular season in first place and then won out in the playoff.

Trout Registers 7th Win In Row Over Browns, 7-1

Detroit Tigers Boost Lead To 3½ Games

DETROIT, Aug. 21 —Detroit Tiger Paul (Dizzy) Trout continued his amazing comeback today as he posted his seventh straight decision, a neat four-hit 7-1 verdict over the St. Louis Browns.

The big righthander's performance boosted Detroit's American League lead to 3½ games over the second place New York Yankees who were idle today.

The two league-leading clubs open an important three-game series in New York tomorrow.

Vic Wertz and Hoot Evers each gave Trout a big helping hand with a three-run homer. Wertz got his 25th of the year off righthander Al Widmar in the first inning after Don Kolloway and George Kell had singled.

Evers banged his No. 19 in the eighth inning off relief pitcher Cliff Fannin to score behind Kolloway and Wertz, who had singled.

Trout fanned seven Brownies while notching his 11th win as against two losses—the best pitching record in the American League. He struck out the side in the fifth and ended the game on a triumphant note by getting pinch-hitter Hank Arft to go down swinging for the final out. Box:

Bone Specialist Will Examine Ailing Tigers

DETROIT, Aug. 21 (AP) — The Detroit Tigers announced today that they are sending their ailing pitching stars, Virgil Trucks and Teddy Gray, to St. Louis for examination tomorrow by Dr. Robert F. Hyland, noted bone specialist.

Trucks has been sidelined since May 19 by a sore shoulder which has failed to respond despite numerous treatments. Gray, who failed to finish his last five starts, also has been undergoing medical treatment for a sore arm.

Gray has won 10 and lost 5, trucks 3 and 1.

WILDLIFE EXHIBIT AT FAIRGO—Here's a close-up of the aquarium side of the wildlife exhibit trailer of the Maryland Game and Inland Fish Commission which may be viewed by the public during the Cumberland Fair this week. This specially constructed aluminum body trailer was purchased by the commission to promote more interest in the state's wildlife resources. The aquarium display features blue gill, rainbow trout, brown trout, small mouth bass and diamond back terrapin. On the opposite side the live game is displayed in cages and this exhibit includes 'coons, skunks, red fox, ducks (grey, mallard and black), pheasants and quail. The trailer is parked near the main exhibition hall at Fairgo.

Coe, Stranahan Win In National Amateur Tourney

Evans, Billows Among First Round Losers

By HAROLD CLAASSEN

MINNEAPOLIS, Aug. 21. (AP)—Charles Coe, the defending champion, and Frank Stranahan, the annual threat, moved into the second round of the golden anniversary national amateur golf tourney today with a display of shots that brought misery to most of their rivals.

Coe, the Oklahoma City man without muscles, stormed through his first opponent, Thomas Jamison of Greensburg, Pa., 5 and 4, with precision golf that bettered the 35-36 par of the 6,655-yard Minneapolis Golf Club course.

Stranahan, the Ohio millionaire who has almost as many muscles as he has dollars, measured Arnold Palmer of Latrobe, Pa., 5 and 3, in a match that lured most of the gallery.

These two, playing in opposite brackets and co-favorites for the championship that will be decided Saturday, were joined in the second round by such heroes of the past, present and future as Ted Bishop of Weston, Mass., Dick Chapman of Pinehurst, N. C., Gene Little of Seattle, Fred Wampler of Indianapolis, and Jim McHale of Bethlehem, Pa.

Chick Evans Loses

Knocked out after one day of trying to replace Coe as the champion were William (Dynamite) Goodloe of Valdosta, Ga.; Chick Evans, winner of the title in 1916 and 1920 and now 60 years old; Mason Rudolph, the junior champion; Stanley Bielat of Yonkers, the Public Links king; and Ray Billows of Poughkeepsie, N. Y., three times a runner-up.

The biggest surprise of the round was the loss by Goodloe, the Valdosta fat man. Goodloe hooked his drive off the first tee but finally squared the match on the 15th hole. He lost it to the unknown and unconcerned Dick Allman of Philmont, Pa., by driving out of bounds on the last hole.

Allman confesses he is an "80 or 90 shooter" at home and tomorrow he tangles with Willie Turnesa, the champion in 1938 and 1948 who drew a bye today.

McHale, a Walker Cup buddy of both Stranahan and Coe, eliminated Mike Gallagher of Augusta, Ga., 5 and 4, and becomes Stranahan's opponent tomorrow in the highlight of the 64-match program. Eighty-two matches were played today, reducing the field to the 128 players for the second round.

Chapman, the 1940 titlist, stopped Benno Janssen of Charlottesville, Va., 2 up, and Ted Bishop, the balding champion of 1946, had to go 19 holes before eliminating George Bigham of Kansas City.

Wampler and Littler, two of the younger players so much in evidence in this tourney, brought ripples of excitement with their triumphs. It was Littler, a former Junior Chamber of Commerce national champion, who dumped Billows. Wampler, the Big Ten and national collegiate king, stopped Perry Byard of Birmingham, Mich., 4 and 3.

Evans, keeping intact his record of playing in every amateur since 1907, was even with Herb Sloan of Kansas City, through 15 holes. He lost the 16th and then moaned as he lost the 17th and match. 2 and 1, that "this 422-yard hole is too long for an old man."

Rudolph bowed to Jack Munger of Dallas, 3 and 1, and Bielat lost to Harry Pailer of St. Louis, 4 and 2.

Play 22-Hole Match

The day's longest match was a 22-hole honey in which Larry Moller of Quincy, Ill., Notre Dame's first golf captain, outlasted Jim Johnstone of Minneapolis. The quickest triumph was the 8 and 7 verdict tacked up by Tom Jones of Youngstown, Ohio, over Alex Janssen of Charlottesville, Va.

Chisholm, Collins Named Pilots For All-Star Contest

Peter J. Carpenti, chairman of the executive board of the Cumberland Dapper Dan Club, last night announced the appointment of Robert V. Chisholm and Bob Collins as managers of the teams for the league's all-star game at Penn Avenue Field tomorrow night.

Chisholm is manager of the Tigers, winners in the Dan Division. Collins is pilot of the Red Sox, current pacesetters in the Dapper Division.

Dan Division managers who will serve as coaches are Norman Gerdeman (Indians); George Wolfe (Dodgers) and Earl Nonneman (Braves).

Coaches for the Dapper Division All-Stars are Ralph Hampson, Pirates; Howard Northcraft (Phillies) and Al Paye (Yankees).

Carpenti stated that arrangements are under way to have two former professional players act as guest managers.

The board chairman reported that the advance sale of booster tickets is heavy.

The Pirates moved to within a half game of first place in the Dapper Division of the Little Baseball League yesterday by defeating the Phillies at Taylor Field, 12-4, while the Yankees were spilling the league-leading Red Sox at East Side to the tune of 4-3.

Coupling five hits with two walks, the Pirates scored six runs in the first inning and were never headed thereafter. The rally was featured by doubles by Joe Webb and Coates and one-base knocks by Robinson, Simpson and Joyce.

Larry Wheeler, Joe Webb and Jimmy Simpson starred afield for the winners robbing Jay Kaplon and George Crass of what appeared to be extra base hits. Grimes held the Phils, who were dropped into last place, to six hits, two of which were obtained by Ronnie Winters. Simpson led the Buccos with three hits while Robinson, Wheeler and Apple had two blows each.

Lewis went all the way and struck out nine as Manager Al Paye's Yankees took the Red Sox into camp. Only nine hits were made in this game. Billmeyer, who pitched the first three innings for the Sox, fanned eight.

Norman Gerdeman's Indians downed "Sparky" Chisholm's Tigers, 7-4, in a Dan Division thriller last night under the lights at Penn Avenue Field.

Trailing 7-1 going into the last frame, the Champions almost pulled the game out of the fire with a last ditch rally that netted four runs. Morris, first up, hit for the circuit but was called out for not touching third base. Jerry Landis his his 10th homer of the season. Lewis singled, McGregor got a life on an error and Weatherholt drew a pass, filling the bases. Then Johnny Hann tripled. The next batter fanned to end the game.

Don Paye, Indians' twirler, fanned 14 while Lewis and McGregor whiffed 10 between them. The loss was Lewis' first of the season. Billy Groves collected two of the Indians' hits.

The last place Braves suffered their 13th defeat at the hands of the Dodgers in a game played at Stitcher Field. The score was 15-1.

Wayne Murray, Dodgers' moundsman, fanned 14 and gave up only three singles. The Dodgers fell on Reed, Wolford and Knippenberg for 15 safeties. Paul Eaton larruped a homer, double and single and hammered home five runs, Regis Fair and Murray had three blows each and Buzzard and Valentine had two apiece. Beck, Sharer and Barb garnered the Braves' hits. Scores:

Curt Simmons Blanks Giants, Phils Win, 4-0

21-Year-Old Hurler Bags 16th Triumph

NEW YORK, Aug. 21 (AP)—Young Curt Simmons stopped the Giants cold with four hits today as the pace - setting Philadelphia Phillies whipped the New Yorkers, 4-0.

Thus the high-riding Phils maintained their fat 5½ game edge over Brooklyn's Dodgers who beat Pittsburgh, 3-2, in another afternoon tilt.

Simmons, in notching his 16th victory of the year, fanned five, walked two, and was in serious trouble only once.

With two out in the eighth, the Giants filled the bases on two singles and a walk. But the 21-year old southpaw pulled out of the hole by getting Don Mueller on a roller.

The Phils backed up Simmons' classy pitching with a ten-hit attack against Larry Jansen, New York's top hurler.

Puddinhead Jones accounted for the first run in the fourth with his 25th homer of the year and Andy Seminick clouted his 17th home run in the seventh to start off a three-run splurge in that frame. Box:

Bromwich, Sedgman Top Mulloy, Talbert In Finals

NEW DAVIS COACH — Francis J. Maleonski, above, is the new basketball coach at Davis (W. Va.) High School. He succeeds Weider Pell, coach and teacher at Davis High for three years, who has accepted a similar position at Wilmington (Ohio) High School. Maleonski, a graduate of Davis High, Class of 1939, was chosen as all-state guard in basketball this year. He attended Shenandoah College, Dayton, Va., for two years and received his bachelor of arts degree in physical education and social studies at Shepherd College in June. He saw service in India during the Second World War.

Brough-duPont Duo Cops Women's Crown 9th Straight Year

By BILL KING

BROOKLINE, Mass., Aug. 21 (AP) — The U. S. Davis Cup team's chances of making its fourth consecutive successful defense against the challenging Australians appeared endangered after Jack Bromwich and Frank Sedgman defeated Gardnar Mulloy of Miami, and Bill Talbert of New York, 7-5, 8-6, 3-6, 6-1, for the national doubles tennis title today at Longwood.

The women's titles were won in easy fashion, for the ninth straight year, by Louise Brough of Beverly Hills, Calif., and Mrs. Margaret Osborne duPont of Wilmington, Del., 6-2, 6-2, from Doris Hart of Miami, and Shirley Fry of Akron, Ohio.

Before playing for the titles, Bromwich and Sedgsman completed Saturday's rain - interrupted semi-final with countryman Ken Mcregor and Tony Trabert of Cincinnati, for a 6-4, 4-6, 7-5, 6-4 victory.

Bromwich, who also won the national teams titles with Australian teammates Billy Sidwell and Adrian Quist last year and in 1939, appeared off his game in the semi-final match.

But he was steady as a rock during the championship match, which he dominated by a wide margin.

Against Mulloy and Talbert, titlists four times since 1942, the Australians employed forcing tactics that enabled them to command the net at most stages.

For the most part, they were content to keep the ball in play and force opposition errors.

Only in the third set were the American Davis Cup veterans able to hit their normal stride but they wilted badly and were widely outplayed during the final set.

Mulloy and Talbert depended upon smashing most of the time. Their overhead smashes enabled them to total 39 placements against the Australians' 32. But the Americans piled up 86 errors, including 58 smashes into the net, against a total of 74 miscues for the visitors from "far under."

Miss Brough and Mrs. duPont needed only 41 minutes to trounce their opponents, who rank second nationally.

Miss Hart and Miss Fry had beaten the long - time defenders twice this season and as recently as last week at nearby Manchester.

Both pairs of women finalists totaled 15 earned points but the victors made only 31 errors against 46 while cracking Miss Hart's service twice and Miss Fry's thrice.

Negro Girl Will Play In Tourney

Althea Gibson's Entry Is Accepted By USLTA

FOREST HILLS, N. Y., Aug. 21 (AP)—The entry of Althea Gibson of New York was accepted today for the national tennis championships, making her the first negro to play in the grass court fixture.

The tournament acceptance committee of the U. S. Lawn Tennis Association announced Miss Gibson as one of 52 women who will begin competition at the West Side Tennis Club next Monday.

Eliminations in the men's singles begin Friday.

Negroes have played in national clay court and indoor tournaments but never before in the grass court championships.

Miss Gibson, 22, was runnerup to Nancy Chaffee of Ventura, Calif., this year in the National Indoor Tournament.

She also won the eastern indoor title and played in both the national clay court and eastern grass court championships.

Moose Top Elks By Score Of 7-6

A six-run rally in the fourth inning capped by Frank Williams' two-run homer enabled the Loyal Order of Moose to edge the Elks by the score of 7-6 yesterday in a Rocking Chair Softball League game at Penn Avenue Field.

The winners collected 13 hits, including three each by Williams and Nicholson. Harry Minnicks hit safely twice and drove in four runs. Van Roby of the Elks had two of his team's seven blows. The win was Ray Frye's 10th of the season.

Today the Eagles play the Amvets at Fort Hill and the Knights of Columbus battle the Goodfellowship Club at Campobello. Score:

CHAPEL HILL, N. C., Aug. 21 (INS)—Charlie Justice, the Choo-Choo of Tar Heel football fame, announced today that he definitely "will not play professional football."

Brooklyn Defeats Bucs On Russell's Steal Of Home, 3-2

PITTSBURGH, Aug. 21 (AP)—The Brooklyn Dodgers pulled one of their 1949 championship tricks, the double steal, out of Barney Shotton's old hat to beat the Pittsburgh Pirates, 3-2, for their fourth consecutive triumph today.

Jim Russell, on the scoring end, and Duke Snider, surprised the Bucs with the winning play with Jackie Robinson at bat and two out in the fifth inning.

Jim Russell, on the scoring end, and Duke Snider, surprised the Bucs with the winning play with Jackie Robinson at bat and two out in the fifth inning.

Don Newcombe, registering his 13th victory, went the route. The big righthander allowed 10 hits, four in the fourth when a double by Johnny Hopp and singles by Danny O'Connell, Dan Murtaugh and Clyde McCullough accounted for both Pittsburgh runs.

Willie Werle, who lost his 11th game against 6 wins, permitted the Brooks 8 hits including singles by Jackie Robinson, Carl Furillo and a double by Roy Campanella in the second inning when Brooklyn scored two runs.

Ralph Kiner, after hitting three homers in as many games to go ahead of Babe Ruth's record, was held to three singles. He is now even with Ruth — 37 homers for 115 games. Box:

Boxing Head Resigns — LaVale Has Guardian — CCC Wins 6 Out Of 9 — Mountain Top In Step

By C. V. BURNS

Francis D. Smith has resigned as AAU boxing chairman of the Cumberland area, a post he has held since October, 1949, to take up a three-year course in chiropractic at the Logan Basic College of Chiropractic in St. Louis, Mo. "Smitty" left on Sunday for St. Louis.

Frankie Smith

A product of the old K. of C. amateur boxing shows where he started boxing in 1927, Smith saw nine years' service in the ring as a simon pure and professional. He began as a flyweight in the days when belt buckles and sox were the trophies awarded boxers.

"Smitty" and Jack Rorick put on several sizzling battles here. Frankie was a southpaw in those days but he changed over after joining the pros.

Smith has has 106 ring battles and he claims he won 84 of them.

He served in the Navy for eight years and for the past three years was salesman for Queen City Motors.

The LaVale Club, current pacesetter in the County Softball League, holds a slim one-game lead over Wellersburg.

That's nothing usual because LaVale's lead has been down to a single game several times in recent weeks.

But LaVale seems to have a guardian angel in the person of Adam Budnick who manages to drop into town and wins just at the time it appears as though the front-runners are about to take a dive.

Manager Gene Scaletta says that Budnick's parents live on a farm near Glassport, Pa., and Adam can't get here for every game but he manages to blow in when the going gets hottest and saves the day.

If he doesn't make connections one of these times it could mean curtains for LaVale.

Adam starred for the Amvets in the City League last season, winning 12 of 13 starts. The LaVale team has won 27 and lost 11 to date. Budnick's record is 17 wins, 3 losses.

Now that the football season is just around the corner, local high school coaches are steering clear of self-styled "big league" scouts.

You can't blame them after what happened over at Ridgeley High last season following the visit of the "scout from Michigan."

One decent thing about that fellow was that he did leave the boys their trousers.

Credit Les Biederman, Pittsburgh sports writer, with re-telling one of the year's best fish stories.

There's a fountain in the courtyard of the Chase Hotel in St. Louis where all visiting major league teams stay. The fountain has been dry for years and a hotel employe explains it this way:

"We had a goldfish there once upon a time. But ballplayers sitting around used to throw cigaret butts into the pond. The goldfish got the nicotine habit and started leaping out of the water anytime a man would drop a cigaret butt nearby.

"This wasn't so bad but when the fish began squirting tobacco juice back at the guests, it was too much. They closed the pond!"

Barrelville, fighting for a spot in the Pen-Mar Baseball League playoffs, lost the services of a regular pitcher for the remainder of the season when Dewey Phillips, suffered a broken arm in an automobile accident on Saturday. It was his pitching arm. Phillips played a leading role for the 1949 Barrelville team which finished the regular season in first place and then won out in the playoff.

Bone Specialist Will Examine Ailing Tigers

DETROIT, Aug. 21 (AP) — The Detroit Tigers announced today that they are sending their ailing pitching stars, Virgil Trucks and Teddy Gray, to St. Louis for examination tomorrow by Dr. Robert F. Hyland, noted bone specialist.

Trucks has been sidelined since May 19 by a sore shoulder which has failed to respond despite numerous treatments. Gray, who failed to finish his last five starts, also has been undergoing medical treatment for a sore arm.

Gray has won 10 and lost 5, trucks 3 and 1.

Radio And TV To Pay Majors $975,000 For World Series

Gillette And Mutual Get Exclusive Rights

CINCINNATI, Aug. 21. (AP)—Major league baseball and its player pension fund will be enriched by almost a million dollars by the telecast and radio broadcast of the 1950 world series.

Baseball Commissioner A. B. Chandler announced today that the Gillette Safety Razor Company and the Mutual Broadcasting Company had been granted exclusive radio and teleision right for the 1950 series. The television contract will bring baseball $800,000 and the radio broadcast will bring in an additional $175,000.

All of the money goes into the major league central fund. That corresponds to the sinking fund of any big business. The $175,000 from radio, however, always is earmarked toward payment of the premium on the Baseball Players' Pension Fund.

The difference between that and the approximately $200,000 of the premium is made up from the remainder of the central fund.

There was competition this year for the television rights. The Dumont network also offered a bid but under an agreement reached last year Gillette and Mutual were given the right to meet any competing bid. Gillette and Mutual had the rights in 1949 when the television rights went for $200,000 and the radio rights for $175,000.

The television outlets have not yet been selected except for New York, Chicago and Boston.

Today's agreement made radio broadcasts and telecasts the big business of world series receipts. Unless one of the clubs with the bigger parks is a pennant winner, the receipts from telecasts and broadcasts may exceed the receipts from ticket sales.

Television first figured in the receipts back in 1947 when the rights were sold for $65,000. And in 1903 when the first world series was held the total receipts were only around $50,000.

The sudden surge in the price for rights to telecast the world series comes from the rapid rise in the sets available. Regions within the television station areas are loaded with receiving sets — in private homes, restaurants and taverns. It has been estimated that there are 5,000,000 television sets in the area served by the coaxial cable as compared with only 1,750,000 last year. That has been figured up as a minimum of 20,000,000 watchers of the world series—four persons to a set.

Trout Registers 7th Win In Row Over Browns, 7-1

Detroit Tigers Boost Lead To 3½ Games

DETROIT, Aug. 21 —Detroit Tiger Paul (Dizzy) Trout continued his amazing comeback today as he posted his seventh straight decision, a neat four-hit 7-1 verdict over the St. Louis Browns.

The big righthander's performance boosted Detroit's American League lead to 3½ games over the second place New York Yankees who were idle today.

The two league-leading clubs open an important three-game series in New York tomorrow.

Vic Wertz and Hoot Evers each gave Trout a big helping hand with a three-run homer. Wertz got his 25th of the year off righthander Al Widmar in the first inning after Don Kolloway and George Kell had singled.

Evers banged his No. 19 in the eighth inning off relief pitcher Cliff Fannin to score behind Kolloway and Wertz, who had singled.

Trout fanned seven Brownies while notching his 11th win as against two losses—the best pitching record in the American League. He struck out the side in the fifth and ended the game on a triumphant note by getting pinch-hitter Hank Arft to go down swinging for the final out. Box:

KEEPING UP WITH

HOLLYWOOD

By DOROTHY MANNERS

(Substituting for vacationing Louella Parsons)

HOLLYWOOD, Aug. 21 (AP)—Clarence Brown usually gets what he wants at MGM. What he wants and gets is Spencer Tracy for "When in Rome."

Spencer Tracy

Spence is so personally hepped on this Robert Buckner original that he will do it right after "Father's Little Dividend" even though it means less than a month off between pictures.

The punchy story concerns a crook who meets two priests crossing on a boat to Rome for Holy Year. It gives him the idea of assuming the identity of a priest to continue his criminal activities. Of course, the reformation comes through the good he is forced to do while masquerading as a holy man.

Clarence Brown both produces and directs.

You'll never guess who Paramount has in mind for the remake of "The Great McGinty"—Bing Crosby, no less!

But before the biggies even submit the rewritten script to Bing, there will be plenty of changes made.

Styled for Crosby, the new "McGinty" will be built around a singing politician such as Louisiana's singing governor, Jim Davis. Otherwise, the story sticks pretty close to the plot of the original, which made a star of Brian Donlevy.

Shirley Temple is as hopping mad as she ever permits herself to get over the "Peter Pan" debacle. After being summoned to New York, she was told she was never considered to replace Jean Arthur—then acting up.

They wanted her to head the road company to which Shirley said "phooey."

Meantime, she's turning the misadventure into a fun trip, going to shows and night clubs. The other night she was a ringsider at the Copa sharing the spotlight with such other Hollywooders as Linda Darnell and Eddie Bracken.

They were having you-know-what of a time the other day shooting the big love scene between Lana Turner and Ezio Pinza at Monterey. Everything went wrong.

First, a fog rolled in.

When that cleared up, a flock of squawking gulls ruined the scene. The next try, an airplane roared overhead.

All this, Pinza could and did take. But he let out zee big roar when Bob Topping showed on the sidelines.

"And now," yellow Ezio, "we got the husband!"

Snapshots of Hollywood collected at random:

Katherine Hepburn is eyeing a television deal — Shakespeare, of course. What else?

If Scott Brady and Dorothy Malone have cooled why don't they say so? In Texas, she says she's been "too busy packing" to talk long distance to her "fiance." But he hasn't been too busy to take Shelley Winters to dinner at the Tallyho twice.

The only people who don't think Bob Hope is funny are—his kids. Nora and Kelly Hope visited "The Lemon Drop Kid" set for two hours giving it the full dead-pan treatment.

Barbara Stanwyck and Bob Taylor were in Venice over the weekend. "Quo Vadis" will be finished weeks ahead of schedule.

Paulette Goddard says it isn't true that she's picking up a nice bit of change from the reissue of "City Lights" or that a cut in this comedy was part of her divorce settlement with C. Chaplin.

Just Because C. B. DeMille has not yet officially cast her in his circus picture isn't keeping Betty Hutton from boning up on circus life. She's reading all the sawdust ring books she can get her hands on while she's leading the idle life in Chi.

Palestinian Runs Third In Feature At Atlantic City

Woodford Sir Scores Over Hat Check Girl

ATLANTIC CITY, N. J., Aug. 21 (AP)—Walter M. Wickham's Woodford Sir dashed six furlongs in 1:09 4-5 in winning today's featured Northfield Purse by three lengths thereby spoiling the delayed comeback of Isidor Beiber's Palestinian.

Palestinian, one of the last season's ranking three-year-olds, was making his first start in more than a year and finished third, a nose behind Woodland Farm's Hat Check Girl.

A crowd of 13,655 fans installed Palestinian a slight favorite over Woodford Sir and the latter paid $6.00 while scoring under Ronnie Nash, who completed a saddle double. Woodford Sir won his second purse of the season.

11,874 See Ruddy Win

SARATOGA SPRINGS, N. Y., Aug. 21 (AP)—Ruddy, a steady-going daughter of Devil Diver-Blade of Time, sped to her second victory of the meeting today when she cleverly whipped four other two-year-old fillies in the sixth and best event of the stakesless program.

A crowd of 11,874, just slightly under last year's count, saw the Greentree Stable lassie score by a length from Apheim Stable's Jacodema, the favorite. Jacodema, winner of her two previous starts at Jamaica, was making her first appearance since July 14, and might have been a trifle short. Llangollen Farm's Wisteria was a distant third, about seven lengths farther away. Fresh Air and Cold Front completed the field.

Ruddy, completing a riding double for Ted Atkinson, paid $7.60 straight and zoomed over the 5½ furlongs in 1:05 4-5.

All At Once Cops

SALEM, N. H., Aug 21 (AP)—J. E. Church's All At Once, in his first start since the spring meet at Suffolk Downs, came fast in the stretch today to win the Boston Naval Shipyard Purse at Rockingham Park before a crowd of 8,379.

With Anthony Tavares up, All At Once finished ahead of Judy's Runner with Swadelle placing third.

All At Once paid $5.20, $4.00 and $3.20. Judy's Runner returned $5.80 and $3.60 and Swadelle paid $3.60 for show.

Judges for the contests were James Donahue, John Light and Harry Diehl.

Receives Degree

Paul D. Lear, Cumberland, received a bachelor of arts degree at the summer commencement, August 18, at John B. Stetson University, DeLand, Fla.

Lear is the son of Mrs. E. A. Reith of 69 Prospect Square.

City's New Tax Billing Machine Ready For Use

Cumberland's new tax billing machine has been installed and will be used for the first time when bills go out within the next few weeks, according to Arthur B. Gibson, city auditor.

Gibson and his assistant, Miss Nell Cozad, have been instructed in the use of the machine which cuts the tax-billing operation from four steps to one.

The machine is completely automatic except for the placing of the assessment on the bill. It is expected to pay for itself in savings on man hours.

Court Asked For Decree For Sale Of Coal Land

A decree for the sale of 686 acres of coal lands near Mt. Savage was asked in a suit filed in circuit court yesterday by William L. Sherman and his wife, Camille.

The court was informed that the defendants and the complainants are owners as tenants in common of the coal and mineral rights of the tract.

The bill of complaint states that the property involved is not susceptible to partition and the decree calling for the sale of the land and distribution of proceeds is thereby requested.

Mayor's Secretary Back

Miss Mary Clay, secretary to Mayor Thomas S. Post, returned to her job yesterday morning after a vacation of two weeks in White Plains, N. Y.

Southern California has beaten Notre Dame more times than any other opponent on the 1950 Irish grid slate; the Trojans have notched six wins over ND.

Six players have won the U. S. Open golf championship in their first attempt — Horace Rawlins, Jim Foulis, Joe Lloyd, Willie Smith, Harry Vardon and Francis Ouimet.

KEEPING UP WITH HOLLYWOOD

By DOROTHY MANNERS

(Substituting for vacationing Louella Parsons)

HOLLYWOOD, Aug. 21 (AP)—Clarence Brown usually gets what he wants at MGM. What he wants and gets is Spencer Tracy for "When in Rome."

Spencer Tracy

Spence is so personally hepped on this Robert Buckner original that he will do it right after "Father's Little Dividend" even though it means less than a month off between pictures.

The punchy story concerns a crook who meets two priests crossing on a boat to Rome for Holy Year. It gives him the idea of assuming the identity of a priest to continue his criminal activities. Of course, the reformation comes through the good he is forced to do while masquerading as a holy man.

Clarence Brown both produces and directs.

You'll never guess who Paramount has in mind for the remake of "The Great McGinty"—Bing Crosby, no less!

But before the biggies even submit the rewritten script to Bing, there will be plenty of changes made.

Styled for Crosby, the new "McGinty" will be built around a singing politician such as Louisiana's singing governor, Jim Davis. Otherwise, the story sticks pretty close to the plot of the original, which made a star of Brian Donlevy.

Shirley Temple is as hopping mad as she ever permits herself to get over the "Peter Pan" debacle. After being summoned to New York, she was told she was never considered to replace Jean Arthur—then acting up.

They wanted her to head the road company to which Shirley said "phooey."

Meantime, she's turning the misadventure into a fun trip, going to shows and night clubs. The other night she was a ringsider at the Copa sharing the spotlight with such other Hollywooders as Linda Darnell and Eddie Bracken.

They were having you-know-what of a time the other day shooting the big love scene between Lana Turner and Ezio Pinza at Monterey. Everything went wrong.

First, a fog rolled in.

When that cleared up, a flock of squawking gulls ruined the scene. The next try, an airplane roared overhead.

All this, Pinza could and did take. But he let out zee big roar when Bob Topping showed on the sidelines.

"And now," yellow Ezio, "we got the husband!"

Snapshots of Hollywood collected at random:

Katherine Hepburn is eyeing a television deal — Shakespeare, of course. What else?

If Scott Brady and Dorothy Malone have cooled why don't they say so? In Texas, she says she's been "too busy packing" to talk long distance to her "fiance." But he hasn't been too busy to take Shelley Winters to dinner at the Tallyho twice.

The only people who don't think Bob Hope is funny are—his kids. Nora and Kelly Hope visited "The Lemon Drop Kid" set for two hours giving it the full dead-pan treatment.

Barbara Stanwyck and Bob Taylor were in Venice over the weekend. "Quo Vadis" will be finished weeks ahead of schedule.

Paulette Goddard says it isn't true that she's picking up a nice bit of change from the reissue of "City Lights" or that a cut in this comedy was part of her divorce settlement with C. Chaplin.

Just Because C. B. DeMille has not yet officially cast her in his circus picture isn't keeping Betty Hutton from boning up on circus life. She's reading all the sawdust ring books she can get her hands on while she's leading the idle life in Chi.

1,000 Attend Citywide Picnic

The inter-city playground picnic at Constitution Park Saturday was attended by about 1,000 persons, Recreation Director Edmund F. Hoey said yesterday.

Contests, free swimming and a treat furnished by the City Playground Association featured the outing.

Winners in the contests announced yesterday include:

25-yard foot race (boys and girls 6 to 9)—Wayne Shuck, 8, Columbia Street; Wanda Carolyn Martin, 9, East Side.

50-yard foot race (boys and girls 10 to 12)—Thomas Zembower, 11, Columbia Street; Rose Marie Catanese, 12, Mapleside.

75-yard foot race (Boys and girls 13 to 15)—Mike Carney, 14, Johnson Heights; Jean Hinds, 14, Mapleside.

Balloon Blowing—Robert Ayers, 14, Johnson Heights.

Sack Race (boys and girls 6 to 9)—Frank Bishop, 9, Thomas S. Post; Bonnie L. Bennett, 9, Centre Street; (10 to 12)—George Myers, 10, Centre Street; Rose Marie Catanese, Mapleside; (13-15)—Stanley Teets, 14, Thomas S. Post; and Jean Hinds, Mapleside.

Shoe Scramble—Kitty Melvin, 17, Centre Street.

Judges for the contests were James Donahue, John Light and Harry Diehl.

Receives Degree

Paul D. Lear, Cumberland, received a bachelor of arts degree at the summer commencement, August 18, at John B. Stetson University, DeLand, Fla.

Lear is the son of Mrs. E. A. Reith of 69 Prospect Square.

City's New Tax Billing Machine Ready For Use

Cumberland's new tax billing machine has been installed and will be used for the first time when bills go out within the next few weeks, according to Arthur B. Gibson, city auditor.

Gibson and his assistant, Miss Nell Cozad, have been instructed in the use of the machine which cuts the tax-billing operation from four steps to one.

The machine is completely automatic except for the placing of the assessment on the bill. It is expected to pay for itself in savings on man hours.

Court Asked For Decree For Sale Of Coal Land

A decree for the sale of 686 acres of coal lands near Mt. Savage was asked in a suit filed in circuit court yesterday by William L. Sherman and his wife, Camille.

The court was informed that the defendants and the complainants are owners as tenants in common of the coal and mineral rights of the tract.

The bill of complaint states that the property involved is not susceptible to partition and the decree calling for the sale of the land and distribution of proceeds is thereby requested.

Mayor's Secretary Back

Miss Mary Clay, secretary to Mayor Thomas S. Post, returned to her job yesterday morning after a vacation of two weeks in White Plains, N. Y.

Southern California has beaten Notre Dame more times than any other opponent on the 1950 Irish grid slate; the Trojans have notched six wins over ND.

Six players have won the U. S. Open golf championship in their first attempt — Horace Rawlins, Jim Foulis, Joe Lloyd, Willie Smith, Harry Vardon and Francis Ouimet.

Palestinian Runs Third In Feature At Atlantic City

Woodford Sir Scores Over Hat Check Girl

ATLANTIC CITY, N. J., Aug. 21 (AP)—Walter M. Wickham's Woodford Sir dashed six furlongs in 1:09 4-5 in winning today's featured Northfield Purse by three lengths thereby spoiling the delayed comeback of Isidor Beiber's Palestinian.

Palestinian, one of the last season's ranking three-year-olds, was making his first start in more than a year and finished third, a nose behind Woodland Farm's Hat Check Girl.

A crowd of 13,655 fans installed Palestinian a slight favorite over Woodford Sir and the latter paid $6.00 while scoring under Ronnie Nash, who completed a saddle double. Woodford Sir won his second purse of the season.

11,874 See Ruddy Win

SARATOGA SPRINGS, N. Y., Aug. 21 (AP)—Ruddy, a steady-going daughter of Devil Diver-Blade of Time, sped to her second victory of the meeting today when she cleverly whipped four other two-year-old fillies in the sixth and best event of the stakesless program.

A crowd of 11,874, just slightly under last year's count, saw the Greentree Stable lassie score by a length from Apheim Stable's Jacodema, the favorite. Jacodema, winner of her two previous starts at Jamaica, was making her first appearance since July 14, and might have been a trifle short. Llangollen Farm's Wisteria was a distant third, about seven lengths farther away. Fresh Air and Cold Front completed the field.

Ruddy, completing a riding double for Ted Atkinson, paid $7.60 straight and zoomed over the 5½ furlongs in 1:05 4-5.

All At Once Cops

SALEM, N. H., Aug 21 (AP)—J. E. Church's All At Once, in his first start since the spring meet at Suffolk Downs, came fast in the stretch today to win the Boston Naval Shipyard Purse at Rockingham Park before a crowd of 8,379.

With Anthony Tavares up, All At Once finished ahead of Judy's Runner with Swadelle placing third.

All At Once paid $5.20, $4.00 and $3.20. Judy's Runner returned $5.80 and $3.60 and Swadelle paid $3.60 for show.

Flintstone Firemen Using New Addition

Work Nears Completion

FLINTSTONE — The Flintstone Volunteer Fire Company began to use the partly-finished addition to its fire hall Saturday when about 65 local children were shown movies in the basement.

Construction on the building was begun January 14. The basement and first floor are usable but the second floor is to be completed.

According to Lester Kolb, president of the company, only volunteer labor was used on the addition and about half of the $6,000 the company expects to spend, has been used. The group expects to build the construction for one-fourth of the estimated $24,000 cost.

The new biulding, containing a 50 by 40 foot recreation hall and a 26 by 40 foot clubroom, is made of brick veneer with trussed roofs to conform with the style of the present building. Lumber was cut from the nearby woods by volunteers.

Friday night at the regular meeting of the firemen, the Ladies Auxiliary presented them with $75 for tht building fund and donated $10 to the Allegany-Garrett County Ladies Auxiliary Association's convention fund.

MRS. MADSEN IN COURT—Dark-haired Yvette Madsen of Brooklyn, N. Y., comes into federal court in Charleston leading her little son, Dana, to argue for her release from the federal women's reformatory at Alderson, W. Va., where she is serving 15 years for the slaying of her husband. The sentence was imposed by an allied high commissioner in Germany. Mrs. Madsen's husband, First Lt. Andrew E. Madsen, was shot fatally after a party last October at the Rhine-Main airbase in the U. S. sector of Germany. To the right of the boy is Miss Nina Kinsella, warden of Alderson prison. The other woman is not identified. (AP PHOTO).

TRI-STATE DEATHS

MRS. HARRY SPERRY

FROSTBURG — Eva Quindora Sperry, 52, wife of Harry Sperry, died yesterday at her home, 132 Hill Street, after a lingering illness.

She was born in Acme, Pa., April 22, 1898, the daughter of the late George and Elizabeth Howard Eisler.

Besides her husband, she is survived by four daughters, Wanda June Sperry, Mrs. Edward Carder, Mrs. James Brinkman and Mrs. John Livengood; a son, Glenn Niles Sperry, and four grandchildren.

Surviving also are two sisters, Mrs. Scott Smith, Toledo, Ohio, and Mrs. William Stiltenpole, Mt. Pleasant, Pa.

The body will be at the home.

MRS. BUSH RITES

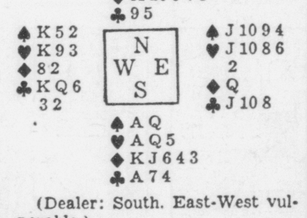
BARCLAY ON BRIDGE

By Shepard Barclay

"The Authority on Authorities"

FORESIGHT RARE VIRTUE

HINDSIGHT is certainly much more accurate than foresight, but nothing like as profitable. The former is possessed in goodly quantities by practically everybody that plays bridge, but the latter is rare virtue in any circle. On countless hands, it is possible for the real analyst to note, after it is all over, plays that could have been made, but which it is hardly fair to expect someone to spot early enough.



(Dealer: South. East-West vulnerable.)

South	West	North	East
1 NT	Pass	2 ♦	Pass
3 NT			

Practically every table in a big duplicate reached that contract. Some made it and some didn't, following the club 3 lead to the 9 and 10, then the J to the A. One declarer bungled by then running five diamonds and trying the spade finesse, after which West's clubs set the contract. All the other Souths tried a throw-in play.

One of those who sought to end-play West scored all five of his diamonds, then put West in with the club 7 to the Q. The latter took three club tricks to have his side's book. South's discard of the heart 5 was easy to make on the second of them, but on the third he had to discard the Q of hearts or spades. Knowing now that West had blanked the K of one major, South guessed wrong on his forced discard, picking the spade Q. West then led his singleton K to the A, whereupon South had to give up a trick with his heart Q to the K to be down.

Another South was smart enough to run only two diamonds before leading the club 8 to West, who then got his side's book, but had to return a major into a tenace before South had been embarrassed for a discard, simply throwing a diamond from his hand.

At that table, East pointed out that West should not have taken the club 7 with the Q, but should have let the 7 run to his 8. East then would have returned a major suit to give West a trick and a re-entry for the clubs. True enough. But who could tell that South didn't have the club 8 and was trying to sneak a trick through by leading the 7?

Varied Program Planned For Homecoming

Garrett Event Opens Sept. 3

GARRETT, Pa.—Contests, games, an old timers luncheon and parade are among the events planned for the three-day Garrett Homecoming celebration which begins Saturday, September 2.

An old-timers luncheon Saturday at noon at Garrett Lutheran Church will open the festivities. All residents of Garrett 75 years old or older will attend as guests of Capt. Will Judy, Chicago, former Garrett resident.

Others may attend by making reservations. Charles A. Merrill will be toastmaster and Burgess Carl Gray, Sr., will represent Garrett Borough.

Also planned for Saturday afternoon are the preliminaries for the horse shoe pitching contest at 3 o'clock, a cake baking contest at 4 o'clock and doll contest at 4:30.

Awards Planned

Judges for the baking contest are Mrs. W. A. Merrill, Mrs. Miles Lohr and Guy Cook, Sr., chairman. Doll contest judges are Mary A. Brant, chairman, Mollie Sweeney Phennicie and Ruth Brocht.

At 8 p. m. Saturday, cash prizes, donated by Capt. Judy, will be awarded.

They will be given for the best maintained or improved lawn or yard, best maintained or improved house or property, best maintained cemetery lot, most recently wed couple, the largest family present, "oldtimer" traveling the farthest distance, oldest man and woman present at the oldtimer's luncheon and couple married the longest time.

Meyer Fogle, chairman, William Heining, Fred Christner, John Snyder and Robert Christner will be judges for all except the last four awards.

There will be street dancing from 9 to 11 p. m. Saturday. The committee in charge includes Alfred Fritz, chairman; Paul Himes, Murray Saylor, Helen Harbold and Martha Shumaker.

Union Church Service

On Sunday, September 3, there will be morning religious services at all Garrett and nearby churches. A homecoming program and picnic will be held at 11 a. m. at Cross Roads Church of the Brethren.

Family picnic parties are planned for 1 p. m. and the league baseball team will play at 3 p. m. with Archie Cassie in charge. A union church service will be held at 8 p. m. at Garrett Lutheran Church. Rev. Glenn Keidel will officiate, assisted by Rev. F. D. Witmer, Rev. A. J. Repogle and Rev. W. W. Hall.

The last day of the observance, Monday, September 4, Labor Day, will open at 10 a. m. with the finals of the horse shoe pitching contest. Several races and contests will be held at 11 a. m. with William Thompson, chairman, John Habel, Ted Brant and Clyde Christner as judges.

A walking contest will be held at 11:30. Clyde Christner is chairman and judge. At 2:30 p. m., there will be a parade with out-of-town judges. The final event of the homecoming program will be a ball game at 4 p. m.

Flintstone Firemen Using New Addition

Work Nears Completion

FLINTSTONE — The Flintstone Volunteer Fire Company began to use the partly-finished addition to its fire hall Saturday when about 65 local children were shown movies in the basement.

Construction on the building was begun January 14. The basement and first floor are usable but the second floor is to be completed.

According to Lester Kolb, president of the company, only volunteer labor was used on the addition and about half of the $6,000 the company expects to spend, has been used. The group expects to build the construction for one-fourth of the estimated $24,000 cost.

The new biulding, containing a 50 by 40 foot recreation hall and a 26 by 40 foot clubroom, is made of brick veneer with trussed roofs to conform with the style of the present building. Lumber was cut from the nearby woods by volunteers.

Friday night at the regular meeting of the firemen, the Ladies Auxiliary presented them with $75 for tht building fund and donated $10 to the Allegany-Garrett County Ladies Auxiliary Association's convention fund.

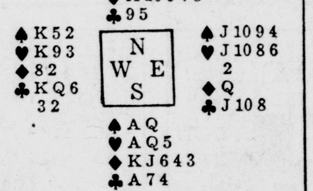
BARCLAY ON BRIDGE

By Shepard Barclay

"The Authority on Authorities"

FORESIGHT RARE VIRTUE

HINDSIGHT is certainly much more accurate than foresight, but nothing like as profitable. The former is possessed in goodly quantities by practically everybody that plays bridge, but the latter is rare virtue in any circle. On countless hands, it is possible for the real analyst to note, after it is all over, plays that could have been made, but which it is hardly fair to expect someone to spot early enough.



(Dealer: South. East-West vulnerable.)

South	West	North	East
1 NT	Pass	2 ♦	Pass
3 NT			

Practically every table in a big duplicate reached that contract. Some made it and some didn't, following the club 3 lead to the 9 and 10, then the J to the A. One declarer bungled by then running five diamonds and trying the spade finesse, after which West's clubs set the contract. All the other Souths tried a throw-in play.

One of those who sought to end-play West scored all five of his diamonds, then put West in with the club 7 to the Q. The latter took three club tricks to have his side's book. South's discard of the heart 5 was easy to make on the second of them, but on the third he had to discard the Q of hearts or spades. Knowing now that West had blanked the K of one major, South guessed wrong on his forced discard, picking the spade Q. West then led his singleton K to the A, whereupon South had to give up a trick with his heart Q to the K to be down.

Another South was smart enough to run only two diamonds before leading the club 8 to West, who then got his side's book, but had to return a major into a tenace before South had been embarrassed for a discard, simply throwing a diamond from his hand.

At that table, East pointed out that West should not have taken the club 7 with the Q, but should have let the 7 run to his 8. East then would have returned a major suit to give West a trick and a re-entry for the clubs. True enough. But who could tell that South didn't have the club 8 and was trying to sneak a trick through by leading the 7?

Varied Program Planned For Homecoming

Garrett Event Opens Sept. 3

GARRETT, Pa.—Contests, games, an old timers luncheon and parade are among the events planned for the three-day Garrett Homecoming celebration which begins Saturday, September 2.

An old-timers luncheon Saturday at noon at Garrett Lutheran Church will open the festivities. All residents of Garrett 75 years old or older will attend as guests of Capt. Will Judy, Chicago, former Garrett resident.

Others may attend by making reservations. Charles A. Merrill will be toastmaster and Burgess Carl Gray, Sr., will represent Garrett Borough.

Also planned for Saturday afternoon are the preliminaries for the horse shoe pitching contest at 3 o'clock, a cake baking contest at 4 o'clock and doll contest at 4:30.

Awards Planned

Judges for the baking contest are Mrs. W. A. Merrill, Mrs. Miles Lohr and Guy Cook, Sr., chairman. Doll contest judges are Mary A. Brant, chairman, Mollie Sweeney Phennicie and Ruth Brocht.

At 8 p. m. Saturday, cash prizes, donated by Capt. Judy, will be awarded.

They will be given for the best maintained or improved lawn or yard, best maintained or improved house or property, best maintained cemetery lot, most recently wed couple, the largest family present, "oldtimer" traveling the farthest distance, oldest man and woman present at the oldtimer's luncheon and couple married the longest time.

Meyer Fogle, chairman, William Heining, Fred Christner, John Snyder and Robert Christner will be judges for all except the last four awards.

There will be street dancing from 9 to 11 p. m. Saturday. The committee in charge includes Alfred Fritz, chairman; Paul Himes, Murray Saylor, Helen Harbold and Martha Shumaker.

Union Church Service

On Sunday, September 3, there will be morning religious services at all Garrett and nearby churches. A homecoming program and picnic will be held at 11 a. m. at Cross Roads Church of the Brethren.

Family picnic parties are planned for 1 p. m. and the league baseball team will play at 3 p. m. with Archie Cassie in charge. A union church service will be held at 8 p. m. at Garrett Lutheran Church. Rev. Glenn Keidel will officiate, assisted by Rev. F. D. Witmer, Rev. A. J. Repogle and Rev. W. W. Hall.

The last day of the observance, Monday, September 4, Labor Day, will open at 10 a. m. with the finals of the horse shoe pitching contest. Several races and contests will be held at 11 a. m. with William Thompson, chairman, John Habel, Ted Brant and Clyde Christner as judges.

A walking contest will be held at 11:30. Clyde Christner is chairman and judge. At 2:30 p. m., there will be a parade with out-of-town judges. The final event of the homecoming program will be a ball game at 4 p. m.

Radio And Television

By JOHN CROSBY

Warm, Appealing and Very Funny, Too

IN APPEARANCE, Ransom Sherman is a cross between a male Helen Hokinson character and the late, lamented Robert Benchley. His humor, also reminiscent of Benchley, is warm, appealing, fresh, original and . . . well, if I can think of any other adjectives, I'll throw them in as I go along.

John Crosby

Sherman's half hour show, the summer replacement for "Kukla, Fran and Ollie" (NBC-TV 7 p. m. E.D.T.) is a five-times-a-week operation, Mondays through Fridays, and how he manages to be so funny so often is one of the wonders of the modern world.

One reason, of course, is that he is borrowing liberally from his old radio show. That's all right with me, too. It would have been a shame to have wasted those wonderfully crazy stunts on a non-visual medium.

Oh, yes, charming. Belongs up in the first paragraph after "original."

• — • — •

Where were we? Sherman has to be seen to be fully appreciated. You have, for example, to watch him explain the business cycle with graphs and charts, easily one of the great masterpieces of confusion of our time, or to demonstrate how to build a double-decker bunk or to lecture about "Our Little Feathered Friend, the Squirrel."

"The Squirrel is our friend. And at times, he is not our friend. We have here the potted red squirrel." You have to see his expression of mild dismay as his pretty assistant, who has been sent to the library to do research on squirrels, blithely explains that the squirrel "has tusks seven feet long, goes to a secret hiding place to die and ever since has been known in Schenectady."

Sherman's countenance is a little jewel of under-statement. He approaches each new task—how to make a hanging garden out of an old tire, let's say—with a beaming self-confidence which turns gradually to concern as the tire resists all efforts at domestication, and finally, to muted despair as the whole thing comes apart on him. "Well, you can see how it's done," he'll say, washing his hands of the whole operation. "Anyone can do it."

Anyone except Sherman. He's a menace with a hammer. Let him tackle a double-decker bunk—"anyone can do it"—and the whole studio is a shambles in a matter of minutes. He handles a hammer and nail with a grim-jawed determination wildly out of proportion to their importance. In his eyes, though, you will detect a wary, watchful look, as if the hammer and nail were his mortal enemies which, as a matter of fact, they are.

• — • — •

During the summer, Sherman has lectured on such divergent subjects as fashion, cooking, social improvement, great moments in history, and, of course, work-shop hints—bungling each of them excellently. I don't know which one he bungled best, but I'm rather fond of his fashion talks. In one of them, he showed how a single garment, which looked like a potato sack, could be converted into a street dress, house dress, evening dress and cocktail dress—demonstrating each of these terrible things on a monstrously indignant model.

He has occasional small triumphs, like translating Mon Ideal into English, a great feat of linguistics which he tossed off with a self-deprecatory air, as if anyone con do it. He also has a magnificent command of the French word alors which in his hands is a sort of all-purpose word meaning anything you care to read into it. His pronunciation of alors, allowing a little for his mid-Western accent, is barely short of perfect.

Mr. Sherman is not entirely alone on his show, though you don't have to bother much with his assistants. Spelling him on his occasional rest periods are two singers, Johnny Bradford and Nancy Wright, and the Art Van Damme Instrumental Quintet, who not only sing and play, but also help out with Mr. Sherman's monkey-shines. Once in a while, there are guests, but not anything like the guests you encounter on other TV shows. Sherman is likely to introduce you to the cop on duty outside the studio, or the janitor of his apartment building. Sherman's idea of a really famous man is the first person ever to save a seven-foot ball of sealing wax. I almost forgot the stuffed moose, which is another regular on his show. It blows smoke rings through its nostrils.

• — • — •

Sherman, in short, is much too valuable to be simply a summer replacement. I devoutly hope he'll still be around to help us through what begins to look like a very grim winter.

One final word. Whimsical. You got here in the nick of time, Whimsical. Scamper up to the first paragraph and insert yourself between "warm" and "appealing." Get along with you now.

Yesterday's Answer

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

GJHA YDR AWDT AR IXH W IRDDV JD HAR XQD YP IYURQHV—IYCCYF.

Yesterday's Cryptoquote: A WIT WITH DUNCES, AND A DUNCE WITH WITS—POPE.

In Memoriam

In loving memory of our dear mother and wife, Emma M. Piper, who passed away four years ago, August 22, 1946.
Some may think we are not lonely
When times they see us smile,
But little do they know the heartaches
That we suffer all the while,
Our family circle is broken,
The voice we loved is still,
Your place is vacant in our hearts,
No one can ever fill.
Flowers we place upon your grave
Will wither and decay,
But love for you who sleeps beneath
Will never fade away.
Sadly missed by Husband and Children

In loving memory of our dear mother, Annie E. Howser, who died 6 years ago, August 22, 1944.
At home in the beautiful hills of God,
By the valley of rest so fair,
Some day, some time, when our work is done,
With joy we will meet you there.
Sadly missed by Children

In Memoriam

In loving memory of our dear mother and wife, Emma M. Piper, who passed away four years ago, August 22, 1946.
Some may think we are not lonely
When times they see us smile,
But little do they know the heartaches
That we suffer all the while,
Our family circle is broken,
The voice we loved is still,
Your place is vacant in our hearts,
No one can ever fill.
Flowers we place upon your grave
Will wither and decay,
But love for you who sleeps beneath
Will never fade away.
Sadly missed by Husband
and Children

In loving memory of our dear mother, Annie E. Howser, who died 6 years ago, August 22, 1944.
At home in the beautiful hills of God.
By the valley of rest so fair.
Some day, some time, when our work is done,
With joy we will meet you there.
Sadly missed by Children

New-type burner produces radiant gas heat.

This new-type Iron Fireman unit is a distinct advance in gas burner engineering. It turns non-radiant gas flame into rich radiant heat in the firebox. Home heating is more efficient, more economical. Heat losses of old-style gas burners are cut down, and the heat saved is turned into *extra family* comfort.

We Are STILL installing Iron Fireman Gas Conversion Burners and furnaces

*** Note . . . You do not need a gas permit to replace your old gas burner or furnace with Iron Fireman equipment which will SAVE UP TO 30% of your gas bill. Call us NOW for FREE survey and estimate.**

Order Restricts Gas Heating

More stringent regulations on installation of gas heating units have been announced by the Cumberland and Allegheny Gas Company effective August 15, according to Carl C. Robbins, district manager.

Permits are being granted only in cases of medical hardship or new construction.

Robbins said the reason for the cutback has been the anticipated increase in gas consumption as cold weather approaches. The company must determine by the applications if it has purchased enough gas to serve them all.

Applications for gas units are still being accepted at the office here but all are being sent to Pittsburgh for processing.

Any that are granted will be on a "first come, first served basis. In other words, those on file will be installed first if available.

Issuance of any gas permits has been subject to restrictions in the past but were processed here rather than in Pittsburgh.

Fahey Explains Draft Status Of Reserves

P. Emmett Fahey said yesterday that physical examinations shall be postponed for registrants classified available for military service who claim to be members of organized units of reserve components of the armed forces.

All reservists, regardless of Selective Service status, are subject to call to active duty and delays granted certain reservists because of their civilian occupations are the responsibilities of the services concerned, Coordinator Fahey declared.

These policies, he said, were established by the Defense Department and are not functions of the Selective Service System.

Late Selling Clips Stock Market After Early Gain

NEW YORK, Aug. 21 (AP)—Late selling clipped a rising stock market today.

Turnover of 1,840,000 shares compared with 1,780,000 Friday.

The Associated Press average of 60 stocks remained at 79.1. Small gains in the industrial and utility components were balanced by a recession in the rails.

Trading was fairly broad with 1,140 individual issues on the ticker tape. Of these 467 advanced and 414 declined.

New highs for 1950 were touched during the day by a little more than 100 issues. None reached its low for the year.

Rails improved for a while but few managed to hang on to their gains. Santa Fe was up a trifle at 124⅜. Fractions to a point off were N. Y. Central, Pennsylvania, Southern Railway, Chesapeake & Ohio, Union Pacific, and Nickel Plate.

General Motors added more than a point at one time and Chrysler nearly 2. Chrysler at 69½ and GM at 90⅝ each finished ⅝ up.

Lower in the aircraft section were Boeing, Douglas, United and Lockheed.

U. S. Steel touched a new high for the year before finishing with a net loss. Bethlehem, Republic and Youngstown Sheet also slipped.

Coppers in demand included Anaconda, Kennecott, Consolidated Copper Mines, and Phelps Dodge.

Also up were United Corp., Park Utah Mining, Packard Motor, Pepsi-Cola, Radio Corp., and du Pont, the last helped along by a raised dividend.

Losers included Sinclair Oil, Avco Mfg., Sunray Oil, Socony-Vacuum, and Pure Oil.

Matter Of Fact

(Continued from Page 4)

been commiserating with all and sundry about Acheson's "timidity," Johnson has also shrewdly reversed his position. He now talks to Congressmen about a $50 billion defense budget next year, and more than hints that a general war is probably inevitable. Thus Johnson hopes to cover up the tragic failure of his "economy" program.

Johnson also has close connections in the sort of business circles which deeply influence (to put it mildly) men like Brewster and Wherry. Moreover, men of Wherry's stripe are themselves wholly vulnerable. Wherry, for example, as recently documented in this space, has consistently joined Vito Marcantonio in voting the straight Communist line on foreign and strategic issues, which perhaps explains why he places blame for the bloodshed in Korea "on the shoulders of Dean Acheson" rather than on the shoulders of Josef Stalin. Thus for a combination of motives, most of which are exceedingly sordid, we must now expect the deliberate destruction of national unity on American foreign policy, in a time of appalling danger.

New-type burner produces radiant gas heat.

This new-type Iron Fireman unit is a distinct advance in gas burner engineering. It turns non-radiant gas flame into rich radiant heat in the firebox. Home heating is more efficient, more economical. Heat losses of old-style gas burners are cut down, and the heat saved is turned into *extra family* comfort.

We Are STILL installing Iron Fireman Gas Conversion Burners and furnaces

*** Note . . . You do not need a gas permit to replace your old gas burner or furnace with Iron Fireman equipment which will SAVE UP TO 30% of your gas bill. Call us NOW for FREE survey and estimate.**

Order Restricts Gas Heating

More stringent regulations on installation of gas heating units have been announced by the Cumberland and Allegheny Gas Company effective August 15, according to Carl C. Robbins, district manager.

Permits are being granted only in cases of medical hardship or new construction.

Robbins said the reason for the cutback has been the anticipated increase in gas consumption as cold weather approaches. The company must determine by the applications if it has purchased enough gas to serve them all.

Applications for gas units are still being accepted at the office here but all are being sent to Pittsburgh for processing.

Any that are granted will be on a "first come, first served basis. In other words, those on file will be installed first if available.

Issuance of any gas permits has been subject to restrictions in the past but were processed here rather than in Pittsburgh.

Fahey Explains Draft Status Of Reserves

P. Emmett Fahey said yesterday that physical examinations shall be postponed for registrants classified available for military service who claim to be members of organized units of reserve components of the armed forces.

All reservists, regardless of Selective Service status, are subject to call to active duty and delays granted certain reservists because of their civilian occupations are the responsibilities of the services concerned, Coordinator Fahey declared.

These policies, he said, were established by the Defense Department and are not functions of the Selective Service System.

Late Selling Clips Stock Market After Early Gain

NEW YORK, Aug. 21 (AP)—Late selling clipped a rising stock market today.

Turnover of 1,840,000 shares compared with 1,780,000 Friday.

The Associated Press average of 60 stocks remained at 79.1. Small gains in the industrial and utility components were balanced by a recession in the rails.

Trading was fairly broad with 1,140 individual issues on the ticker tape. Of these 467 advanced and 414 declined.

New highs for 1950 were touched during the day by a little more than 100 issues. None reached its low for the year.

Rails improved for a while but few managed to hang on to their gains. Santa Fe was up a trifle at 124⅜. Fractions to a point off were N. Y. Central, Pennsylvania, Southern Railway, Chesapeake & Ohio, Union Pacific, and Nickel Plate.

General Motors added more than a point at one time and Chrysler nearly 2. Chrysler at 69½ and GM at 90⅝ each finished ⅝ up.

Lower in the aircraft section were Boeing, Douglas, United and Lockheed.

U .S. Steel touched a new high for the year before finishing with a net loss. Bethlehem, Republic and Youngstown Sheet also slipped.

Coppers in demand included Anaconda, Kennecott, Consolidated Copper Mines, and Phelps Dodge.

Also up were United Corp., Park Utah Mining, Packard Motor, Pepsi-Cola, Radio Corp., and du Pont, the last helped along by a raised dividend.

Losers included Sinclair Oil, Avco Mfg., Sunray Oil, Socony-Vacuum, and Pure Oil.

Matter Of Fact

(Continued from Page 4)

been commiserating with all and sundry about Acheson's "timidity," Johnson has also shrewdly reversed his position. He now talks to Congressmen about a $50 billion defense budget next year, and more than hints that a general war is probably inevitable. Thus Johnson hopes to cover up the tragic failure of his "economy" program.

Johnson also has close connections in the sort of business circles which deeply influence (to put it mildly) men like Brewster and Wherry. Moreover, men of Wherry's stripe are themselves wholly vulnerable. Wherry, for example, as recently documented in this space, has consistently joined Vito Marcantonio in voting the straight Communist line on foreign and strategic issues, which perhaps explains why he places blame for the bloodshed in Korea "on the shoulders of Dean Acheson" rather than on the shoulders of Josef Stalin. Thus for a combination of motives, most of which are exceedingly sordid, we must now expect the deliberate destruction of national unity on American foreign policy, in a time of appalling danger.

Communists In City May Have To Register

Long Asks Council To Study Suggestion; New Ordinance Cited

Polic and Fire Commissioner John J. Long last night asked the Mayor and Council to consider the possibility of setting up an ordinance to require communists in the city to register.

Long said after the council session that such an ordinance might carry a penalty of a jail sentence for communists failing to register.

"We have the names of some communists in the city," Long told the council. "We know that there has been some hazing of would-be communists in nearby plants."

Long said other cities have already adopted the ordinance plan of registering communists. He recommended that the council study the Mundt-Ferguson bill now pending before Congress, which also would require such registration.

At a dinner Saturday night during the annual state convention of the Amvets here, Long invited the organization to aid the local Police Department in ferreting out the communist element here.

"In a word, out city is bigger than any one man or group, and our civilization is still greater," Long said in a prepared statement.

"Both are imperiled at this moment; our country more than ever before in its history.

"Chief (R. Emmett) Flynn and the Police Department have some information as to who are local communists. It would be helpful as a local protection move to have all Cumberland communists register at the City Hall or receive a jail sentence."

The council took no immediate action on the suggestion.

Business Men Ask Mechanic Street Change

A petition signed by 31 business men of the South Mechanic Street section asking that two-way traffic be restored on that street was submitted to the Mayor and Council last night.

William L. Wilson, Jr., who presented the petition, said the business men asked the city and the Police Department to reconsider last week's ruling changing the street to one-way traffic.

Wilson said the petitioners claim their business is suffering from the change.

The petition was referred to Police and Fire Commissioner John J. Long.

Two applications for licenses to operate parking lots were referred to Chief of Police R. Emmett Flynn for investigation and report.

Applicants are Harry E. Snyder, for a 15-car parking lot at 56 Thomas Street; and O. O. Wilson, for a 40 to 50-car parking lot on Kelly Boulevard.

Leave Approved

The council approved the request of Mrs. Nellie Long, secretary in the Smoke Abatement Department office, for a leave of absence, and appointed James F. Twigg as temporary secretary at a monthly salary of $183.50, effective September 1.

Referred to City Attorney W. Earle Cobey was a letter from Edward J. Ryan notifying the city of damage to property owned by Meyers Christner at 508-512 Virginia Avenue because of a defect in a sewer line in an adjoining alley.

The council tabled for one week a request from the Western Maryland Labor Unity Conference for action to extend rent control in the city from December 31, 1950 to June 30, 1951.

Another letter from the group requested Mayor Post to call a meeting of the Labor-Management-Citizens Committee to fill vacancies on the committee and to have a report on the strike of Machinists Local No. 489 against the Cumberland Steel Company brought before the committee for study and action.

The letter was referred to the mayor.

Letters Filed

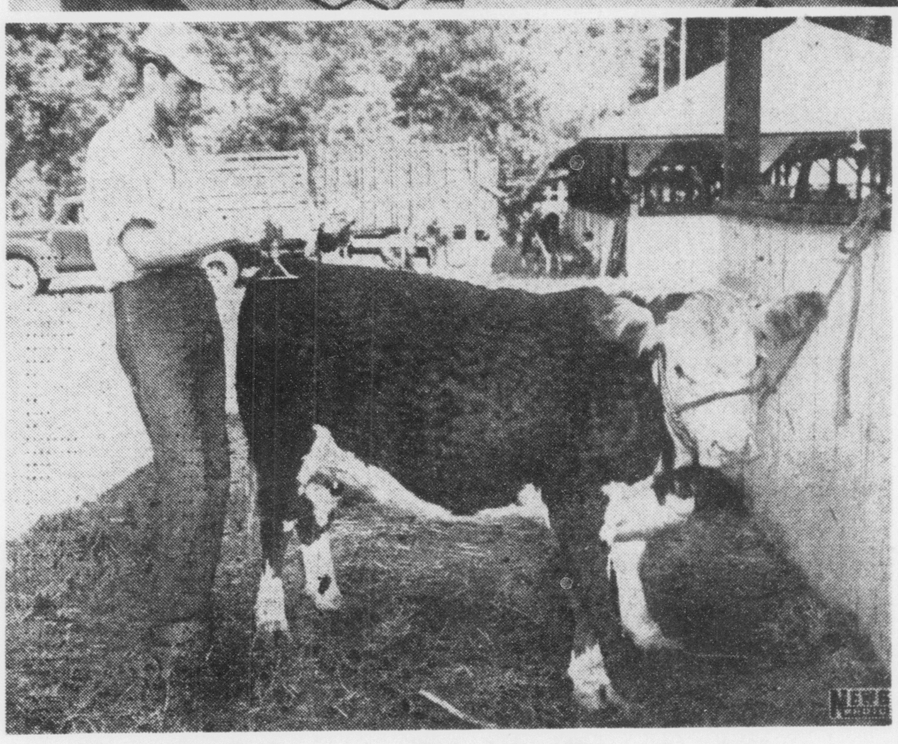
Ordered filed were letters from the Board of Education stating that the old stadium lights have been assigned to Beall High School, Frostburg; and from George W Keller, 206 Park Street, calling attention to the speeding problem on Park Street.

The council turned over to Cobey a letter from William L. Wilson, Jr., notifying the city that Robert Powers, young son of Howard Powers, Trost Avenue Extended, suffered a fractured right arm in a fall while using apparatus at North End Playground in June.

Referred to the city engineer and fire chief was a request from Esso Standard Oil Company to replace a 560-gallon underground storage tank at the C. D. Kenny Company property on Canal Street with a new 2,000-gallon tank.

Cumiskey Returns

Thomas B. Cumiskey, Jr., assistant postmaster, has returned to work after spending two weeks at Fort Meade taking summer training with the 729th Army Postal Unit, of which he is commanding officer.



Fair Exhibitors Ready For Judges

Cumberland Fair exhibitors were busy yesterday at Fairgo getting their entries ready for the judges who will begin their appraisals this morning. In the top pictures, area women register their household exhibits in the large exhibition hall while others wait their turn or just look on. Registrants are (left to right) Mrs. Carrie Shryock, Oldtown; Mrs. Margaret Martz, 520 North Mechanic Street; Mrs. Roy Twigg, Oldtown; her daughter, Vicki Lee Twigg; Carole Wolfhope, 208 Carroll Street, and her mother, Mrs. John Wolfhope. The two registrars are Mrs. Harry Brotemarkle (in the background) and Mrs. Holmes Cessna, clerks for the household department. In the lower picture, a year-old Hereford heifer belonging to Dr. J. H. Knisley, New Paris, Pa., gets a beauty treatment for judging tomorrow. Giving the entrant a new curly "hairdo" with a Scotch comb is George Chick, New Paris.

Blaze Destroys Frame Dwelling

Mt. Savage volunteer firemen were called away from their annual carnival celebration last night but too late to save the burning home of Guy Swearnan, five miles west at Little Tunnel.

Mrs. John Smith said Robert Fadley, who lives near the destroyed two-story frame building, drove a quarter-mile to her home to report the fire and have firemen called.

The Mt. Savage volunteers received their first report at 10 p. m. but said when they arrived at the scene they found only the charred ruins of the six-room dwelling.

The Swearnan family, neighbors said, had gone to visit in Meyersdale early in the afternoon. One daughter, unidentified, was reported attending the carnival celebration, unaware that her home was destroyed.

Firemen said they emptied water tanks of two trucks in an effort to squelch the smouldering embers, but were forced to return to town for a new supply to make sure the embers did not ignite nearby woodlands.

Firemen said the call was answered quickly since most of the firemen were in the immediate vicinity of the fire house assisting with carnival enterprises. Neighbors in fire area said the home was destroyed almost before the firemen were called.

First reports indicated that firemen did not know what started the blaze, but they said the home and everything inside was destroyed. No damage estimate was given.

Mr. and Mrs. Swearnan and four children resided in the home, but were still unaware early this morning that the fire had leveled it.

Mrs. Smith said Fadley apparently noticed the blaze after it broke into full view and then drove to their home—the nearest telephone—to have firemen summoned.

Pay Request Decision May Be Made Soon

Street Department Conference Held

No information has been received to date regarding the pay increase requested recently by hourly paid workers of the Street Department, but the Mayor and Council is expected to reach a decision soon.

This was reported by Street Commissioner Lucille W. Roeder at a recent "lunch hour conference" with Street Department employes at the city warehouse.

Mrs. Roeder also reported that new application forms have been prepared to secure detailed information from applicants seeking Street Department work.

Safety equipment has been ordered for the sewer department and Martin L. Corrigan, street superintendent, plans to order other equipment as recommended in a recent survey made on safety, Mrs. Roeder said.

Authorization was received yesterday from the Civil Service Commission to post application notices on the bulletin board at the city warehouse for the position of power shovel operator. Two men able to operate the shovel are needed.

Ability will be considered as well as seniority, Mrs. Roeder said.

Employes attending the conference asked whether sick leave and vacation benefits can be resumed for men who are back on the job after having been furloughed.

City Attorney W. Earle Cobey is checking the matter and a notice will be posted when the information is received, the commissioner said.

Employes were notified that no warehouse equipment may be loaned to any department within the Street Department without being signed for to insure its return.

Mrs. Roeder also announced that seasonal needs and activities of the Street Department have been set up in a file on a monthly basis, to anticipate demands on the department.

House Authorizes Land For C. And O. Parkway

WASHINGTON, Aug. 21 (AP)—The House today passed a bill to authorize acceptance of additional land for a federal parkway between Great Falls and Cumberland, Md.

The bill now goes to the Senate.

The government owns approximately 184 miles of right-of-way averaging 230 feet in width between the Georgetown section of Washington and Cumberland. This lies along the historic Chesapeake and Ohio Canal.

The bill would authorize the acquisition of enough land to increase the present right-of-way width to an average of 100 acres per mile for the length of the parkway.

No cost to the government is involved.

Valuation Of City Building Permits Totals $922,805

During the last fiscal year, which ended June 30, the city granted 225 building permits representing a total estimated expenditure of $992,805.

This was reported yesterday by City Engineer Ralph L. Rizer in his annual report to the Mayor and Council.

Over half a million dollars was represented in the 111 permits granted for new construction, while 114 permits were issued for additions and improvements with a total valuation of $347,930.

Rizer recommended replacing the wooden deck Cumberland Street bridge with a steel or concrete structure. The bridge is maintained by the Baltimore and Ohio Railroad.

He also recommended renovating and improving the Baltimore Street pedestrian subway.

The report stated that about 2,500 maps are now filed in the Engineering Department vault. It recommended appropriation of sufficient funds to secure steel cabinets.

Three water mains were constructed during the 1949-50 fiscal year, the report stated. A cross-town main was built on Valley Road to the city limits, and other mains were constructed on Michigan Avenue and Myrtle Street.

The Engineering Department granted 77 sewer permits and 35 permits for electrical signs.

Warren and Myrtle Streets were paved with blacktop and parts of Baltimore Avenue, Marion Street, Pennsylvania Avenue, South Street, Avirett Avenue, Louisiana Avenue, Braddock Road and George Street were resurfaced.

Booster Pump Plan Deferred By Council

Station Would Up North End Pressure

Action was deferred last night by the Mayor and Council on a proposal to employ a Baltimore engineer to prepare plans for a proposed booster pumping station in the North End.

Under the order, signed by Water Commissioner George H. Tederick, the city would employ Robert T. Regester at a fee not to exceed $2,000.

The proposed pumping station would be located in the vicinity of Piedmont and Sunbury Avenues, Holland Street and Forrest Avenue.

It would be designed to increase water pressure in that area, according to the order.

Finance Commissioner William H. Buchholtz moved for acceptance of the order but Police and Fire Commissioner John J. Long asked why the work could not be done by the City Engineering Department instead of hiring an outside engineer.

Withdraws Motion

City Engineer Ralph L. Rizer said a survey was made several years ago but the city took no action on the project.

Buchholtz then withdrew his motion for approval and moved that the matter be tabled for one week pending the return of Tederick, who is out of town.

Introduction of several routine orders for refunding overpayments on water rent brought a suggestion from Street Commissioner Lucile W. Roeder that a check list system be set up by the Water Department on water bills.

Mrs. Roeder commented that several orders of that nature come before the council each week and added that time might be saved if a system of checking were used.

Refunds on water bills ordered last night included $46.31 to George and Lynch Company, contractors for the flood control project; and $2.25 to Arthur J. Weber, Jr., 1306 Oldtown Road.

A donation of $200 was ordered paid to the Cumberland Halloween Celebration Committee. This year's celebration is being sponsored by Cumberland Voiture No. 164, Forty and Eight Society. Its request of $500 was tabled last week.

Payment of $6,625 was authorized to the Western Maryland Building and Loan Association for the use of James A. Groves and his wife, Ruth V. Groves, as the balance of payment on property for the flood control project.

John J. Carney was approved as a regular member of the Cumberland Fire Department, having completed a one-year probationary period.

Payment Ordered

The council ordered payment of $102.50 to Mrs. Ethel Talbott in settlement of a claim resulting from a fall she suffered last April on Louisiana Avenue.

A claim of $7 from William R. King, 450 Columbia Street, for damages to his automobile while driving on Holland Street, Extended, on August 3 was referred to City Attorney W. Earle Cobey.

Referred to Mrs. Roeder was a letter from Frank A. Tole, 719 Montgomery Avenue, stating that tree roots are raising concrete blocks in the sidewalk along that street.

The application of Abraham Feldstein for permission to install two 3,000-gallon, one 2,000-gallon and one 500-gallon storage tanks at 116 Wineow Street was granted on the recommendation of Assistant Fire Chief W. L. Lindner.

Injured Youth, Guardian Sue

A Corriganville youth, injured in an accident March 29, and his guardian yesterday filed suits totaling $25,000 against Charles Mulligan and Wilbert T. Crowe.

The plaintiffs, Nobil C. Messenger and his guardian, Anna Virginia Witt, identified Crowe as the driver of a car that struck Messenger on Route 36 at the western limits of Corriganville. They said Mulligan owned the vehicle.

The suits were filed by Paul M. Fletcher and charge that the accident resulted from Crowe's "negligence," but state Mulligan is also responsible since he permitted Crowe to operate the car.

The youth's suit states that he suffered a permanent injury to his vision as well as severe shock to his nervous system. He asks $20,000 damages. His guardian asks $5,000 to cover medical expenses incurred.

Work On First Unit Of Scout Camp To Begin

Scouters Make Tentative Plans

Work on the first unit of the permanent camp for Boy Scouts of Potomac Council should begin within the next two weeks, Willis V. Smith, council executive, said yesterday.

Decision on the first phase of the construction was made Saturday at a meeting of Scouters and Cubbers from the entire council at Camp Potomac, near Oldtown, site of the present and future camps.

The first unit will be a 40 foot by 20 foot storage unit and trading post. The building will be of concrete block to make it as fireproof as possible, Smith said.

The trading post will be located about 150 feet south of existing temporary camp facilities, which will be torn down.

Final arrangements for having the construction done have not been made and it is not possible to estimate the cost yet, Smith added.

To Build Dining Hall

Scouters and Cubbers also voted to begin construction of a combination kitchen and dining hall this fall. The structure will be made of waney-edge siding, giving a hewn-log effect.

The dining hall will be about 70 feet by 20 feet and the kitchen approximately 25 by 30 feet. They will be able to accomodate between 125 and 140 Scouts.

The dining unit will be winterized and used for council training courses and leaders meetings around the year. It will be located about 350 feet west of the present facilities.

Smith said Council members decided to relocate the present camp road which runs down to the swimming and boating area. It will go north as far as the trading post and swing west to the dining hall. An approximately 450 by 300 foot section of ground between will be leveled and used as a play and parade area.

Plan Other Buildings

It is hoped that both buildings will be under roof by winter and available for use during next summer's comping period.

Tentative plans also were made at Saturday's meeting for the location of other camp facilities.

A central shower will be placed somewhere in the vicinity of the main play area and a water works will be built somewhat to the east of the trading.

Potomac Council leaders hope to take advantage of a natural hollow in the campsite for use as an amphitheater. Benches and fireplace areas will be constructed there. It it about 500 feet north of the present camp.

Two all-weather lodges will be built for the accomodation of troops who wish to use the camp in winter. One has been tentatively planned slightly north of the amphitheater and the other about 200 yards east of the camp road.

8 Summer Campsites

Eight summer campsites will be constructed by the time the camp is completed, Smith said. They will be fixed to accomodate troop tents and equipment.

The council executive emphasized that the camp is being built on a year-to-year basis as the need arises. It is thought that it will take care of all Scouts now in the Council and any increase in number expected in the next few years.

There are about 1,400 Scouts and Cubs in the council which includes two counties in Maryland and four in West Virginia.

Officials said the council's drive for $74,000 over a three-year period to finance the construction has reached the $65,000 mark.

In making their decisions, Scouters and Cubbers considered recommendations made by Joseph E. Bishop, New York City, director of the engineering service of the Boy Scouts of America, who surveyed the site recently.

Park Pool Will Be Closed Today

Constitution Park swimming pool will be closed all day today to permit pool personnel to attend a Recreation Department picnic at Great Cacapon State Park.

This was announced by Street Commissioner Lucile W. Roeder, who said that the pool will reopen tomorrow as usual.

A feature of today's picnic, which is being held for all playground leaders and other employes of the Recreation Department, will be a group discussion to evaluate the entire summer program.

City Recreation Director Edmund F. Hoey will be in charge.

Judging, Shrine Parade Slated At Fairgo Today

Cumberland Fair Exhibits Ready

Cumberland Fair activities will get underway in earnest today with exhibit judging and "Ali Ghan Shrine Night" on a crowded schedule.

The first performance of the George Hamid Shows, circus and vaudeville acts, will be given tonight at 8 o'clock before the grandstand.

At 7:30 p. m., all of the marching units of Ali Ghan Temple, sponsor of the Hamid Shows here, will parade before the grandstand. Participating will be the drum corps, flag unit, patrol and band.

Stage show performances will be held every night through Saturday at 8 o'clock and there will be a children's matinee tomorrow at 2:30 p. m.

Judging of "Theme Booths" entered by 25 Allegany County Homemakers clubs will begin at 9 a. m. Other household exhibits and Girls' 4-H Club entries will be judged during the rest of the day.

Judges Named

Judges will be Mrs. Sarah J. Mitchell, Miss Dorothy Emerson, Miss Eleanor Dearborn and Mrs. Robert Hoffman.

The large exhibit hall is filled with entries from all over the county, according to Miss Maude A. Bean, county home demonstration agent. The hall will be open from 11 a. m. to 11 p. m. Wednesday through Friday. Exhibits may be picked up and premiums collected from 9 a. m. to noon Saturday.

Approximately 325 livestock entries have filled every available space in the Fairgo barns, Ralph F. McHenry, county farm agent, said last night.

At 10 o'clock this morning, Fred Downey, Hagerstown, will judge Guernsey dairy cattle. Judgings scheduled at 1 p. m. are Jersey cattle, Charles E. Shaw, Sharpsburg, and Shropshire sheep, Joseph M. Vial, University of Maryland.

Party Planned

At 4 p. m., Holstein cattle will be judged by John Holter, University of Maryland, and Angus Cattle by Vial.

Tomorrow at 4 p. m., Hereford cattle will be judged by Vial and Ayrshires by Holter.

Holter will select the winner among the 19 4-H dairy calves entered in this year's show this morning. The 31 Future Farmers of America hogs will be judged tomorrow morning by Vial.

Miss Bean said the Cumberland Fair Association will entertain the 4-H Boys' and Girls' Clubs at a party Friday from 9 to 12 p. m. at the Jockey Club. The Senior 4-H Clubs of Allegany County will be sponsors.

Boy's 4-H Club members will enter a tractor driving contest Thursday at 2 p. m.

Just about all of the livestock entries had arrived at the fairgrounds last night, McHenry said.

Thirty-three head of Hereford beef cattle have been entered by Loy Tremmier, Centerville, Pa.; Kenneth L. Blackburn, Everett, Pa., and Dr. J. H. Kniseley, New Paris, Pa.

Livestock Entries

W. G. Merrill, Long View Farm, near Burlington, W. Va.; Clyde Bonar, Burlington, and C. A. Miller, Patterson's Creek, W. Va., have entered a total of 30 Angus beef cattle.

Dairy cattle entries include:

Sixty head of Ayrshires entered by Samuel J. Diehl, Bedford, Pa.; William J. Shank and son, Boonsboro, and Mr. and Mrs. Robert Shank, Hagerstown.

Thirty-four Holsteins entered by Jack Remsburg and J. Homer Stine, Jefferson, Md. and C. Renn Remsburg, Middletown, Md.

Twenty-three head of Guernseys entered by Ralph McCauley, Hagerstown, and J. Herbert Snyder, Union Bridge, Md.

Twenty-nine head of Jersey cattle entered by George Stiles, Boonsboro, and S. Braden King, Sharpsburg, Md.

Sheep entries include: twenty-five head of Shropshires and Hampshires by J. J. Shober, Loysburg, Pa., and 12 Shropshires by J. H. Pennell, Loysburg.

Earl and George Lechliter, Gaithersburg, have entered 21 Duroc Jersey hogs.

Local Youth On Wounded List

Pfc. Edward D. Carder, 19, son of Mrs. Martha Hott Timbrook, 218 Glenn Street, has been wounded in Korea, according to word from the Defense Department.

Mrs. Timbrook said she received a telegram Sunday saying he was hurt July 16.

Pfc. Carder entered the Army in December, 1949, his mother said.

A native of Romney, W. Va., Pfc. Carder also was a son of the late James Carder. He completed the Eighth Grade at Fort Ashby, W. Va., Elementary School and was a life guard at Constitution Park Pool for about a year.

A brother, Cecil Carder, was killed in North Africa during World War II. Two other brothers, Wesley and Carl Carder, are in the Navy.

Pfc. Carder also has another brother, Homer Carder, Columbus, S. C., and a sister, Mrs. Virginia Mocke, this city.

Serves As Instructor

M.Sgt. William B. Rogers of the local Organized Reserve Corps office has returned after spending two weeks as summer training instructor at Fort Meade.

Communists In City May Have To Register

Long Asks Council To Study Suggestion; New Ordinance Cited

Polic and Fire Commissioner John J. Long last night asked the Mayor and Council to consider the possibility of setting up an ordinance to require communists in the city to register.

Long said after the council session that such an ordinance might carry a penalty of a jail sentence for communists failing to register.

"We have the names of some communists in the city," Long told the council. "We know that there has been some hazing of would-be communists in nearby plants."

Long said other cities have already adopted the ordinance plan of registering communists. He recommended that the council study the Mundt-Ferguson bill now pending before Congress, which also would require such registration.

At a dinner Saturday night during the annual state convention of the Amvets here, Long invited the organization to aid the local Police Department in ferreting out the communist element here.

"In a word, out city is bigger than any one man or group, and our civilization is still greater," Long said in a prepared statement.

"Both are imperiled at this moment; our country more than ever before in its history.

"Chief (R. Emmett) Flynn and the Police Department have some information as to who are local communists. It would be helpful as a local protection move to have all Cumberland communists register at the City Hall or receive a jail sentence."

The council took no immediate action on the suggestion.

Business Men Ask Mechanic Street Change

A petition signed by 31 business men of the South Mechanic Street section asking that two-way traffic be restored on that street was submitted to the Mayor and Council last night.

William L. Wilson, Jr., who presented the petition, said the business men asked the city and the Police Department to reconsider last week's ruling changing the street to one-way traffic.

Wilson said the petitioners claim their business is suffering from the change.

The petition was referred to Police and Fire Commissioner John J. Long.

Two applications for licenses to operate parking lots were referred to Chief of Police R. Emmett Flynn for investigation and report.

Applicants are Harry E. Snyder, for a 15-car parking lot at 56 Thomas Street; and O. O. Wilson, for a 40 to 50-car parking lot on Kelly Boulevard.

Leave Approved

The council approved the request of Mrs. Nellie Long, secretary in the Smoke Abatement Department office, for a leave of absence, and appointed James F. Twigg as temporary secretary at a monthly salary of $183.50, effective September 1.

Referred to City Attorney W. Earle Cobey was a letter from Edward J. Ryan notifying the city of damage to property owned by Meyers Christner at 508-512 Virginia Avenue because of a defect in a sewer line in an adjoining alley.

The council tabled for one week a request from the Western Maryland Labor Unity Conference for action to extend rent control in the city from December 31, 1950 to June 30, 1951.

Another letter from the group requested Mayor Post to call a meeting of the Labor-Management-Citizens Committee to fill vacancies on the committee and to have a report on the strike of Machinists Local No. 489 against the Cumberland Steel Company brought before the committee for study and action.

The letter was referred to the mayor.

Letters Filed

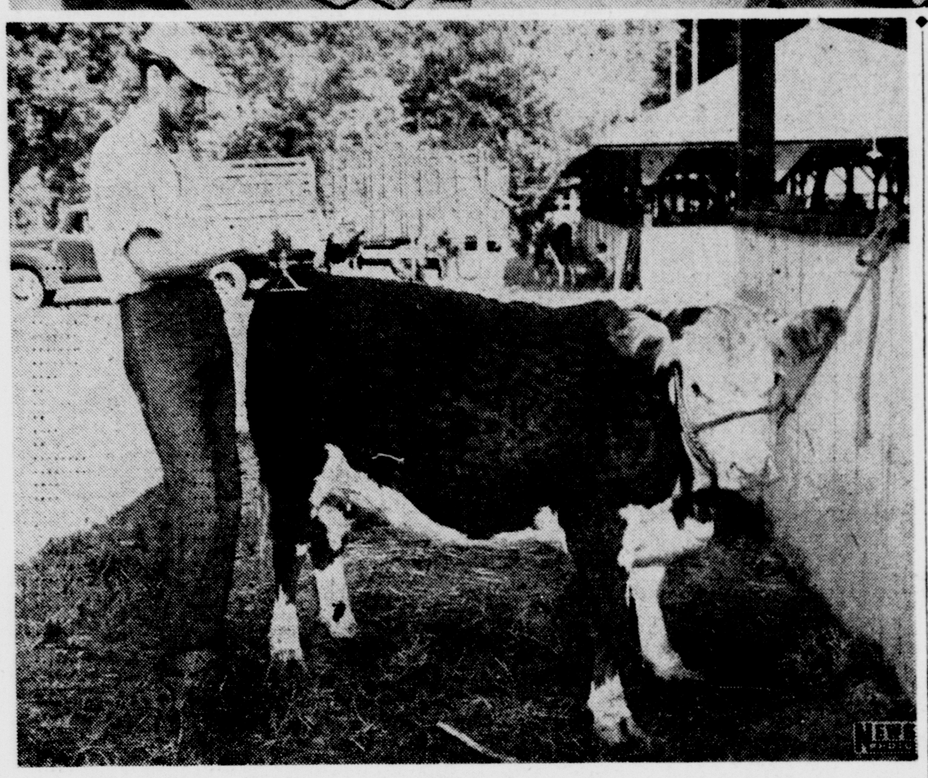
Ordered filed were letters from the Board of Education stating that the old stadium lights have been assigned to Beall High School, Frostburg; and from George W Keller, 206 Park Street, calling attention to the speeding problem on Park Street.

The council turned over to Cobey a letter from William L. Wilson, Jr., notifying the city that Robert Powers, young son of Howard Powers, Trost Avenue Extended, suffered a fractured right arm in a fall while using apparatus at North End Playground in June.

Referred to the city engineer and fire chief was a request from Esso Standard Oil Company to replace a 560-gallon underground storage tank at the C. D. Kenny Company property on Canal Street with a new 2,000-gallon tank.

Cumiskey Returns

Thomas B. Cumiskey, Jr., assistant postmaster, has returned to work after spending two weeks at Fort Meade taking summer training with the 729th Army Postal Unit, of which he is commanding officer.



Fair Exhibitors Ready For Judges

Cumberland Fair exhibitors were busy yesterday at Fairgo getting their entries ready for the judges who will begin their appraisals this morning. In the top pictures, area women register their household exhibits in the large exhibition hall while others wait their turn or just look on. Registrants are (left to right) Mrs. Carrie Shryock, Oldtown; Mrs. Margaret Martz, 520 North Mechanic Street; Mrs. Roy Twigg, Oldtown; her daughter, Vicki Lee Twigg; Carole Wolfhope, 208 Carroll Street, and her mother, Mrs. John Wolfhope. The two registrars are Mrs. Harry Brotemarkle (in the background) and Mrs. Holmes Cessna, clerks for the household department. In the lower picture, a year-old Hereford heifer belonging to Dr. J. H. Blaze Destroys Frame Dwelling

Mt. Savage volunteer firemen were called away from their annual carnival celebration last night but too late to save the burning home of Guy Swearnan, five miles west at Little Tunnel.

Mrs. John Smith said Robert Fadley, who lives near the destroyed two-story frame building, drove a quarter-mile to her home to report the fire and have firemen called.

The Mt. Savage volunteers received their first report at 10 p. m. but said when they arrived at the scene they found only the charred ruins of the six-room dwelling.

The Swearnan family, neighbors said, had gone to visit in Meyersdale early in the afternoon. One daughter, unidentified, was reported attending the carnival celebration, unaware that her home was destroyed.

Firemen said they emptied water tanks of two trucks in an effort to squelch the smouldering embers, but were forced to return to town for a new supply to make sure the embers did not ignite nearby woodlands.

Firemen said the call was answered quickly since most of the firemen were in the immediate vicinity of the fire house assisting with carnival enterprises. Neighbors in fire area said the home was destroyed almost before the firemen were called.

First reports indicated that firemen did not know what started the blaze, but they said the home and everything inside was destroyed. No damage estimate was given.

Mr. and Mrs. Swearnan and four children resided in the home, but were still unaware early this morning that the fire had leveled it.

Mrs. Smith said Fadley apparently noticed the blaze after it broke into full view and then drove to their home—the nearest telephone—to have firemen summoned.

Pay Request Decision May Be Made Soon

Street Department Conference Held

No information has been received to date regarding the pay increase requested recently by hourly paid workers of the Street Department, but the Mayor and Council is expected to reach a decision soon.

This was reported by Street Commissioner Lucille W. Roeder at a recent "lunch hour conference" with Street Department employes at the city warehouse.

Mrs. Roeder also reported that new application forms have been prepared to secure detailed information from applicants seeking Street Department work.

Safety equipment has been ordered for the sewer department and Martin L. Corrigan, street superintendent, plans to order other equipment as recommended in a recent survey made on safety, Mrs. Roeder said.

Authorization was received yesterday from the Civil Service Commission to post application notices on the bulletin board at the city warehouse for the position of power shovel operator. Two men able to operate the shovel are needed.

Ability will be considered as well as seniority, Mrs. Roeder said.

Employes attending the conference asked whether sick leave and vacation benefits can be resumed for men who are back on the job after having been furloughed.

City Attorney W. Earle Cobey is checking the matter and a notice will be posted when the information is received, the commissioner said.

Employes were notified that no warehouse equipment may be loaned to any department within the Street Department without being signed for to insure its return.

Mrs. Roeder also announced that seasonal needs and activities of the Street Department have been set up in a file on a monthly basis, to anticipate demands on the department.

House Authorizes Land For C. And O. Parkway

WASHINGTON, Aug. 21 (AP)—The House today passed a bill to authorize acceptance of additional land for a federal parkway between Great Falls and Cumberland, Md.

The bill now goes to the Senate.

The government owns approximately 184 miles of right-of-way averaging 230 feet in width between the Georgetown section of Washington and Cumberland. This lies along the historic Chesapeake and Ohio Canal.

The bill would authorize the acquisition of enough land to increase the present right-of-way width to an average of 100 acres per mile for the length of the parkway.

No cost to the government is involved.

Valuation Of City Building Permits Totals $922,805

During the last fiscal year, which ended June 30, the city granted 225 building permits representing a total estimated expenditure of $992,805.

This was reported yesterday by City Engineer Ralph L. Rizer in his annual report to the Mayor and Council.

Over half a million dollars was represented in the 111 permits granted for new construction, while 114 permits were issued for additions and improvements with a total valuation of $347,930.

Rizer recommended replacing the wooden deck Cumberland Street bridge with a steel or concrete structure. The bridge is maintained by the Baltimore and Ohio Railroad.

He also recommended renovating and improving the Baltimore Street pedestrian subway.

The report stated that about 2,500 maps are now filed in the Engineering Department vault. It recommended appropriation of sufficient funds to secure steel cabinets.

Three water mains were constructed during the 1949-50 fiscal year, the report stated. A cross-town main was built on Valley Road to the city limits, and other mains were constructed on Michigan Avenue and Myrtle Street.

The Engineering Department granted 77 sewer permits and 35 permits for electrical signs.

Warren and Myrtle Streets were paved with blacktop and parts of Baltimore Avenue, Marion Street, Pennsylvania Avenue, South Street, Avirett Avenue, Louisiana Avenue, Braddock Road and George Street were resurfaced.

Booster Pump Plan Deferred By Council

Station Would Up North End Pressure

Action was deferred last night by the Mayor and Council on a proposal to employ a Baltimore engineer to prepare plans for a proposed booster pumping station in the North End.

Under the order, signed by Water Commissioner George H. Tederick, the city would employ Robert T. Regester at a fee not to exceed $2,000.

The proposed pumping station would be located in the vicinity of Piedmont and Sunbury Avenues, Holland Street and Forrest Avenue.

It would be designed to increase water pressure in that area, according to the order.

Finance Commissioner William H. Buchholtz moved for acceptance of the order but Police and Fire Commissioner John J. Long asked why the work could not be done by the City Engineering Department instead of hiring an outside engineer.

Withdraws Motion

City Engineer Ralph L. Rizer said a survey was made several years ago but the city took no action on the project.

Buchholtz then withdrew his motion for approval and moved that the matter be tabled for one week pending the return of Tederick, who is out of town.

Introduction of several routine orders for refunding overpayments on water rent brought a suggestion from Street Commissioner Lucile W. Roeder that a check list system be set up by the Water Department on water bills.

Mrs. Roeder commented that several orders of that nature come before the council each week and added that time might be saved if a system of checking were used.

Refunds on water bills ordered last night included $46.31 to George and Lynch Company, contractors for the flood control project; and $2.25 to Arthur J. Weber, Jr., 1306 Oldtown Road.

A donation of $200 was ordered paid to the Cumberland Halloween Celebration Committee. This year's celebration is being sponsored by Cumberland Voiture No. 164, Forty and Eight Society. Its request of $500 was tabled last week.

Payment of $6,625 was authorized to the Western Maryland Building and Loan Association for the use of James A. Groves and his wife, Ruth V. Groves, as the balance of payment on property for the flood control project.

John J. Carney was approved as a regular member of the Cumberland Fire Department, having completed a one-year probationary period.

Payment Ordered

The council ordered payment of $102.50 to Mrs. Ethel Talbott in settlement of a claim resulting from a fall she suffered last April on Louisiana Avenue.

A claim of $7 from William R. King, 450 Columbia Street, for damages to his automobile while driving on Holland Street, Extended, on August 3 was referred to City Attorney W. Earle Cobey.

Referred to Mrs. Roeder was a letter from Frank A. Tole, 719 Montgomery Avenue, stating that tree roots are raising concrete blocks in the sidewalk along that street.

The application of Abraham Feldstein for permission to install two 3,000-gallon, one 2,000-gallon and one 500-gallon storage tanks at 116 Wineow Street was granted on the recommendation of Assistant Fire Chief W. L. Lindner.

The Weather

T'was a right chilly 47 degrees yesterday morning at Constitution Park and it looks like the few days of hot weather last week are all citizens are going to get for a while. At Constitution Park, the thermometer didn't quite reach 80, stopping at 78. Downtown it tipped the 80 mark and slid right back down to 79. No rain yesterday and none in sight for today. The Weatherman says some cloudiness with moderate temperatures today. Late night reading was 65.

Work On First Unit Of Scout Camp To Begin

Scouters Make Tentative Plans

Work on the first unit of the permanent camp for Boy Scouts of Potomac Council should begin within the next two weeks, Willis V. Smith, council executive, said yesterday.

Decision on the first phase of the construction was made Saturday at a meeting of Scouters and Cubbers from the entire council at Camp Potomac, near Oldtown, site of the present and future camps.

The first unit will be a 40 foot by 20 foot storage unit and trading post. The building will be of concrete block to make it as fireproof as possible, Smith said.

The trading post will be located about 150 feet south of existing temporary camp facilities, which will be torn down.

Final arrangements for having the construction done have not been made and it is not possible to estimate the cost yet, Smith added.

To Build Dining Hall

Scouters and Cubbers also voted to begin construction of a combination kitchen and dining hall this fall. The structure will be made of waney-edge siding, giving a hewn-log effect.

The dining hall will be about 70 feet by 20 feet and the kitchen approximately 25 by 30 feet. They will be able to accomodate between 125 and 140 Scouts.

The dining unit will be winterized and used for council training courses and leaders meetings around the year. It will be located about 350 feet west of the present facilities.

Smith said Council members decided to relocate the present camp road which runs down to the swimming and boating area. It will go north as far as the trading post and swing west to the dining hall. An approximately 450 by 300 foot section of ground between will be leveled and used as a play and parade area.

Plan Other Buildings

It is hoped that both buildings will be under roof by winter and available for use during next summer's comping period.

Tentative plans also were made at Saturday's meeting for the location of other camp facilities.

A central shower will be placed somewhere in the vicinity of the main play area and a water works will be built somewhat to the east of the trading.

Potomac Council leaders hope to take advantage of a natural hollow in the campsite for use as an amphitheater. Benches and fireplace areas will be constructed there. It it about 500 feet north of the present camp.

Two all-weather lodges will be built for the accomodation of troops who wish to use the camp in winter. One has been tentatively planned slightly north of the amphitheater and the other about 200 yards east of the camp road.

8 Summer Campsites

Eight summer campsites will be constructed by the time the camp is completed, Smith said. They will be fixed to accomodate troop tents and equipment.

The council executive emphasized that the camp is being built on a year-to-year basis as the need arises. It is thought that it will take care of all Scouts now in the Council and any increase in number expected in the next few years.

There are about 1,400 Scouts and Cubs in the council which includes two counties in Maryland and four in West Virginia.

Officials said the council's drive for $74,000 over a three-year period to finance the construction has reached the $65,000 mark.

In making their decisions, Scouters and Cubbers considered recommendations made by Joseph E. Bishop, New York City, director of the engineering service of the Boy Scouts of America, who surveyed the site recently.

Injured Youth, Guardian Sue

A Corriganville youth, injured in an accident March 29, and his guardian yesterday filed suits totaling $25,000 against Charles Mulligan and Wilbert T. Crowe.

The plaintiffs, Nobil C. Messenger and his guardian, Anna Virginia Witt, identified Crowe as the driver of a car that struck Messenger on Route 36 at the western limits of Corriganville. They said Mulligan owned the vehicle.

The suits were filed by Paul M. Fletcher and charge that the accident resulted from Crowe's "negligence," but state Mulligan is also responsible since he permitted Crowe to operate the car.

The youth's suit states that he suffered a permanent injury to his vision as well as severe shock to his nervous system. He asks $20,000 damages. His guardian asks $5,000 to cover medical expenses incurred.

Judging, Shrine Parade Slated At Fairgo Today

Cumberland Fair Exhibits Ready

Cumberland Fair activities will get underway in earnest today with exhibit judging and "Ali Ghan Shrine Night" on a crowded schedule.

The first performance of the George Hamid Shows, circus and vaudeville acts, will be given tonight at 8 o'clock before the grandstand.

At 7:30 p. m., all of the marching units of Ali Ghan Temple, sponsor of the Hamid Shows here, will parade before the grandstand. Participating will be the drum corps, flag unit, patrol and band.

Stage show performances will be held every night through Saturday at 8 o'clock and there will be a children's matinee tomorrow at 2:30 p. m.

Judging of "Theme Booths" entered by 25 Allegany County Homemakers clubs will begin at 9 a. m. Other household exhibits and Girls' 4-H Club entries will be judged during the rest of the day.

Judges Named

Judges will be Mrs. Sarah J. Mitchell, Miss Dorothy Emerson, Miss Eleanor Dearborn and Mrs. Robert Hoffman.

The large exhibit hall is filled with entries from all over the county, according to Miss Maude A. Bean, county home demonstration agent. The hall will be open from 11 a. m. to 11 p. m. Wednesday through Friday. Exhibits may be picked up and premiums collected from 9 a. m. to noon Saturday.

Approximately 325 livestock entries have filled every available space in the Fairgo barns, Ralph P. McHenry, county farm agent, said last night.

At 10 o'clock this morning, Fred Downey, Hagerstown, will judge Guernsey dairy cattle. Judgings scheduled at 1 p. m. are Jersey cattle, Charles E. Shaw, Sharpsburg, and Shropshire sheep, Joseph M. Vial, University of Maryland.

Party Planned

At 4 p. m., Holstein cattle will be judged by John Holter, University of Maryland, and Angus Cattle by Vial.

Tomorrow at 4 p. m., Hereford cattle will be judged by Vial and Ayrshires by Holter.

Holter will select the winner among the 19 4-H dairy calves entered in this year's show this morning. The 31 Future Farmers of America hogs will be judged tomorrow morning by Vial.

Miss Bean said the Cumberland Fair Association will entertain the 4-H Boys' and Girls' Clubs at a party Friday from 9 to 12 p. m. at the Jockey Club. The Senior 4-H Clubs of Allegany County will be sponsors.

Boy's 4-H Club members will enter a tractor driving contest Thursday at 2 p. m.

Just about all of the livestock entries had arrived at the fairgrounds last night, McHenry said.

Thirty-three head of Hereford beef cattle have been entered by Loy Tremmier, Centerville, Pa.; Kenneth L. Blackburn, Everett, Pa., and Dr. J. H. Kniseley, New Paris, Pa.

Livestock Entries

W. G. Merrill, Long View Farm, near Burlington, W. Va.; Clyde Bonar, Burlington, and C. A. Miller, Patterson's Creek, W. Va., have entered a total of 30 Angus beef cattle.

Dairy cattle entries include:

Sixty head of Ayrshires entered by Samuel J. Diehl, Bedford, Pa.; William J. Shank and son, Boonsboro, and Mr. and Mrs. Robert Shank, Hagerstown.

Thirty-four Holsteins entered by Jack Remsburg and J. Homer Stine, Jefferson, Md. and C. Renn Remsburg, Middletown, Md.

Twenty-three head of Guernseys entered by Ralph McCauley, Hagerstown, and J. Herbert Snyder, Union Bridge, Md.

Twenty-nine head of Jersey cattle entered by George Stiles, Boonsboro, and S. Braden King, Sharpsburg, Md.

Sheep entries include: twenty-five head of Shropshires and Hampshires by J. J. Shober, Loysburg, Pa., and 12 Shropshires by J. H. Pennell, Loysburg.

Earl and George Lechliter, Gaithersburg, have entered 21 Duroc Jersey hogs.

Local Youth On Wounded List

Pfc. Edward D. Carder, 19, son of Mrs. Martha Hott Timbrook, 218 Glenn Street, has been wounded in Korea, according to word from the Defense Department.

Mrs. Timbrook said she received a telegram Sunday saying he was hurt July 16.

Pfc. Carder entered the Army in December, 1949, his mother said.

A native of Romney, W. Va., Pfc Carder also was a son of the late James Carder. He completed the Eighth Grade at Fort Ashby, W. Va., Elementary School and was a life guard at Constitution Park Pool for about a year.

A brother, Cecil Carder, was killed in North Africa during World War II. Two other brothers, Wesley and Carl Carder, are in the Navy.

Pfc. Carder also has another brother, Homer Carder, Columbus, S. C., and a sister, Mrs. Virginia Mocke, this city.

Park Pool Will Be Closed Today

Constitution Park swimming pool will be closed all day today to permit pool personnel to attend a Recreation Department picnic at Great Cacapon State Park.

This was announced by Street Commissioner Lucile W. Roeder, who said that the pool will reopen tomorrow as usual.

A feature of today's picnic, which is being held for all playground leaders and other employes of the Recreation Department, will be a group discussion to evaluate the entire summer program.

City Recreation Director Edmund F. Hoey will be in charge.

Serves As Instructor

M.Sgt. William B. Rogers of the local Organized Reserve Corps office has returned after spending two weeks as summer training instructor at Fort Meade.
